Psychological Abstracts

PUBLISHED MONTHLY BY

THE AMERICAN PSYCHOLOGICAL ASSOCIATION, INC.

at Prince and Lemon Sts., Lancaster, Pa. 17604 and

1200 SEVENTEENTH ST., N.W., WASHINGTON, D. C. 20036

$20.00 PER VOLUME ($20.50 FOREIGN) $2.00 PER ISSUE

Second-class postage paid at Lancaster, Pa., and at additional mailing offices.

Business communications are to be addressed to the Washington Office of the American Psychological Association. Correspondence on production and copyright matters is to be directed to the Managing Editor; on advertising and sales, to the Advertising Manager; and on subscriptions and address changes, to the Subscription Office. Changes of address must reach the Subscription Office by the tenth of the month to take effect the following month. Copies undelivered because of address changes will not be replaced; subscribers should notify the post office that they will guarantee second-class forwarding postage. Other claims for undelivered copies must be made within four months of publication.

Subject Index

Ability (see also Ability/Verbal)
academic achievement, & Kuder Preference scores, 753
academic, & achievement & Machiavellian attitudes & test taking strategies, 13521
basic learning, psychoeducational profile, 8046
change & age, adults, 1440
conception of personality & personality measurement, 7714
evaluative, factor analysis, 519
fluid & crystalized types, 524
general, & achievement prediction for college student, 3372
grouping in public schools, 4559
grouping of bright students, 6994
intellectual, & programed instruction performance, 7093
intelligence vs learning, 1551
& intelligence, to learn, 6627
intonation interpretation, schizophrenics, 6861
job performance & attitudes, managers, 11548
junior college vs college student vs noncollege, 5901
& leadership aspiration, 1976
& learning, measurement, 6th grade 11002
level & mean grade point average, in different types of colleges, 4570
mathematical, innate, & education, 8668
measurement trends with special, 33
mental, & occupational interest, measured & correlated, 10493
& motivation in motor performance, 3715
musical, development, measurement, book, 4080
originality & intelligence & academic achievement, 4218
& personality tests & Southeast Asia war, high school students' attitudes, 12261
PhD, & grades, sex differences, married vs non-married, 1552
randomizing characters, college students, 7299
reading level estimation from AQE General Aptitude Index, 9226
reading, & verbal intelligence test performance, 7056
reliability of estimating intellectual, from transcribed interviews, 11150
scaling of musical preferences, retardates, 11435
scholastic, data acceptance & personal adjustment, 10th grade, 5926
& season of birth, 4045
secondary education, & social class, 6566
socioeconomic status, verbal vs spatial-analytic, 12918
student, & programed instruction, 7018
symbolic-evaluation, 181
teacher, & 16 PF test, 10482
untimed test, primary school guidance, 10472
Ability/Verbal
abstracting, schizophrenics, 9045
& aptitude, sex & socioeconomic factors, 7655
articulation defects in children, 7992
childhood, & word association, 428
children & WISC, 1414
cognitive style & 3 tests & validation, Grade 3 & 6, 12763
factor analysis, comprehension tests, 8866
inductive reasoning response time & impulsivity, children, 12152
intelligence test & reading ability, 7056
object denomination & word storage, 7359
& perceived child rearing practices & mathematical ability, college student, 9937
personality measurement, technical school student, England, 1580
& prediction of motor learning, & motor ability, 7301
& space & number ability, & interpersonal correlates, children, 12147
word phrase completion, 7659
& written, & auditory high frequency weakness, 6946
Abnormal Behavior (see also Neurosis, Mental Disorder, Psychosis)
abnormality, 7755
literature, neurosis & psychosis & character disorder, book, 4293
MMPI personality description, 1591
Abnormal Psychology (see also Clinical Psychology)
biometric approach, etiological models, 1618
contemporary, & cultural psychodynamics, book, 6033
normality, clinical & biological & cross-cultural aspects, book, 8892
profession of clinical psychology, book, 6067
psychological deficit, annual review, 5514
psychopathology & research & treatment, text, 6689
Absenteeism
attitude towards enterprise, 1996
classification of causes, industry, 12686
need-oriented individual & goal-oriented organization, 10505
school, attendance officer & treatment, 4579
& sickness in industry, 12638
sickness, & psychological status, Sweden, 540
& worker illness, Europe vs US & Canada, 11542
Absolute Judgment (see Judgment)
Abstract (see Abstraction)
Abstraction (see also Concept, Generalization, Thinking)
anal conflict & defense mechanisms, college students, 11139
& association & recall conceptual organization, 13178
attitude change, conceptual structure & internalization, 7631
color & form, & age, children, 2657
color & form, development in children, 2656
& concept formation, history of research, book, 6291
development, & childhood concept of world, 4050
& generalization processes, schizophrenic, 1817
& gestalt perception & psychoanalysis of artistic vision, book, 601
hearing, ear preference, vs concrete words, 2226
& higher level language performance, retardates, 3322
& language ability & cerebral palsy, 4546
learning, mentally retarded, 10409
learning, process vs reactive schizophrenic, 6885
machine models of intellectual functions, 12768
model, & memory trace & classification, 3524
psychological texts, linguistic transformations, 1536
schizophrenia & chlorpromazine, 1807
schizophrenia & effect of higher verbal input, 643
schizophrenia, interpersonal interaction effect, 6873
schizophrenics' ability & drug therapy, 4468
simplification & psychotherapy research, 2989
& social reinforcement, schizophrenic, 13380
stimulus, & emotionality & response determinants in word association task, 11136
& terminologies in psychoanalytic theory & critical examination, 7827
test adapted for retardates, 9159
verbal abstracting ability, schizophrenics, 9045
verbal behavior, 2433
verbal paired associate learning & concept identification, 2371
verbal paired associate learning, noun, & word order, 7340
Academic Achievement (see Achievement/Academic)
Acceleration (see Gravity)
Acceptance
approval seeking role & physical proximity positioning, 1527
& attitudes toward opposite sex in grades 5 to 8, 8720
childhood, by siblings & peers, & reading ability, 7573
clothing practices, & adolescence, book, 4133
death & prognosis, medical patient, 13395
group, measurement & performance, 1517
guilt arousing communications, of recommendations, 12299
need, attitude change, & choice & reinforcement, 11082
& rejection perceived, stability, retardates, 4551
rejection, & belief-disbelief, 13145
unfavorable test interpretations & approval motive, 980
Accident (see Safety)
Acclimatization (see Adaptation)
Accommodation/Optical
size perception & convergence, 11717
size perception & distance cues, 4816
Acculturation (see also Conformity, Culture)
& mental illness of West Indian immigrant in London, 459
& personality among Japanese-American college students, 5480
personality traits & Rorschach response of Apache, 2752
& school adjustment, Italy, 13527
& semantic differential of American Indian adolescents, 2755
South American tribe, drawings & Rorschach, 6556
syncretism, definition, 13116
Achievement (see also next headings)
anxiety & IQ, adolescent, 2711
& attitude with programed instruction variations, 9205
attitudes & group structure & achievement, 1523
& birth order, 2650
choice determinants & nonachievement, 2432
fantasized, & speech patterns, 4263
gain & birth order & sex, retardates, 12585
intentions & performance level, 4646
low predicted grades & special advising, students, 3255
mathematical & knowledge of results schedule, 1935
nonacademic, assessment questionnaire, college student, 7202

philosophy, essence & existence, 12703
preventive psychiatry, school & community treatment facilities, 12740
schizophrenia, hypertonic, & cerebral arteriosclerosis, 6887
tumor diagnosis with EEG & gamma encephalography, 9137
tumor diagnosis with gamma encephalography, 9138

Brain Lesion
& activity & behavior in maze, rat, 8512
acute lateralized, patient Wechsler-Bellevue responses, 6964
afferent vagal stimulation & cortical & subcortical response patterns, cat, 12949
& alternation maze behavior in rat, 237
amygdala, & avoidance learning, rat, 5040
amygdala, & avoidance response retention & training, rat, 11923
amygdala, & development, rat & cat & monkey, 7402
amygdala, aggressiveness & social dominance, rat, 12948
amygdaloid, & avoidance behavior & visual discrimination, cat, 241
amygdaloid, & flight & defense behavior, cat, 242
amygdaloid, & milk-ejection reflex in rat, 239
anterior temporal lobectomy & epilepsy & intelligence scale performance, 11414
& aphasia, 1889
& aphasia, 1894
avoidance & climbing, turtle, 9676
& avoidance conditioning in rat, 227
& background noise intensity vs bar-pressing response, rat, 8515
brain bisection & simultaneous double discrimination, 5042
brightness discrimination & cues, neodecorticate rats, 2475
cancer, resistance to tumor growth, 6328
caudate nucleus, & perseveration in delayed task, rat, 2477
choice reaction time & stimulus uncertainty, 4528
cingulate cortex & alternation learning & retention, rat, 1152
clinical vs experimental research, 6335
cognitive processes, book, 1166
commisurotomy & stimulation of 1 ear, dog, 8543
conditioned suppression of activity & avoidance, rat, 3837
conditioning in rat, thalamic nuclei, 3826
corpus callosum section, tactile discrimination, monkey, 6324
cortex & superior colliculus & visually guided behavior mediation, cat, 12956
& discrimination learning & reversal, in cat, 240
dorsolateral frontal, & alternation, monkey, 7404
electrical brain stimulation & coagulation, monkey, 8517
extinction resistance of food CR & tactile & auditory CS, 2474
figure-ground differentiation in diagnosis, 9139
focal cerebral vascular, & arterial occlusions, 5041
fornicotomy, ACTH secretion, rat, 5051
frontal lobes, & conditioned emotional response freezing component, rat, 11919
frontal lobotomy & autistic thinking, 6339
frontal, & electrically conditioned responses, cat, 7403
frontal, & spatial delayed response impairment, monkey, 7397
frontal, tactual & visual discrimination learning, monkey, 9670
frontal, visual discrimination & behavior stability, monkey, 9671
fronto-hypothalamic control, & differential inhibition, rabbit, 8510
gyrus, & avoidance behavior, cat, 11918
habenula, & avoidance in rat, 7400
Hamilton search test performance & breed & age, cat, 12016
hemicerebrectomy, & learning, monkey, 5056
hemispherectomy for glioma & psychological impairment, 11921
hemispherectomy, defensive movements & conditioning, dog, 12955
hemispheric differences, language & visual functions, 6338
& higher cortical functions in man, book, 6330
hippocampal ablation & discrimination reversal, monkey, 2480

hippocampal, & maze & passive avoidance learning in rats, 229
hippocampal, & passive avoidance learning, rat, 11915
hippocampal, & strychnine & maze behavior, rat, 11922
hippocampal, delayed alternation, rat, 1158
hippocampal, food deprivation & conditioning, rat, 7401
hippocampal, in rat, & maze learning, 230
hippocampectomy & response perseveration, rat, 1154
hippocampus & EEG, & discrimination learning, cat, 235
hippocampus & neocortex, retention & reinforcement schedule, rat, 9673
hippocampus & response perseveration, rat, 3833
hippocampus, & alimentary motor reflex, cat, 8514
hippocampus, & DRL reinforcement schedule & operant conditioning, rat, 11920
hippocampus, & memory, 11914
hippocampus, & operant conditioning, rat, 5049
human, specific & nonspecific effects, 4292
hypophysectomy, electrocorticogram & vasopressin, cat, 10842
hypothalamic & food intake & intravenous glucose, rabbit, 2473
hypothalamic self stimulation, rat, 11917
hypothalamic, & temperature & radiothyroxine, quail, 6391
hypothalamus & weight regulation, hyperphagic rat, 6327
hypothalamus, & amphetamine suppression of food intake, rat, 6323
hypothalamus, & thermosensitive locomotion, rat, 6336
hypothalamus, shock avoidance & learning, mice, 5054
in hippocampus & EEG, & discrimination learning in cat, 235
inferior colliculi, audiogenic seizure, rat, 10845
inferotemporal & lateral striate, & discrimination, monkey, 6321
infraparietal, higher visual functions, 6329
inhibitory centers in sexual behavior, male rat, 7532
& instrumental conditioning in rat, 224
interhemisphere transfer of motor CR, dog, 5047
interhemispheric cuing systems & neocortical commissures section, monkey, 12951
intermanual stereognostic size discrimination, monkey, 9666
lateral & medial midbrain, & food motivation, rat, 8513
lateralized frontal tumor, & intelligence, 5055
learning & memory & posttrial strychnine & hippocampectomy, rat, 8565
learning deficits & hippocampal, split-brain cat, 243
learning recovery time, rat, 9678
learning synthesis of alternation & escape responses, rat, 9665
leucotomy, anxiety & agoraphobia, 12953
limbic structures, behavioral effects, rat, 12947
limbic system & avoidance conditioning, rat, 6331
limbic system, courtship & mating behavior, rat, 10847
lobectomy, intellectual functioning, 4283
lobotomy, schizophrenics, alternation learning test, 4453
location & verbalization in Parkinsonians, 1157
locus & visual perception speed, 1155
maze learning & preoperative environment, rats, 2476
medial geniculate, & conditioned noise aversion retention, rat, 12952
medial temporal lobe structures & delayed matching, monkey, 1153
median cortex, & sexual behavior, male hamster, 7399
mental disorder, neuroanatomy & limbic system, book, 11194
mesencephalic central gray, & reinforcing brain stimulation, rat, 3828
mesencephalic reticular formation & motivational changes, rat, 225
method, cerebral function analysis, 3838
midbrain & pons, & deep sleep, cat, 6322
& motor alimentary CRs, monkey, 5048
& multiple choice task, frontal lobotomy, in man, 234
neocortex & learning of visual habits, rat, 3831
neocortex, & visual placing behavior, rat, 9664
neocortical, & black-white discrimination habit, rat, 3834
neonatal, & delayed-response learning, cat, 9679
nervous system & senses & emotion & learning & motivation, book, 12939
occipital cortex, & learned brightness discrimination, rat, 3835
olfactory bulbs & radiation detection, rat, 11912
olfactory bulbs, milk reward & learning, cat, 10843
orbital & proreal, & behavior, cat, 3827
Parkinson's disease, bilateral subcortical surgery, 5052
Parkinson's disease, stereotaxic, 3 case histories, 10378
posterior cortex, & early experience, learning, rat, 11924
posterior parietal & frontal, tactile discrimination, monkey, 6325
posterior thalamus, thirst motivation & retention, rat, 9667
precruciate cortex, locomotor conditioning, dog, 6340
prefrontal & motor cortex, & behavior, cat, 9663
prefrontal lobectomy & retention of avoidance reflex, cat, 8516
preoptic, & sexual behavior, male rat, 6481
response perseveration & hippocampal ablation, rat, 10848
retention of brightness discrimination, rat, 7398
reticular formation, & arousal, saccharin & novel stimuli & light, 5053
septal & amygdaloid, & behavior interactions, rat, 3836
septal & amygdaloid, & food-motivated behavior, rat, 9672
septal region & limbic cortex, & emotionality, rat, 9681
septal-limbic area, acquisition & extinction problems, cat, 1163
septal, & chlorpromazine & lever pressing, rat, 8564
septal, & exploratory behavior & emotionality, in rat, 231
septal, avoidance perseveration during extinction, rat, 11916
& sequence task performance, in monkey, 233
sexual behavior, male rat, 11911
spatial alternation & position learning, rat, 9668
split-brain & interhemispheric conditioning, dog, 9669
spreading depression, interhemispheric transfer of avoidance, 9674
striate cortex, monocular acquisition & interocular transfer, rat, 12950
stuttering & cerebral hemisphere dominance, 11393
subcortical, & audiogenic seizures, rat, 9683
subproreal, alimentary conditioning, dog, 6341
superior colliculi & eye movements, monkey, 12954
sympathectomy & avoidance learning in mouse, 244
telencephalon & diencephalon removal, mesencephalon electrical stimulation & locomotion, cat, 12962
temporal lobe, dichotic perception of melodies, 9675
thalamic & limbic, & self-stimulation, rat, 7396
& thiopentobarbital narcosis & photostimulation, rabbit, 3829
& timing behavior, rat, 275
unilateral ablation & position response preference in monkeys, 228
ventromedial hypothalamic lesions & avoidance learning, cat, 10846
& ventromedial nuclei & affective reactions vs satiety, 10844
& verbal & extraverbal components of language, 8511
vestibular nuclei, & REM sleep, cat, 6334
vestibular responses in midbrain & thalamus & basal ganglia, cat, 1174
visual cortex, cat, 1162
visual cortex, depth & pattern discrimination, cat, 9680
visual discrimination habit & decortication & amphetamine, rat, 3824
& visual pattern discrimination in cat, 223
& visually guided behavior, in cat, of colliculus, 238

Brain Stem
focal area, & optokinetic nystagmus disorder, 88
schizophrenia, hyperarousal, reticular formation, 5743

Brain Stimulation (see also Stimulation/Central)
acoustic & electrical, cat, 255
acoustical & electrical, & detection by guinea pig, 12083
adrenal medulla, & phospholipids, 8547
apparatus & cable swivel device, 3598
avoidance learning & figure discrimination, cat, 12961
carbachol, & avoidance conditioning, rat, 8518
caudate & capsular, & cortico-pyramidal reflex, cat & monkey, 3847
cerebellar vermis, & crus I responses, cat, 7413
chemical, cannula system for implanting & injecting, 1169
& chlorpromazine & caffeine & electrical activity, 1227
cholinergic, lateral hypothalamus, water deprivation & learning, 7412
& conditioned induction of paradoxical sleep in rabbit, 245
cortical spreading depression & open field behavior, rat, 3842
cortical spreading depression & habituation of exploration, rat, 8523
cortico-rubral connections of brain somesthetic areas, cat, 8521
& delayed response in monkey, electrical, 250
dorsal midbrain, & septal & hypothalamic self stimulation, rat, 11938
drinking & self stimulation, rat, 11935
ECS & chemical, & memory, rat, 7406
electrical, & coagulation, & delayed response, monkey, 8517
electrical, & conditioned reflexes, monkey, 252
electrical, & eye movements, cat, 2485
electrical, & photic conditioned CR, generalization, 7416
electrical, conditioned fighting & reinforcement schedule, rat, 8526
electrical, focal convulsions, in monkey, 1175
electrical, focal convulsions, in monkey, 1176
escape response transfer, attack behavior, cat, 10953
estrous cycle & self stimulation behavior, rat, 7487
food reinforcement & extinction, rat, 8653
forebrain, electrical, protective & fleeing behavior, pigeon, 8520
geniculate unit response & wavelength & intensity, monkey, 7397
hypnosis in rabbit, electrical, 3846
hypothalamic & discrimination learning, rat, 11933
hypothalamus, cat, attack of rat-like objects, 1172
hypothalamus, self, reinforcement & extinction, rat, 6343
intracerebral electrode therapy & emotional manifestations, organic hyperkinesis patients, 12402
lateral vs medial hypothalamic electrical, & reinforcement, 7419
light evoked responses & personality, 5130
medial forebrain bundle & conditioned reflex behavior, cat, 11932
memory & diisopropyl flurophosphate, rat, 11926
mesencephalic reticular formation responses to peripheral stimuli, cat, 11948
mesencephalon, & locomotion, telencephalon & diencephalon removal, cat, 12962
midbrain reticular formation, atropine, & appetitive response, 7410
motoneuron response in supraspinal brain center, 1149
neurophysiological & behavior, review, 10850
noncontingent septal stimulation & CER, rat, 4012
norepinephrine, hypothalamus, & eating, rat, vs deprivation, 2483

positive & negative reinforcing, pigeon, 7405
potassium chloride & pentylenetetrazol & strychnine, & maze learning, rat, 9682
primary reinforcer, & tone as secondary reinforcer, rat, 4016
recruiting responses & CR, monkey, 2481
reinforcement of delayed response in monkey, 249
reinforcement schedule & discrimination, rat & guinea pig, 10851
reinforcement vs conventional reinforcement, 1178
reinforcement, discrimination learning, rat, 2488
reinforcing, & mesencephalic central gray lesions, rat, 3828
reticular formation, electrical, & metabolism, rabbit, 5033
secondary reinforcement & extinction resistance, rat, 12093
self stimulation & conditioned suppression, rat, 9814
self stimulation & partial reinforcement, rat, 12963
self stimulation, squirrel & rat, 11939
self-stimulation, fixed interval, & bar pressing habit, rat, 1170
self, & tranylcypromine & methamphetamine, rat, 11936
self, chlordiazepoxide & diazepam, rat, 9685
self, electrical, & pulse frequency, rat, 3843
self, hippocampus, rat, 7420
self, intertrial interval & intensity, rat, 9686
self, methamphetamine, rat, 5108
self, rate, & waveform & intensity, rat, 9689
sensory evoked DC responses in cortex, cat, 10849
sensory, & superior colliculus response, rabbit, 5060
septal area, & discrimination reversal, rat, 11931
sleep induction, 254
spreading cortical depression & amnesia, rat, 8524
spreading cortical depression & avoidance retention, rat, 11930
spreading cortical depression & memory trace localization, rat, 11934
spreading depression & habituation transfer, rat, 9684
thalamus reticular formation, atropine, & appetitive response, 7411
transfer of conditioned responses, monkey, 8525
unilateral spreading cortical depression & maze alteration, rat, 11928
vasopressin & adrenal steroids, multiple evoked response at midbrain, rat, 12959
visually evoked potentials amplitude & age, 5064

Brightness (see also Light)
binocular, & complementary functioning of eyes, 11718
changes, intermittency rates & observer criteria, 9491
discrimination learning, & size, mentally retarded children, 10404
discrimination reversal & overlearning, rat, 12056
display symbol legibility, 9493
duration & luminance, exponent, 11729
duration of white light, & loudness of white noise, 12806
EKG galvanometer as light shutter, 11676
eye & brain physiology & visual perception, book, 8326
eye binocular rivalry & contrast at contours & foveae area, 931
flash signal discrimination, bright vs dim, 927
flash signal discrimination, bright vs dim, 930
forgetting, alley, & reward magnitude, rat, 10976
increment threshold, & luminance, 926
individual, functions & loudness cross modality matches, 11685
intermittent & single flash, & luminance, 4830
luminance & size of test vs inducing field, binocular, 943
metacontrast & EEG, 12966
preference, frog, 2598
size & shape perception of target, 7250
stimulus illumination & saccadic eye movement & EEG, 11738
visual perception of stimuli with ramp-like contours, 4825

Brightness Discrimination
brain protein metabolism, rat, 11986
coexistent stimuli, constancy, 4815
color contrast & legibility, 13618
conflict, increasing difficulty, rat, 13030
enhancement, simultaneous vs successive stimuli & adapting field, 9500
index & saturation & hue produced by luminance & wavelength & temporal interactions, 8340

schizoaffective adolescent girl, mental hospital program, 3242
schizophrenia follow-up studies, childhood through adolescence, 12515
schizophrenia, book, 7942
schizophrenic female writer & associations in writings, 9062
schizophrenic reaction, physical examination & misdiagnosis, 5781
schizophrenic recession & H-T-P drawings, 4482
schizophrenic, woman, self image & therapy, 5785
spastic paraplegia & severe mental retardation & delusional ideas, 28 yr old female, 9060
spinal muscular atrophy & Huntington's chorea, 6908
stuttering cure, child, 9065
therapeutic encounter, 6907
therapeutic play group, 6910
therapy by letter for 1 yr after supportive therapy, 5582
therapy of underdeveloped 9 yr old boy, 4481
transitory psychoses follow-up study, children & adolescents, 12498
transvestism & psychosis, 9064
transvestism & testes & body-image formation, 9069
unilateral deafness & spontaneous recovery, 11387
urinary retention, aversive stimulus cessation & assertive training, 12525
writer's cramp induced by false autosuggestion, 5784
Casework (see Social Casework)
Castration
androgen & reactivity individual differences, male rat, 11979
Blacky test & sex differences, 11177
complex intensity & social role, female, 8985
feminine odor response, male cat, 12105
& hypothalamus oxygen uptake, rat, 6333
& mating behavior & copulatory experience, hamster, 377
neonatal, & sex reversibility, male rat, 12112
reality & fantasy, psychoanalytic case history, 10222
testosterone & nortestosterone & running behavior, rat, 3893
Cat
acoustic & electrical stimulation, & emotion centers, 255
acoustic stimuli & cochlear nuclei response, 5059
adaptation & response to water, & rat, 7482
afferent vagal stimulation & cortical & subcortical response patterns & lesions, 12949
afferent visceral systems in cerebral cortex, 11907
aggression & slight reaction representation in hypothalamus, 2489
alcohol & bar pressing suppression, 7436
amygdala lesions & development, & rat & monkey, 7402
amygdaloid lesions in, flight & defense behavior in, 242
amygdaloid lesions, & visual discrimination, 241
amygdaloid lesions, flight & defense behavior, 242

artificial squint, striate cortex response, 2520
associative responses of marginal & suprasylvian gyri, 247
atropine & electrical activity of hippocampus on cerebral cortex, 10919
audiovisual interaction in thalamus, 210
auditory cortex fiber connection with descending brainstem fibers, 11951
auditory cortical neuron response to changing frequency stimuli, 222
auditory differentiation & EEG, & human & rabbit, 12964
auditory discrimination & motor alimentary CR, 6440
auditory evoked responses & motor activity, 286
auditory habituation & acquisition & stimulus predictability, 3966
auditory induced spinal motor responses, 209
auditory nerve fiber discharge patterns, book, 6354
auditory potentials amplitude & habituation, 11946
auditory stimuli presentation rate & evoked potential amplitude, 5063
avoidance conditioning by air blast, apparatus, 5178
avoidance learning & ventromedial hypothalamic lesions, 10846
avoidance learning & figure discrimination & brain stimulation, 12961
avoidance learning, shock intensity & training schedule, 6464
behavior & orbital & proreal lesions, 3827
behavior correlates of evoked activity, association areas, 1193
brain catecholamine depletion & conditioned avoidance, 2535
brain cortex synaptic organization & hunger, rabbit, 13000
brain lesion effect on visually guided behavior, 238
brain lesions, discrimination learning & reversal, 240
brain pontine lesions & deep sleep, 6322
brain temperature & arousal, 211
& bulbar & reticular effects of vago-aortic trunk causing sleep, 267
caudate & capsular stimulation on pyramidal reflex, monkey, 3847
central stimulation & visual cortex EEG in sleep & arousal, 268
cerebellar hypoplasia & developmental behavior & vestibular, 6318
cerebellar vermis stimulation & crus I responses, 7413
cerebral cortex control of somatosensory input, 11902
cerebral cortex in evoked somatosensory activity in cerebellum, 3845
& characteristics of EEG theta activity in thalamus, 257
choline acetylase activity in normal & denervated iris, 7477
click-evoked responses in medial geniculate body, 5058
cochlear potentials & dinitrophenol, 11945
cochlear potentials & dinitrophenol & ear injury, 11949
color discrimination, 10941
conditioned response generalization & evoked potential waveshapes, 9817
conflict & avoidance behavior, & alcohol, 2538
corpus callosum EEG, 6346
cortex & superior colliculus & visually guided behavior mediation, 12956
cortical & subcortical unit activity changes & behavior, 10932
cortico-rubral connections of brain somesthetic areas, 8521
cutaneous afferents organization in semilunar ganglion & spinal tract, 219
cutaneous receptors, primary afferent depolarization, 11955
decerebrate, retinal ganglion cell responses to moving pattern, 1210
defensive conditioned reflex & cardiac control, 6444
delayed alternation learning, vs rabbit, 12011
& diffuse activation waves & desynchronized EEG, 1179
direct current potential changes & EEG & sleep, 10854
early visual deprivation & EEG, 5136
ECS threshold elevation & convulsive process, 7414
EEG & isolated hemicerebrum, 9691
EEG & photically evoked potential by CS, 1185
EEG & threat & escape, 261
EEG & visual cortex responsiveness during sleep & waking, 270
EEG activity & single unit discharges & computer analysis, 7422
EEG during sleep & arousal to various stimuli, 260
EEG of limbic-midbrain circuit & sleep, 6347
EEG steady potential fields & sleep-wakefulness cycle, 10855
EEG, fold of anterior suprasylvian sulcus, 5066
efferent connections of brain parietal area, 218
electric shock & unconditioned responses, 1338
electrical stimulation of hypothalamus & attack of rat objects, 1172
electrocortical responses to light, 204
electrode chronic implantation for auditory cortex mapping, 1177
electrophysiology of cortical projection systems, 9660
electroshock, cortical association responses, 3850
EMG of middle ear muscle during sleep, 97
ERG in visual pathway of hypothermic, 217
escape response transfer from tail shock to brain stimulated attack behavior, 10953
ethyl alcohol & sleep cycle EEG, 8552
evoked responses from auditory cortex, 288
experimental neuroses & positive reinforcement, 12087
experimental neurosis, 347
eye fixation, rotating vs stationary disc, & chimpanzee, 2576
eye movements & electrical stimulation of cerebellum, 2485
frontal lesion & electrically conditioned responses, 7403
glans penis desensitization & seasonal variation in mating, 6477
gyrus lesions & avoidance behavior, 11918
habituation pretraining & escape-avoidance learning, 12071
Hamilton search test performance & age & breed & cortical lesions, 12016
head isolated & perfused with dog blood & EEG, 1192
hippocampal lesions & EEG & discrimination learning, 235
hippocampus lesion & alimentary motor lesion, 8514
hunger & EEG, 12998
hydrocortisone & diencephalon & midbrain activity, 7453
hypophysectomy & electrocorticogram & vasopressin, 10842
hypothalamus electrical stimulation, & stalking & eating, 7415
ileocecal interoceptors stimulation & respiration & heart rate, 7459
infant stimulation & activity & learning, 3943
inferior colliculus neural mechanisms & sound localization, 7431
intelligence, rat & rabbit, 9770
L-DOPA methyl ester on brain catecholamines, 2536
lateral geniculate responsiveness at pre & postsynaptic levels & sleep, 10853
learning comparison in Burmese, & lemurs & rhesus & cebus monkeys, 8626
learning deficits & hippocampal lesions, split-brain, 243
learning reversal shifts, & monkey, 7489
learning set & reversal learning, & monkey, 7493

tactual stimulation & integration of impulse activity, 8540
telencephalon & diencephalon removal, mesencephalon electrical stimulation & locomotion, 12962
temporal avoidance conditioning, & rabbit, 12013
thalamic relay modulation & tongue stimulation, 12969
thalamus, & recruiting response in cortex & reticular formation, 5062
tone discrimination & auditory cortex ablation, 284
vestibular lesions & REM sleep, 6334
vestibular responses in midbrain & thalamus & basal ganglia, 1174
viscerosomatic interactions & orbital cortex, 213
visual cortex & continuous vs intermittent light flash, 1201
visual cortex lesions, 1162
visual cortex neuron spontaneous activity, 5037
visual cortex response to unilateral vs bilateral vision, 2528
visual cortical lesions & depth & pattern discrimination, 9680
& visual cortical projection after partial thalamectomy, 279
visual deprivation & recovery, 2529
visual discrimination & serial bilateral neocortical ablations, 2472
visual discrimination & mathematical learning model, 4720
visual fields in retina mapped, 9702
visual fixation reflex & orientation in pretrigeminal, 2530
visual neocortex lesion & visual cliff preference, & rat, 5046
visual probability learning, 6454
word discrimination, 11956

Categorical Behavior
childhood schizophrenia, sorting & verbalization, 10282
classification & identification thresholds, verbal stimuli, 11870
client statements, & clinical thinking model, 12458
concept identification, transfer, 9638
concept learning, free & constrained learning, 9639
concept organization, labeling, 9640
creativity, engineers & scientists & artists & designers, 12321
development, & rule learning, 4 yr old to college student, 11014
expectation generalization, 12849
free recall of word lists & coding, 9571
free recall, clustering & category name, 9570
immediate recall of words, category name as cue, 12908
inclusion classes & decision making time, 10828
learning of influence hierarchies & cognitive bias, 11800
material goods & market grouping, 10522
mentally retarded boys, 9178
molar probabilities, 1109
movement in counseling dyad, 10352
perceptual & conceptual, & stimulus generalization, 11818
perceptual grouping, visual orientation & shape similarity, 12810
recall of word lists, 9624
stimuli sets & stimulus characteristics & numerical properties, 9644
verbal reaction time, vs specific response, 3722
word assignment to classes, adults & children, 10068
& word meaning acquisition in concept learning, 7373

Cathexis (see Psychoanalytic Interpretation, Affect)

Catholic
aggression, vs Protestant, 1559
American Catholic Psychological Association, 2076
attitude toward Jew & Protestant, & authoritarianism, 471
creativity in children, vs non-Catholic, 6633
Educational Counseling Center, Köln, 1965, 12634
personal growth of candidate & seminarian & priest, book, 1485
priest, existential analysis & therapy, case study, 13255
Protestants on MMPI, 1491
religious factors & institutionalization of retardates, 9179
school & mentally retarded identification & disposition, 13447
seminarian's MMPI score follow-up study, 10122
seminary & nonseminary high school students & maturity, 5276
sister psychological assessment evaluation, 9983

Causation & Causality
false criteria, in delinquency research, 6824
head injury vs posterior rhythm, 8535
perception & subject preparation, 1108
stagefright, analysis & treatment, 1685

Central Nervous System (see Nervous System/Central)

Cerebral Cortex (see also Brain, Visual Cortex, Auditory Cortex)
activity study with solid angle EEG, 265
afferent vagal stimulation & subcortical response patterns & lesions, 12949
afferent visceral systems, cat, 11907
alcoholism & verbal & nonverbal hallucinations, 6812
allobarbital, & blood pulsation & oxygen, rabbit, 3903
behavior correlates of evoked activity, association areas, cat, 1193
blood supply & morbid coilings of carotid arteries & surgery, 5117
brain weight vs environmental complexity & AChE, rat, 1151
calcium, & dietary calcium, & learning & retention, rat, 7441
catatonic schizophrenia, signalling systems disorders, 6865
catatonic schizophrenia, 1st & 2nd signalling systems, 6872
closed brain traumata, verbal & motor inhibition, 6841
closed brain traumata, active & passive inhibition, 6842
commissurotomy effects in man & monkey, 226
conditioning & alimentary center rhythmical activity, dog, 8508
control of somatosensory input, cat, 11902
cortical & subcortical unit activity changes & behavior conditioning, cat, 10932
diffuse activation waves & desynchronized EEG in cat, 1179
direct cortical response characteristics, rats, 3857
dysfunction in children & need for clarification, 11408
dysfunctions & Minnesota Percepto-Diagnostic Test usefulness, children, 11290
EEG & food CS to auditory & light stimuli in dog, 1187
EEG activity & unit discharges & computer analysis, cat, 7422
EEG, area interaction during conditioning, dog, 2496
EEG, fold of anterior suprasylvian sulcus, cat, 5066
EEG, in aged, 91–125 yr olds, 8734
electrical activity of hippocampus, & atropine, cat, 10919
electrical stimulation, alternation performance, monkey, 2487
electroconvulsive shock & temporary verbal memory disruption, 1171
electroshock, association responses & sensory projection, cat, 3850
evoked somatosensory activity in cerebellum, cat, 3845
excitability in second signal systems of connection, 1194
functional state change & defensive conditioning of dog & rabbit, 1312
higher functions in man, book, 6330
immaturity & developmental dyslexia, 13426
& ipsilateral eye-hand use, split-brain monkey, 276
isolation of synaptic membranes, rat, 7391
lactate & pyruvate extraction, human, 1138
lesion, posterior, early experience & learning, rat, 11924
neurons synaptic activity & spike potential in kitten, 1168
obsessive-compulsive neurosis & asthenia, 6839
optic projections to nonvisual cortex, cat, 9658
orbital & anterior marginal gyri & viscerosomatic interactions, 213
paranoid schizophrenia, delusional pathodynamic structure, 6857
paranoid schizophrenia, & subcortical structure, 6870
paranoid schizophrenia & delusion, 6876
penicillin focus & primary & direct cortical response, rat, 3891
psychopathology, connection forming function, 6835
radiation, excitation & inhibition, 5119
recruiting response, thalamus stimulation, cat, 5062
schizophrenic speech disorders, signalling systems, 6888
sensory-motor & evoked response EEG, 1190
serial bilateral ablations & visual discrimination, cat, 2472
statistical analysis of impulse activity, rabbit, 8216
striate, artificial squint, cat, 2520
temperature, & arousal, cat, 211
theta activity in curarized waking cats, in thalamus, 257
vascular lesion & arterial occlusions, 5041
& visceral processes, peptic ulcer, book, 11904
visual & motor analyzers, catatonic schizophrenia, 6867
visually evoked & perceptual masking, 1200

Cerebral Palsy (see also Physical Handicap)
& body image & Draw-A-Man Test, children, 6965
childhood, learning & personality, book, 10391
children entering school, organic & emotional problems, 9145
children, preschool program, 1958
diagnosis & treatment & adjustment, book, 8007
diazepam therapy, 4547
emotional disturbance after surgery, children, 1900
employment interview behavior, adult, 4544
family member & sibling reactions & maternal attitudes, 5862
intellectual development in children, 701
intellectual functioning of spastic, 8010
language measures, & mental retardates, 5860
language, children, region & sex differences, 1899
mental retardation, & speech disorders & learning & rehabilitation, book, 12573
& mother-child interactions, 10392
objective mental imagery type test, 707
Peabody Picture Vocabulary Test & sound discrimination, 4546
& perception, 1896
personality & success of teacher of handicapped, 775
prevention & treatment research, 13432
reading speed vs comprehension levels, eye movements, adults, 13431
social position, school for physically handicapped children, 13433
sources of help, college students, 8006
speech disorders, review, 9120
speech therapy, children, 1878
speed defects & manipulated auditory feedback, 10375
sucking & swallowing development, infant, 4541
visually steered gross motor development program, 1898
vocabulary of use & of understanding, children & adolescents, 10390

Certification
developmental training, 704

& sound discrimination test, & mentally retarded & brain damaged, 702
& sound discrimination test, & mentally retarded & brain damaged, 703
visual distractibility, 705

Character
adolescence, decision making, & religion, 12187
behavior disorders, treatment in military, 3107
characterology, introversion-extraversion, book, 7537
characterology, object vs subject psyche, book, 4210
counseling unmarried parents, 7967
cultural exclusion, cross-cultural study, & mental health, 5307
dependent infantile, confrontation technique treatment, 3025
disorders & psychiatric treatment, 11296
group therapy & severe, disorders, women, 8936
oral stage & development, & psychoanalytic interpretation, 1735
schizophrenia, 4449
structure & maladjusted emotional reactions & genetic evolution, 13342
symptom formation & psychoanalytic interpretation, 1720

Cheating
attitude scale, 2126
deception ability & social comparison, delinquents, 8824
unethical academic behavior in high school & college, 7045

Check-List (see also Inventory)
ACL adjectives & CPI scales, 4245
adjective, & secular trends, 13203
adjective, of children, by mothers, 6645
behavior, for boys, Pittsburgh Adjustment Survey Scales, 3560
diagnosis, hyperkinetic child, 7856
individual differences in adjective, scores & genetics & environment, 10901
Mooney Problem Check List, student psychiatric patients, 4501
Mooney Problem Check List, Chilean adolescents, 11035
Mooney Problem Check List & anxiety, college students, 12346
Multiple Affect Adjective, & Self-Disclosure Inventory, 895
Symptom Check List test-retest stability, 7209
symptom, & mental & clinical status scales, 13228
14 brief depression adjective, & reliability & validity, 11291

Chemical & Chemistry
acetylcholine, brain, & sleep deprivation, rat, 12995
acid taste intensity & illumination levels, 11754
amino acids & metabolism, EEG & behavior, 5088
& biology, nucleic acid, & learning & genetics & behavior, book, 11896
carbon dioxide & retrograde amnesia, rat, 11962
chemoreception in worm, approach-avoidance, 1196
cholinesterase & acetylcholin, schizophrenia stages, 12511
dietary & cerebral calcium, & learning & retention, rat, 7441
dural KCl & nictitating membrane response conditioning, rabbit, 9710
enzyme induction in psychosomatic disorder, 5772
histamine brain content, bulbocapnine induced catalepsy, rat, 5083
hypothesis of affective disorders, 3232
N,N-dimethylserotonin in schizophrenic vs normals, 6880
& neurological basis of behavior, book, 6313
phenylketonuria, & water maze performance, rat, 7442
pineal & submaxillary glands, noradrenaline content control, rat, 5091
pineal gland, noradrenaline & dopamine content, rat, 5089
potassium chloride & brain spreading depression & avoidance learning, rat, 11958
productive creativity vs psychology & personality, 852
research chemist personality characteristics, Q-sort, 5959
research chemist productivity, age & experience, 13590
schizophrenia, & genetics & diagnosis & treatment, book, 6868
senses & nervous system & learning & brain lesions & motivation, book, 12939
sodium & potassium ion & sympathetic nerve ending norepinephrine storage, 12942
sodium & saccharin solution preferences, rat, 10893
sodium appetite & blood volume & tonicity, rat, 11985
stimulation of lateral geniculate body in thalamectomized cat, 279
stimuli & prey attack response, snake, 3945
urination content during sleep, urology patients, 5087
vasopressin & adrenal steroids, & midbrain multiple evoked response, rat, 12959

Chicken
activity differences, & rabbit & hamster & guinea pig, 3924
antibodies affecting erythrocyte metabolism, 6364
attraction to rough vs smooth objects, chick, 10922
auditory stimuli imprinting, 6418
cardiac rate & vocal activity, newly hatched, 7475
depth perception & blur, 1264
distress calling in chick, & isolation, 328
early experience & exogenous androgen & fear of unfamiliar object, 8567
eating & social interaction, 4034
EEG depression on temporary connection, embryo, 3858
following response & social experience, 6420
food quantity available & intake, 3952
imprinting & drug induced immobilization, 8562
imprinting & perceptual learning, 7481
imprinting recency & primacy, 1277
imprinting, distribution of practice, chick, 9781
incubation temperature & color preference, 3937
intermember pecking & food accessibility, 3953
learning set formation, & other mammals, 9774
learning, handling & pretraining, 3965
light as reinforcement, 7526
mating behavior induced by testosterone brain stimulation, 299
nesting behavior, 1372
operant conditioning in newly hatched, 6442
pattern preference in visual cliff, & rat, 7509
schizophrenic blood, erythrocyte carbohydrate exchange, 8549
social behavior & approach & avoidance conditioning, 13035
social behavior development, & isolation, 4031
social dominance & feeding, cockerel, 4035

Child Guidance (see Guidance/Child)

Child Psychiatry
autoerotic head banging & incomplete maternal stimulation, 13064
child-centered approach to disturbed parent-child relationships, 4319
childrens home, 4305
classification of psychiatric disturbances, 4291
classification, symptoms & factor analysis, 8996
classroom teacher & psychiatric consultation, 13234
clinic data collection, learning problems, 13293
clinic, management methods & data-retrieval system, 12423
clinical team, psychologist's role, 9352
communication & learning & therapeutic process, hospital, 3064
consultation training, general hospital emergency room, 11609
contributions in various settings, 12699
disorders, book, 13355
fathers group therapy & child treatment program, 13272
France, 8191
history, & child psychology, 8152
increase in maladjusted children, 1424
Israel, 9357
Japan, westernization & parent-child relations, 1429
mental retardation as facade, 9165
mental retardation training, & pediatricians, 12720
mental retardation training, physicians, 12726
physical education & recreation in residential treatment, 5588
problems referred to outpatient psychiatric clinics, 7822
psychodrama & costumes, older children, 12433
& psychopharmacologic agents, literature review, 7797
speech & hearing specialties, 7670
& theology & schizophrenia, 6874
training & services & research & administration & prevention, criticism, 13223
training & services & research & administration & prevention, criticism, 13239
training & services & research & administration & prevention, 13243
training in nursery schools & development study, 12725

Child Psychology
Binet's first efforts & intuition & experiment, 12133
childrens home, 4305
history, & child psychiatry, 8152
psychodrama, acting out difficulties, symposium, 12435
social behavior of children, 1456
socialization & development, child viewpoint, 6487

Child Rearing
attitudes & disciplinary fantasies, parents of schizophrenics, 6859
attitudes & dominance & sex role adjustment, parents & children, 11026
attitudes & parent report of child behavior, 1396
attitudes of parents, & child response to social situation, 413
attitudes of parents, & authoritarianism in child, 5266
attitudes toward parents, rural children, 11024
attitudinal & behavioral differences & clinic children, 4094
autonomy & dependency, parent - ehild relations, 1425
Children's Reports of Parental Behavior Inventory, 2704
concept formation & personality at college age, women, 1438
ego development & authoritarianism of mother, 1398
emancipation, book, 12158
environment, orphanage vs institution for retarded, & adjustment, 13077
feeding & elimination training, European, 8671
foster parents, attitudes & social casework, book, 12546
Germany & US, 12116
guide, & recognizing abnormal behavior, book, 1385
Indian & Canadian mothers, 2697
individuality development, 6943
infancy to 1st grade, without guilt, book, 1378

lower-lower socioeconomic class, child development & family patterns, book, 9874
Maryland Parent Attitude Survey, 12165
maternal attitudes & childhood pathology, 9939
maternal, & sensitivity to shame, college male, 10079
maternal, & social class, delay ability & fantasy, 9932
mother participation, upper middle class in India, 4130
mother, patterns, & mental disorder in son, 4091
needs during infancy, book, 1392
parent similarity, & family structure, 437
parental attitudes, & nurturance & modeling behavior, 11025
perceived maternal, & motivation & failure, college student, 13096
perceived, practices & verbal & mathematical ability, college student, 9937
practices & patient care attitudes, student nurses, 7804
rebellion, parental attitude, 13057
recall of parental reward patterns & values, US & foreign college students, 12204
& romantic love, cross-cultural differences, oral & dependence need frustration, 12224
& social class, research difficulties, 2081
test anxiety & mother-child relations, 5th grade boys, 9938
training parents in reinforcement techniques, behavior problems, 9936
Childhood & Children (see also Gifted, Infancy)
abandonment, France, attitudes toward illegitimacy, 2748
academic achievement & month of birth, 4565
academic achievement, Negro vs white, grades 1–8, 6565
accident-proneness & unconscious motives, 12127
accidents, community education program, 10529
achievement motivation & sex & age & social class & intelligence, 13531
activity level, music effect, 1400
activity motivation & genetics, 12131
activity toward peer & peer activity, 13071
adjustment in elementary grades, 12613
affect, France vs US, projective incomplete story test, 4049
aggression & dart throwing therapy, boys, 12398
alienation, & society, & adolescence, book, 6523
alternation, high vs low reactive curiosity, 5262
anguished dream interpretation, 10145
apparent movement, temporal range, 9468
articulation errors & detection from nonspeech motor movements, 12559
attitudes toward parents, rural, 11024
autism etiology, case history, 12531
autism, clinical evaluating scale, 12457
autistic, catamnestic research & Rorschach data, 8874
battered-child syndrome & therapy, 3162
behavior & parental attitudes, 6521
behavior diagnostic inventory, 1583
behavior patterns in children's books, book, 7554
birth order & neurological & behavior problems & parental attitude, 10996
brain damage & intellectual development, 10388
brain damage & learning, 10384
brain damage & visual perception of geometric figures, 4537
brain damage diagnosis by graphical test, 4536
brain damaged & disturbed, learning facilities, 3389
case of inactivity, & teacher reinforcement, 9059
cerebral dysfunctions & Minnesota Percepto-Diagnostic Test usefulness, 11290
characteristics of socially disadvantaged, 5312
choice behavior, & novelty, preschool, 399
chronic hoarseness in speech, 11389
chronically alcoholic parents, 6809
classification of nonpsychotic maladjusted, 7752
competence motivation in interrupted task recall, 2265
conforming behavior, sex & birth order, 5225
congenital hypothyroidism, therapy & mental ability, 3298
creativity & intelligence, 11156
culturally disadvantaged, attitude toward achievement, 3361
curiosity & parental attitudes, 12161
decision making & dominance, 2664
deductive thinking, 8 yr old, 12153
diabetes, & family relations, 6939
diabetic, & intelligence, 5450
disadvantaged, & minority groups, elementary & secondary education, book, 11469
disadvantaged, academic aptitude & reading test scores, 5943
disadvantaged, urban, teaching attitude & method, book, 11465
dissonance reduction & prominence of associated stimuli, 6502
divergent thinking & playfulness, kindergarten, 5252
drawing as communication mode, 5232
drug therapy, evaluation methodology, 13291
early recollections as basis for diagnosis, 3104
eczema, emotional complications, 10158
EEG examination problems & hypnosis, 10149
electroencephalography, 6351
English speaking nursery school, India, 7042
epilepsy clinical descriptions & heredity & personality, 10389
experience & vocational choice, 4631
experience memories & anomie in adults & college students, 9623
family pattern change & status of women, 1384
family patterns & adult schizophrenia, 655
& family, development & mental health, 4090
father absence, & adult antisocial behavior, male, 4059
fear & loss & deprivation, psychoanalytic view, book, 6793
feminine toy avoidance & adult influence, boys, 13084
foster, & adjustment in adulthood, 4110
genetics & abnormalities, 6399
group therapy & preadolescent girls, 4336
GSR & motor behavior & maternal authoritarianism, 4093
guilt severity & identification intensity, Kibbutz vs non-Kibbutz Israeli, 9971
hemophiliac, defensive & adaptational behavior, 9763
& hospital, 4354
hospital adjustment, 8970
hyperkinetic, diagnosis, checklist, 7856
hypnotizability vs sex & Children's Hypnotic Susceptibility Scale, 4860
hypnotizability, intelligence & role playing, 2665
illness & surgery, psychoanalytic view, book, 6495
India, rural district, family structure, 2737
influence & role & function of mother of asthmatic child, 4092
inhibition & Rorschach human movement responses, 4256
judgments & social influence, 7558

& drugs, 4678
ethanol effect on growth & liver of mouse, 290
ethanol tolerance & preference, inbred strains of mice, 10878
F-1983 & amphetamine & fatigue, 2548
Flaxedil, immobilization, & imprinting, chicken, 8562
fluphenazine enanthate, tranquilizer, 5602
formalin & sodium appetite, rat, 2547
general drug estimation scale development, 4754
glutamic acid & cognitive behavior, 8566
hallucinogen behavioral & therapeutic, 6368
haloperidol & DA metabolism, schizophrenics, 2542
hemo-respiratory retention, 3896
hypothalamus application & hunger & thirst, rat, 3886
imipramine & neuropathological change & age, guinea pig, 6380
imipramine, new metabolites, 6372
infused catecholamines & affect states, 10883
insulin coma & potentiation by saccharin, rat, 1224
insulin tolerance in mentally retarded psychotic children, 9175
& learned shock avoidance behavior, dog, 3899
lever pressing, past experience modification, hooded rat, 2551
levo-tryptophan & sleep cycle, 9732
LSD & placebo, unexpected reaction, 1235
LSD dangers & 70 cases, 10881
LSD induced mental age regression, 9729
LSD-25 vs methysegide, fish, 5097
magnesium pemoline & ECS, memory enhancement, rat, 12980
magnesium pemoline & learning & memory, rat, 11965
marihuana & fighting behavior, mouse, 6384
Medomin & achievement test performance, 9722
memory & learning & posttrial strychnine & hippocampectomy, rat, 8565
memory & learning capacity of geriatric patients, 6285
meprobamate, & sleep & dreaming, & EEG, 294
methamphetamine & self brain stimulation, rat, 5108
methionine & tryptophan, schizophrenia, 3189
methionine sulfoximine & auditory stimulation, cat & rat, 9737
methodological problems, tranquilizer & neuroleptic & sedative, 5100
methylphenidate & stimulus control of ratio avoidance behavior, rat, 10959
Metrazol & operant response rates, rat, 11970
metrazol, operant response rate, rat, 9726
Mogadon, sleeping pill, & dreaming, 966
monomethylhydrazine injections & performance, monkey, 5110
motor performance & methamphetamine & pentobarbital, 3907
narcolepsy, levo-tryptophan, 9721
neurotropic, & behavior, cockroach, 12004
nicotine & cat sleep cycle & central nervous system, 1230
nicotine, escape-avoidance learning, rat, 12974
nitrons oxide, immediate recall, 1226
nonsense syllable learning & personality, 5106
norepinephrine & aggressive display, Siamese fighting fish, 9730
nortriptyline & avoidance behavior, rat, 9733
orthonal & EEG & central nervous system, cat, 3908
papaverine, & thiphene & dibazol & reticular formation, 3902
penicillin focus & primary & direct cortical response, rat, 3891
pentobarbital & chlorpromazine & escape behavior, mice, 11969
pentobarbital, discrimination reversal, rat, 11972
pentylenetetrazol & memory, mouse, 6431
pentylenetetrazol & methylphenoxypropane & learning, rat, 7445
perazine, butabarbital, chlordiazepoxid on mouse, 1233
& performance, & information theory concepts, 292
personality type influence on diazepam drug response, 7798
pheniprazine & visual imagery in perceptual deprivation, 10667
phenothiazine & phenobarbital & verbal conditioning in schizophrenic, 1830
phenothiazine withdrawal, 1236
phenylketonuria & behavioral test comparison, rat, 12070
physostigmine & discrimination learning, cat & rat, 10952
piperazine & severe psychological reaction, adolescent, 10879
piperidyl benzilate & hallucinatory fantasy & dreams, 10724
& placebo in psychological research, 8559
placebo reactors identification by personality test, 48
primary suggestibility & psychotomimetic drugs, 3906
prolactin & progesterone in dove, 301
prolactin & progestine in dove, 300
psilocybin & after-image perception, 2550
psilocybin & LSD & mescaline & physiological nystagmus, 9724
psilocybin syndrome & schizophrenia similarity, 6377
psilocybin, & vision, normals vs visual system lesion patients, 12978
psychedelic experiences & acute psychoses, 12365
psychedelic, & general semantics, 6603
psychedelic, & meaning, 6381
psychedelic, & semantic restraints, 6602
psychoactive drugs & conditioned pole jumping, rat, 3885
psychoanaleptics & time estimation, 3889
psychoneuroleptic & analeptic & pysleptic, review, 3898
psychotropic, conditioned avoidance & aggression, mouse, 6371
psychotropic, tryptamines, rat, 11977
PTU & convulsant barbiturate & thyroid feeding in mouse, 2557
reactions, in rat & rabbit, of pentholamine & procaine, 297
recovery from prolonged barbiturate sleep, rat, 7446
renal hypertonia, & cholinesterase, dog, 3901
research methodology, psychiatric, tranquilizers, 11968
reserpine & vasomotor system, man, 12981
reserpine, ganglion transmission, cat, 3892
ribonuclease, discrimination & avoidance learning, rat, 6365
RNA & DNA, learning, rat, 9715
RNA from trained rat, on rat learning, 1299
schizophrenia, responsiveness, hyperarousal, 5743
scopolamine & cortical spreading depression, activity, rat, 6332

scopolamine & operant avoidance acquisition & retention, rat, 9728
scopolamine & passive avoidance, rat, 2555
scopolamine & spontaneous alternation, rat, 5096
scopolamine, rat, stimulus familiarity, 1229
sedation threshold & spiral aftereffect, psychotics, 6845
sedatives, intoxication & dependence, 8557
Sernyl, Rorschach & EEG, 5604
serotonin derivatives & conditioned behavior, rat, 3890

servoanalysis, vs response rate, pigeon, 10936

Ego (see also next headings, Self)
academic achievement & adaptive, high school, 1946
activity or skill vs sublimation, 8989
adaptive functioning & TAT assessment, 7742
adolescent murderer, development, 1788
altered body, experiences & regression & perception & early development, 8995
autonomy & perceptual isolation, 4851
breast cancer, regression, case history, 5783
centrism in institutionalized & noninstitutionalized children, 5716
clinical psychology research, development in psychological theory, 8890
color in personality assessment, projective techniques & dreams, 5462
core & boundaries, & creative imagination, 532
defense & coping mechanisms & family environment, 11028
defenses & transference in group psychotherapy, 6730
depersonalization & analysis of episodes of borderline patient, 7848
development & body image, 1748
development & learning & mother relationship, 0–4 yr olds, 13055
development & nightmares & conflict, children, 5640
dreams & creative process, 10224
early development & infant feeding behavior, 1387
evolution & ethics, book, 1464
evolution & guilt in incontinence therapy, 3035
exhibitionism, sexual & aggressive conflict, 5715
factor analysis, & delinquency, 536
function & alcoholism, 3118
functions & dreaming during sleep onset, 4857
functions, conflict-free, development, 3011
gymnastics & living as dialogue with external reality, 8912
ideal & superego & sex differences, 11278
ideal, evaluation of own action, & self concept, 1541
ideals, guilt & inferiority & time perspective, 5648
IES Test, & impulse & superego, 12354
integrated, alcoholic under experimental intoxication, 5676
intelligence &, changes in with age, 1554
liberty, body & clinical psychiatry & existential vs empirical science, 12376
observations of deviational ego disturbed children, 4430
parent-child incest & trauma, child, 13101
premature ego development, case history & longitudinal study, 13407
psychotherapist as ego ideal & transference, children adolescence, 12389
recovery of early memories, 1739
schizophrenic, diverse aspects, 653
& self & life attitude, 11143
structure & Rorschach & Binet-Simon tests, children, 5255
supportive social casework, & reality testing, 9104
symbolic structuralization of human mind, 7834
therapy, resistance, 10172
threat, & equivalence range, psychotherapy, 13253
West African, oral personality, 5645

Ego Identity
adolescent boys, & parents, 5278
college student, commitment to ideology, 7584
counseling unmarried parents, 7967
high school adolescents, 6524
& racial preference among white & Bantu children, 9979

Ego Psychology
psychoanalysis, 10223
supportive therapy, 13254
& technical implications, 7825

Ego Strength
concept & professional disagreement, 2864
& conformity, repressive, & group pressure, 10025
control patterns, pregnant women, attribution of hostility, 2944
coronary artery disease & personality, middle-aged men, 9761
delinquent vs mentally disturbed adolescent, & impulse control, 2133
Freud's & newer viewpoints, 12455
measures, relationships among, 1567
role identification & rod-and-frame test & sex difference, 2927
sex differences & sex role, college student, 5476
suppression & anxiety & impulse expression, 11166

Electrical Activity (see also Potential/Evoked)
atropine, of hippocampus on cerebral cortex, cat, 10919
biopotential signals & task difficulty, 2563
brain stimulation, photic conditioned CR, 7416
classical conditioning, mormyrids, 2611
cold vs calcium lack on neuron soma electrical response, 11906
cortex of large hemispheres & chlorpromazine & caffeine, 1227
cortex to light in kitten, 204
discharge frequency & diurnal variation, gymnotid electric fish, 12024
evoked cortical response & vigilance, 4891
organ discharge frequency, electric fish, 9767
phasic sleep, pontogeniculo-occipital, & visual deafferentation, 253
& photic stimulation of flatworm, 8612
& short term memory, epileptic patients, 11835

Electrocardiogram
fear conditioning, dog, 9836
galvanometer as light shutter, 11676
nursing baby's & mother's, & EMG, 11899
stress, prolonged automobile driving, 11981
telemetry technique, dog, routine & test environments, 2153
visual vigilance & EEG & GSR & muscle vibrations, 11898

Electroconvulsive Shock
& amnesic effects of ether, mice, 7529
audiogenic seizure development, & age, mice, 2578
avoidance conditioning, avoiders & nonavoiders, rat, 8611
avoidance conditioning, constant current intensities, rat, 8632
avoidance conditioning, constant current intensities, rat, 8633
avoidance conditioning, intensity, rat, 9838
avoidance learning in rat, 1330
avoidance, & fear, inhibition & facilitation, rat, 7515
capillary permeability & hemodynamical processes, rat, 6342
& carbon dioxide retrograde amnesia, rat & mice, 12034
chronic, brain physiology & behavior, rat, 3848
& clinical factors in depression, 586
& conditioned avoidance & place of recovery, rat, 4004
conditioned emotional & avoidance response, rat, 5201
conditioned emotional response, rat, 6344
& cortical association responses & sensory projections, cat, 3850
curare & cardiac response, dog, 9717
depression therapy, 4340
EEG, & auditory stimulation, attention, 2504
emotional dissociation & avoidance response, 1332
escape acquisition & extinction, intensity, & escape duration, rat, 13039
& foot shock intensity, passive avoidance learning, rat, 6459
& grid shock & open field behavior, rat, 9793
GSR & escape threshold, strain & sex differences, mouse, 9654
GSR conditioning, intensity judgment, & UCR diminution, 9651
& imipramine & EEG, 6749

imipramine treatment & EEG changes, 2502
inhibition of avoidance response, rat, 4000
& learning, depressives, book, 13343
& magnesium pemoline, memory enhancement, rat, 12980
manic depressive psychosis, vs antidepressant therapy & relapse, 10162
maze learning by performers & observers, 8424
& memory, rat, 6473
methohexital vs thiopentone anesthesia, 13275
midbrain multiple evoked response, vasopressin & adrenal steroids, rat, 12959
multiple monitored, in therapy, 8943
neural consolidation hypothesis vs conditioned inhibition, 9688
pain motivation, choice & justification of shock, 3698
recovery, rat, 1253
reinforcement schedule, conditioned suppression, rat, 13048
resistance to extinction, rat, 2641
retention, following avoidance learning trial, rat, 13036
retention, following avoidance learning trial, rat, 13037
retention, response-shock vs trial-test trial interval, rat, 2599
retroactive facilitation of avoidance learning, rat, 3997
retrograde amnesia & 1 trial learning, rat, 3998
retrograde amnesia long temporal gradient & well discriminated stimulus, mice, 13051
retrograde amnesia, neural consolidation vs conditioned inhibition, 9687
sensory deprivation, preference, rat, 9743
& sham ECS, & extinction, rat, 9798
sleep deprivation & microsleep responses, rat, 2500
somesthesis, rat, 7434
therapy & imipramine & figure-ground reversal, 6740
therapy & succinylcholine, 6746
therapy, & Bender-Gestalt performance, 11227
therapy, & EEG prescreening, psychiatric patients, 10192
therapy, over nondominant hemisphere, & memory, 3046
threshold & paradoxical phase sleep deprivation, rat, 2252
threshold elevation rate & occurence & convulsive process, cat, 7414
treatment, schizophrenia, & visual perception, 7907
trypan red & blood-brain barrier & response retention, rat, 2484
verbal memory disruption, 1171
visual flash detection, to hand, 2207
& vocalization, & CS, rat, 3948

Electrode
brain stimulation & mating behavior, pigeon, 8519
chronic implantation for auditory neocortex mapping, cat, 1177
forebrain stimulation, protective & fleeing behavior, pigeon, 8520
intracerebral, & emotional manifestations, organic hyperkinesis patients, 12402
multiple implantation in subcortical structures, 2505
permanent, holders from micro-miniature connectors, rat, 8288
self-stimulation in limbic system, duration preference, monkey, 1137
solid state input circuit for neurophysiology, 7223
stereotactic implantation, wire-bridge, small animals, 3849

Electrodermal Response (see Galvanic Skin Response)

Electroencephalography (see also Arousal)
abnormality & CNS damage & mental disorders, criminals, 11310
abnormality & WISC performance in acting out & delinquent children, 11181
admission procedure, 5613
alert & relaxed conditions, 9692
alpha conditioning & LSD, in epileptic, 1901
alpha rhythm blocking, arithmetic problem solving, 9693
anterior brain, expected association of stimuli, 3862
anterior cortex, stimuli association & sense modality, 3853
apparatus, measurement of probabilistic characteristics, 12794
arousal decrement during paired associate learning, 3744
arousal threshold, patterns & sleep, 10730
asymmetry vs functional states, 11940
attention & habituation, 8527
attention & intermittent photic stimulation, 8530
attention & signal modality, temporal connections, 2509
attention mechanism & photic driving, 8396
auditory & shock stimulation, attention, 2504
auditory differentiation, human & cat & rabbit, 12964
background rhythms & photic evoked responses, 1211
& behavioral study of autistic children, 6833
blocking, food procuring reflex, rabbit, 2512
& blood pressure changes, & phenothiazine, elderly, 13286
brain damage, & eye movement during sleep, 1180
brain tumor diagnosis, & gamma encephalography, 9137
bulbar & reticular effects after stimulation of vago-aortic trunk, 267
cerebral cortex activity & unit discharges, cat, 7422
cerebral cortex, in aged, 91–125 yr olds, 8734
changes & myotonolytic chlormezanone & side effects, 9727
children, 6351
communication disorders development & CNS disorder, 11391
concentration of high jumper before jump, 996
concentration, desynchronization during problem solving, adolescents, 12965
contingent negative variation, monkey, 8532
corpus callosum, cat, 6346
cortical area interaction during conditioning, dog, 2496
cortical fold of anterior suprasylvian sulcus, cat, 5066
defensive conditioning, dog & rabbit, 1312
dementia & age, 4114
depression on temporary connection in chick embryo, 3858
desynchronized, & diffuse cortical activation waves in cat, 1179
direct current potential changes & sleep, cat, 10854
& dream recall & respiration, 4854
during electroconvulsive & imipramine treatment, 2502
early sensory restriction, dog, 2501
& early visual deprivation, cat, 5136
ECG & EMG, premature infant, 1189
& EKG & respiration in alcoholism, 7865
electrical activity & noise bursts, 7425
electrocortical activity & behavioral arousal & reaction time, 9694
electrocorticogram & hypophysectomy & vasopressin, cat, 10842
enuretic adults & REM & dreaming, 3168
epilepsy with behavior disorders, alpha activity, 4543
ethyl alcohol, sleep cycle, cat, 8552
extrasensory, induction between identical twins, 6
eye movements during emergent stage 1, & lifelong blindness, 5841
food CS & auditory & light stimuli, dog, 1187
frequency spectra, 2499
frontal brain, DC shift, interesting stimuli, 3861
& GSR & nonsense syllable learning, 4917
& GSR presence identification, 4866
habituation to emotional word stimulation, 8533
& hippocampal lesions & discrimination learning in cat, 235
hippocampal, during sleep & dreaming & distraction & attention, 2498
hippocampus, afferent stimulation, rabbit, 12967
hunger, cat, 12998
hyperbaric environment, Sealab, & physiology, before & after dive, 9744
hyperventilation & awareness, 11941
hypnosis to facilitate examination of child, 10149
imipramine & electroshock therapy, 6749
information processing, value of, USSR, 1181
intellectual fatigue, 8528
intermittent luminous stimulation & attention, 5065
intra-judge reliability, 7426
intracranial pulsations & ultrasonic measurement, 8537
intracranial-basal aneurysms, 6349
isolated cat head perfused with dog blood, 1192
isolated hemicerebrum, cat, 9691
lambda-waves & age differences, 6350
lateral geniculate responsiveness & sleep, cat, 10853
laterality of alpha rhythm & hemisphere dominance, 7394
lesion of olfactory bulbs & milk reward, learning, cat, 10843
limbic-midbrain circuit & sleep, cat, 6347
LSD-25, & photic evoked responses, 6382
& magnetic field environment, squirrel monkey, 12986
mania, genetics & brain damage & other causes, 10263
& meprobamate, & sleep & dreaming, 294
metacontrast, brightness, 12966
motor reaction time to light stimulus, 9542
neurological development & forceps delivery, children, 12115
on-line EEG digital computing system, 2497
orienting & food-procuring response chains, rabbit, 12968
orthonal & CNS, cat, 3908
oxygen change, novel & repetitious sensory stimuli, 2508
& paired stimulation for head turning in cat, 264
pattern change & perception of stabilized retinal images, 1186
photically evoked potential by CS in cat, 1185
& photoelectric pickup for finger-withdrawal conditioning, 8434
potential shifts in desynchronized sleep, rat, 2511
& premature aging, 6534
psychiatric patients, sleep, 4433
psychiatric vs medical patient, age differences, 3854
psychological correlates, to flashes, 8536
psychological stress, 7424
psychoses associated with epilepsy, 11415
quantitative evaluation of wave form, 3860
rapid eye movement sleep, temporal lobe epileptic, 13430
reactivity to flashes & sleep-like conditions, 7421
reading disability & IQ & verbal performance IQ, 1419
reading disability, & educational guidance, 8087
relationship to IQ, criticism, 3856
relationship to IQ, reply to criticism, 3859
REM & sleep restriction, adolescents, 2510
REM in sustained alcohol intake in alcoholics, 3121

reserpine & sleep-dream cycle & eye movement, 10876
resting & mental multiplication, 8529
& saccadic eye movement & stimulus illuminance, 11738
schizophrenia prognosis & pneumoencephalography, 3211
schizophrenic vs normal, alpha blocking, 1824
schizophrenics & non-psychotics, 1183
sensory deprivation, 5067
sensory-motor cortex, evoked response, 1190
sequential analysis, blocking of alpha rhythm, 9696
short term memory & subcortical electrical activity, epileptic patients, 11835
sleep & arousal to various stimuli in cat, 260
sleep & dreaming patterns in psychiatric patients, 11187
sleep & waking patterns in cat, 2507
sleep & waking states in somesthetic system of cat, 258
sleep cycles, mouse, 3863
& sleep deprivation & autonomic activity, 4855
sleep deprivation & psychiatric observation, 10727
sleep deprivation, sleep cycle & micro-sleep, rat, 9751
sleep phases, rat, 2506
sleep stage & oxygen consumption rate, 2493
sleep stages & auditory awakening thresholds, 10732
sleep-talking & enuresis & tooth-grinding, 11943
sleep, depression patient, 3178
solid angle theory, 265
somnambulism, children, 10264
spectral analysis, resolution & stability, 1184
& splanchnic nerve stimulation in cat, 263
steady potential fields & sleep-wakefulness cycle, cat, 10855
study of delinquent & nondelinquent adolescents, 11319
syrosingopine, rabbit, 12982
tactile stimulation, 6348
& temporary associative connections, bird & fish & amphibians, 269
& therapy methods, schizophrenics, 6727
theta activity in curarized waking cats, in thalamus, 257
threat & escape, in cat, 261
tone pitch & duration, desynchronization, 3852
tranquilizers & defense reflexes, 1228
tranquilizers & fear, rat, 5093
use of geriatrics, 2494
& viscerosomatic interactions, in orbital cortex of cat, 213
visual cortex & central visual system of monkey, 262
& visual cortex responsiveness during sleep & waking in cat, 270
visual cortex, driving response, secondary potentials, rabbit, 8534
visual cortex, excitability cycle in wakefulness & sleep, 1188
visual evoked responses, psychiatric patient, 11195
visual stimuli, & cardiac & respiratory cycles, 2495
visual vigilance & ECG & GSR & muscle vibrations, 11898
visually evoked potentials in twins, occipital area, 3855
visually evoked potentials, amplitude & age, 5064
water deprivation, rat, 1182
& WISC relationships, 3917

Electromyography (see also Eye Movement)
EEG & ECG, premature infant, 1189
& finger activity during sleep & dreaming in deaf, 693
& force of contraction, slope coefficient, 10837
gradients & heart rate & tracking cues, 11779
intermittent luminous stimulation & attention, 5065
middle ear muscle during sleep in cat, 97
neck muscles during precision task, 311
nursing baby's & mother's, & EKG, 11899
ocular muscles, neuronal discharge frequencies, 5073
operant GSR conditioning, 7326
simple integrator, 86
Vesitan therapy for schizophrenia, & muscle tonus, 4350
vestibulo-ocular reflex during waking & sleep states, 280
voluntary flexion & extension of arm & forearm, 10834
voluntary movement, 10833

Electrophysiology
automated system, study of sleep & awakening, 11677
cortical projection systems, cat, 9660
& dark adaptation, noctuid moth, 1265
electrophysiological stimulator with digital logic, 10648
noradrenaline biosynthesis acceleration by nerve stimulation, 11937
palmer skin resistance & skin potential, 8503
peripheral motor nerve conduction, elderly demented & non-demented psychiatric patients, 12497
regional cerebral electrical impedance in alerting & orienting & discriminative responses, cat, 10838
responsivity in adults, 7423
stress & stress perception, & acoustic correlates, 10747
vascular CR & high frequency electromagnetic field, 6388

Electroretinography (see also Retina)
& auditory stimulation, 9700
hypothermic cat, 217
& incremental threshold & colored & white light, 3606
intra, source location, & form & potential distribution, 282
photopic spectral sensitivity, goldfish, 5068
response to diffuse vs patterned light, 3870
retinal receptive field changes & auditory & somatic stimulation, cat, 10864
symposium on problems, Erevan, 836

Embedded Figures
field dependence & anagram solutions, 3786
field dependence & incidentally presented word recall, 3765
field dependence & pain reactivity, 3694
practice & sex-related differences, 914
stimulus & imagery, 4775
test & dream recall frequency & recall motivation, 105

Emotion (see also Affect, Depression)
acoustic & electrical stimulation & centers, cat, 255
adaptive reactions & therapy implications, 11200
alcohol, & problem solving & word association & creativity, 7438
altruism, guilt-produced, 12840
associative reaction time as indicator, 61
& asthma, assessment, children, 3233
boredom, arousal & constraint & repetitiveness & unpleasantness, 7287
brain damage & responsiveness, mouse, 3958
catharsis & tension reduction via cognitive substitution, 4879
classroom climate, observation schedule & record, 12514
communication & facial expression, 506
conditioned emotional response, reinforcement schedule, rat, 9808
conditioned, & avoidance conditioning, amobarbital, rat, 5102
definition, & feeling, 8168
denial of threat, response to painful stimulation, 10760
development & intensity, childhood to adolescence, 9931
distortion, & perception & thinking, psychiatry, 12371
EEG & habituation to emotional word stimulation, 8533
embarrassment & blushing, 9958
expression & larynx movement, 2269
expression consistency & communication modes, 10056
expression, repressors vs sensitizers, 13194
facial expression, semantic differential scaling & factor analysis, 8297
frustration, in social interaction, 11104
Hand Test validation, hypnotically induced, & aggression, 12355
& humor & wit, 4681
lability & bodily function upsets, questionnaire, 3568
mood & accuracy of thinking, categorical syllogisms, 11865
nervous system & senses & learning & brain lesions & motivation, book, 12939
object & action & will, 2270
personal values stability, schizophrenia, 12514
personality constructs & personality traits, 9005
phenomenological introduction to psychosomatic ontogenesis, 7929
prototype reaction patterns conceptualization, 4877
psychoanalytic therapy, 8915
psychology emphasis 1900 to 1960, 11583
psychophysiology of individual differences, 10906
reaction in rat to odor of other rat, 339
reaction to natural disasters, 8573
regressive emotional behavior, college students, 10434
religous feelings, development, 469
Rod & Frame Test & emotional maturity, 12329
& sense impression response to verbal vs pictorial stimuli, 117
sensory deprivation, & set, suggestion effects, 4852
speech difficulties in interview, parents of problem children, 10354
stress & cardiovascular stress, 8569
vocal expressions, identification & stress, 3692
vocally expressed, proximity analysis, 8353
17th century medical thought, & history of psychotherapy, 4692
2-person game, relationship, 11892

Emotional Disturbance (see also Childhood, Emotion, Mental Disorder)
adolescence, cognitive style & impulsivity & sex identification, 1791
aptitudes & motivations, medical students, 11528
blindness, & treatment, 3277
& cancer of breast, 6692
childhood, book, 13355
classification & guidance, college students, 11504
common phenomenon following birth, mother, 3163
conversion reactions of troops, Viet Nam, 11320
depression classification, 13341
disease & academic achievement, children, 8086
elementary school children, book, 13352
epidemiology, male college students, 4431
executives, 6836
exhibitionism, ego & sexual & aggressive conflict, 5715
hamburger hoarding, case history, 13403
Hospital treatment of disturbed criminal, 9014
indicators in human figure drawings & validation, children, 10630
industrial personnel, & psychosis & alcoholism, book, 4630
& leukemia & lymphoma, 6831
literature, mental & character disorder, book, 4293
melancholia, drug & psychotherapy, 13289

& mental retardation, differentiation, children, 735
middle & later years, loss & depletion & adjustment, book, 4109
MMPI, college male, 1562
oxazepam vs placebo treatment, geriatrics, 1702
& parental loss, adults, 5703
prevention program, school, 13512
prevocational training program, hard-core handicapped, 11370
prostitution as symptom, 3164
psychosomatic illness, perception, medical psychology, book, 12370
& psychotherapy, aging, 6716
rehabilitation, & family & community, 1844
retarded children, responses to human vs nonhuman content pictures, 13457
reward delay preference & disturbance severity, 10270
role & self conception, children, 13354
& schizophrenia, resemblances, book, 13379
self-negation & punishment, 5704
short term therapy case history, 6729
somnambulism, EEG & psychiatric interview, 10265
students, teacher training, 13549
teaching & behavior management in regular classroom, 4616
transvestism & psychosis, case history, 9064
treatment in general hospital emergency service facility, 5616
wives of alcoholics, & life history, 4396

Emotionality (see also Emotion)
autonomic reactivity, 9531
due to postweaning electrical stimulation, 372
early experience & stress, rat, 3936
early experience, handling frequency, rat, 9778
early isolated vs enriched environment & visual discrimination, rat, 12017
environmental stress susceptibility, rat, 10896
expression of aggression, college student, 10115
jet pilot break-off phenomena experience, 3458
maturity & imagination & teaching success, 10478
peptic ulcer treatment & gastrectomy, 9762
prenatal hypoxia, rat, 3942
septal region & limbic cortex lesions, rat, 9681
stability & conditioning, genetic study, dog, 5125
stability & criterion measures for extremely isolated groups, 8789
stimulus & recognition thresholds in perceptual defense, 60
word association, 4202
word association hierarchy changes, of word, 10063

Empathy
& group psychotherapy & warmth, female institutionalized delinquents, 11318
& identification & communication, 6607
perceptions of maternal attitudes & emotional adjustment, 4778
personality similarity & interpersonal attraction, 10088
psychotherapist, & patient self concept change, 12388
psychotherapy, borderline schizophrenia, 5520
reasons for sympathy, 12700
role taking & Rorschach human movement response, 12337
sensitivity to others, measurement & training, book, 11055
& short story & family insights in secondary school, 8042
sibling style differences, 4088
social judgments & familiarity, 7632
social sensitivity development, children, 11021
& social space & group process, 5293
therapist, & genuineness & warmth, & patient outcome, 13261
therapist's contribution to empathy & warmth & genuineness, 11216

Endocrine (see also Hormone, Gland)
disorders & physical & mental energy, 50–70 yr olds, 8733
disorders & sella turcica, & sleep disorders, 8501
estral cycle, & hypothalamic RNA synthesis, rat, 12934
& estrogen implants in hypothalamus, in rabbit, & behavior, 246
incubation cycle & crop growth, ring dove, 9738
investigations in mongolism, 315
migration, sparrow, 3934
neuro-endocrinous homeostasis, age & environment, 2539
pinealectomy & light, organs response & reproductive cycle, hamster, 12008
thyroid dysfunction & psychosis, 12499
tri-iodothyronine & chronic schizophrenics, 12518

Engineering Psychology
annual review, 6024
anthropometry of common working positions, 9318
control design & speech communication systems, book, 2017
control pushbutton standards, US vs Czechoslovakia, 13608
data-entry keyboard design & short-term memory, 13610
ergonomic aspects of household jugs, 3461
human role in control systems, 4671
image enhancement technique & video signals, 3459
input of navigational data, & manual methods, 13601
political economy, book, 11573
review of American, 1964, Russian article, 4672
review, 1965, 12744
systems & design, role & human behavior, 13599
task complexity in item search, 4673

Engineers & Engineering
achievement & organizational freedom, 7105
aptitude test, India, 11650
creativity & age, 11521
creativity & knowledge, 13491
grades & subsequent salary & creativity, 5963
logistics revolution & systems, & approach, 8129
management, staff-line, 6006

theory construction, empirical laws of learning, 9338
verbal stimuli, 8456

Experimentation & Experiments (see also Research)
activity ultrasonic measurement & automatic analysis, rat, 12012
animal behavior, & observation & readings, book, 10907
computer correlation, electrophysiological, 8235
debriefing & susceptibility & subsequent manipulations, 12844
drug research, S response to dosage deviation, 3059
E expectancy, verbal conditioning study, 2147
experimenter bias effects, 2145
experimenter expectancies & subject responses, 9454
experimenter instruction reading & experimental results, 8280
experimenter-subject relationship & verbal conditioning, 11803
experimenter-subject interaction, authoritarianism & response set, 10642

extinction cue significance, college students, 11671
factory employee performance in nonexperiment, 6003
group, in social psychology, 5300
inducing stomach ulcers, rat, 10910
method precision, coefficient as measure, 11622
neurophysiological, & digital programmer, 9413
olfaction thresholds in unrestrained rat, 9450
parapsychology review & interpretation, book, 11598
photocell determination of maze compartment location, animal, 12790
position change & semiautomatic measurement technique, 9448
procedures & light response, planaria, 12029
rationalism vs empiricism, stress studies, 12745
reaction time & foreperiod duration, 12857
remote computer control & telephone lines, 12798
replication & simplicity in parapsychology, 2043
response quantification of autonomic nervous system, 4771
retina, inhibitory interaction, computer model, 9411
room, sound-proof & electrically shielded & thermally insulated, 903
Rorschach foundations, book, 13214
sensory deprivation & nondeprivation variables, 12837
taste stimulus control, & estimated magnitudes, 9697
therapy outcomes via experimental analogs & review, 8926
therapy with geriatric psychiatric patients, 7821
verbal conditioning & subject awareness evaluation, 11819

Exploratory Behavior
activity & food deprivation & age, rat, 10924
computer as simulated experimenter in verbal conditioning, 8437
cortical spreading depression & habituation, rat, 8523
curiosity, cognitive drive to organize, 7368
defecation inheritance, mice, 10898
& early weaning & adult rat, 2590
food deprivation & object directed activity, rat, 8601
free vs forced, & differential rearing, rat, 11994
genetics, mouse, 3915
habituation, electroshock stress effect, rat, 5124
individual differences & level of arousal, 8385
maze path selection, turtle, 12036
reinforcement & novelty & arousal, rat, 12074
social facilitation by experienced rats, 8665
visual complexity & maintenance & test illumination, rat, 12031
visual vs manipulatory, monkey, 7483
visual, stimulus complexity & familiarity, 7252

Expression (see Facial Expression, Gesture)

Extinction (see also Forgetting, Inhibition, Learning)
acquisition & training method & problem type & apparatus, rat, 12037
& acquisition of lever pressing & discrete-trial, rat, 2639
acquisition stimulus reintroduction & instrumental response revival, rat, 12097
alternating vs random reinforcement, rat, 12090
avoidance learning, response prevention, rat, 6457
avoidance perseveration, septal lesion, rat, 11916
avoidance response, by punishment, rat, 5179
avoidance response, shock & prompt signal offset, rat, 9863
awareness of acquisition conditions in verbal conditioning, 9578
& chronic exposure to fast neutron radiation, monkey, 9864
classical conditioning of licking response, rat, 3974
conditioned avoidance response, & deafferentation, monkey, 6452
conditioned motor response after hypnosis, 111
conditioned response, & acquisition conditions awareness, 9558
conditioning & behavior variability, semi-circular maze, rat, 2609
continuous & fixed ratio reinforcement, rat, 2628
CR acquisition, classical vs instrumental reinforcement rate, 12895
cue significance, college students, 11671
delay of reinforcement, & acquisition, rat, 8656
& discrimination with intracranial stimulation, rat, 5061
ECS vs sham ECS, rat, 9798
epinephrine, avoidance conditioning, rat, 8561
& escape acquisition, escape duration & shock intensity, rat, 13039
eyelid conditioning & presence of UCS, 6239
fear, & counterconditioning procedures, rat, 12026
fixed ratio, performance, 2 yr olds, 6493
following fixed-ratio training, 2 types compared, pigeon, 4025
food conditioned reflex & CS cessation, dog, 1049
frustration & secondary reinforcement concepts & instrumental, & conditioning, 10799
GSR by avoidance training, 148
induced aggression & food reinforcement, pigeon, 8650
induced anxiety, experimental methods, 6236
instrumental response & reinforcement schedule, severely retarded, 13437
intersession, & intrasession adaptation & orienting response, 2519
intracranial stimulation vs food reinforcement, rat, 8653
latent reacquisition, rat, 2600
latent, & maze learning, rat, 13050
maze learning & position & induction, rat, 13049
maze learning, & induction, rat, 13014
new learning & unlearning, 9546
non-response, discrimination, monkey, 5200
operant response & reinforcement history & response force, 10782
operant response, differential training on response force distribution, 3730
operant, & cholinesterase levels, rat, 6360
partial reinforcement effect, ratio & pattern shift, 10798
prediction of simple event patterns, 11795
punished vs unpunished avoidance trials, monkey, 13052
rate & acquisition stimuli change, rat, 12098
& reciprocal inhibition, in therapy, 4927
& recovery of conditioned UCR diminution, 7323
reinforcement quality & quantity, rat, 9853
reinforcement schedule & conditions, rat, 9846
& response chain rate & pattern, & acquisition, 1048
response chain, acquisition goal gradient & partial reinforcement, 3960
response effort & learning, rat, 10973
response effort & postasymptotic performance decrement, rat, 10931
running response vs reinforcement magnitude, rat, 12101
schedule, inhibition, rat, 6474
seizure evoking acoustical stimuli, 3659
self brain stimulation, rat, 6343
shock intensity & reward percentage, rat, 12043
shock reduction & avoidance-escape response, rat, 9862
short latency response reinforcement, rat, 5183
social attachment behavior, sheep, 12104
suppression conditioning, shock reinforcement schedule, rat, 13048
& 2nd list error instruction, 6250

Extinction/Reinforcement
avoidance, stimulus associated with nonshock confinement, rat, 9839
conditioned cardiac response, 303
conditioned eye blink, & drive & cognitive factors, 11808
conditioning & counter conditioning, 6240
response rate & aggression, rat, 10977

Extinction/Resistance
acquisition training & extinction stimulus alternations, rat, 1359
avoidance conditioning & response effort, 10956
avoidance response & CS only trials, rat, 4024
brain lesion research, vs clinical psychology, 6335
brain stimulation as secondary reinforcement, rat, 12093
& cholinesterase level, rat, 6361
concurrent positive reinforcement & punishment, 9860
continuous reinforcement followed by partial reinforcement, rat, 8643
ECS schedule, rat, 2641
& extended training & intertrial reinforcement, rat, 2629
& noncontingent partial reinforcement, rat, 5197
partial & continuous reinforcement, rat, 2637
partial & continuous reinforcement, puppy, 6472
& percent reinforcement in rat, 7527
reinforcement amount, escape response, rat, 5189
reinforcement percentage & training trials & reinforcer, 4976
response effortfulness & number of nonreinforced trials, rat, 13018
& shock schedule in rat, 7513
& stimulus presentation mode, 1336
totally & partially reinforced trials, direct placement vs running, rat, 12091

Extrasensory Perception (see also Parapsychology)
automated testing device, 10545
birth order & family size, 3488

& culture, annotated bibliography, 60 items, 456
defense & coping mechanism development, 11028
diabetic child, 10359
diabetic children, 6939
drama in teaching, 7971
educational achievement development & social class, 9256
foster parents, attitudes & child rearing & social casework, book, 12546
grandparent role, 1861
& home, 10–19 yr olds, 13104
identification patterns & religion, 9974
intelligence & school achievement, 9214
interaction & schizophrenia, experimental study, 11344
interaction with schizophrenic sibling, 10289
intergenerational, parents & adult children, 2716
kinship interaction & migrant adaptation in aerospace community, 12232
& marital status of domiciled veterans, 5818
& marriage problems, Family Discussion Bureau, 4511
& marriage, book, 7974
mate selection & marital satisfaction & sibling type, 12243
measurement, psychiatric patient, 13240
mental health, & school, 12118
& mental hospital length of stay & prognosis, 6771
parent-adolescent intimacy & contact patterns, scale & factor analysis, 12168
preinstitutionalization crisis & retarded child reacceptance, 11441
problem solving, schizophrenic & normal sibling, 13385
psychiatric syndromes, children, 7962
psychodrama, 12426
psychopathogenesis of hard-core problem families, 7763
psychotherapy, assessing defects, 8952
psychotherapy, weekend of communal living, 8950
quantitive study, & structure, book, 501
& reading achievement, children, 13533
refugee & local Chinese families in Hong Kong, 12235
role expectation change & gratification, therapy, 13419
& schizophrenia, psychoanalytic view, book, 646
schizophrenic patients & intrafamilial role conflict, 5823
school adjustment & perceived, in 4th grade children, 3371
sick role & hospital admission, 1836
& social interaction measure, psychiatric outpatients, 9049
social relationships, & address for parents, 496
socialization of child & behavior problems, 13407
TAT stories, hostility themes, 10141
teaching & home management, 12599
therapy & emotionally disturbed child, Israel, 1862
ulcerative colitis, interaction patterns, 13230
working woman, 4509

Fantasy (see also Autism, Dreaming, Imagery)
achievement & speech patterns, 4263
aggression in delinquents & nondelinquent retardates, 9023
attitude change & role playing, ability, 10000
castration & reality, psychoanalytic case history, 10222
counselor, & religious values, 5811
death as lover, female terminal cancer patient, 7943
developmental study, 396
directed daydream & psychosomatic therapy, 11357
dream & drug-induced comparison, 10724
dream & reality, 3102
experience revealed through doll play, preschool, 5493
experimental study, & pathology & age differences, book, 6292
fantastic daydreaming & Rorschach movement & Freud's concept of primary process, 8879
gifts from patient in psychotherapy, 5544
group psychotherapy, pairing, psychoanalytic view, 5563
& hostility, & self-report, orthopedia, women, 8002
maternal restrictiveness & social class, & delay ability, 9932
metamorphosis theme & study of clinical & applied psychoanalysis, 5649
mother-son relationship, rapist & pedophile, 4146
narcissistic, during pregnancy, case history, 664
need achievement as motivational construct, 13207
object investment & psychosis, 6846
oneiric symptoms in acute alcoholic psychosis, 12473
paranoid schizophrenia, female, 4452
play & anxiety, preschool children, 12129
production & hostility, children, 10132
psychoanalytic interpretation, 1719
psychosomatic medicine theories & concepts, 13401
psychosomatic skin disorder & fantasied parent-child relations, 5766
scale, 1569
steeple effect & sex differences, & marginal perception, 10692
tendency questionnaire & fantasy-inhibition hypothesis, 12306
waking, & interruption of 2 types of sleep, 7277

Farming
adoption of new practices, farmers, 10008
India, agriculture students, curricular preferences, 12600
India, social values, 12227
innovation vs communication abilities, farm leaders in India, 10057
mobility into industry, France, 5958
& nonfarm families, decision making & role patterns, 2715
tractor driving model & information feedback, 9269
value orientation scale, India, 2746

Father
absence, & adult male antisocial behavior, 4059
absence, sex-typed behavior, Negro & white sons, 9940
acceptance, & occupational choice, 7083
alcoholism in son, inflicted guilt, 3122
attitude toward adolescent son, India, 7706
death & mourning of 10 yr old boy, 10331
deprivation & suicidal attempts, adolescent girls, 10246
expectant, & sexually deviant behavior, 8768
fixation, & Oedipus complex, 4382
group therapy, child psychiatric clinic treatment program, 13272
& homosexuality in daughter, 473
& homosexuality in son, 472
incest with adolescent daughters, 9986
incestuous, & clinical report, 7844
mental illness reaction to fatherhood & case histories, 11360
occupation, & adolescent personality, 5280
primitive tribe, South Pacific, book, 4127
schizophrenic child, peripheral supportive role, 1809

Fatigue
& adaptation & microcurve of work, 5986
amphetamine & F-1983 drug, 2548
car drivers, subsidiary tasks as measure, 3464
CNS activities & humoral-localistic theories, 8365
critical flicker frequency as indicator, railway workers, 6188
critical flicker frequency & stress, 11764
& ego satisfaction & disposition & appetite & sleep, 3711
industry, & food & drinks, 10503
intellectual, & EEG, 8528
mechanisms & conditioned reflex in recuperation, 8368
mental, expectation & attitude, 2255
modern society, medical & religous views, book, 568
motor performance, load carrying, 11785
symptoms & theories, 3681
telephone operators & CNS, 8366
& time adaptation, & jet travel from US to Japan & back, 101
& tone parameters & auditory threshold location, 3665
translocation, & circadian system, 10831
translocation, circadian system, North-South flight, 10894
unrealistic, & performance decrement, 967
visual field range change, 6027
work output in static effort vs rest pauses, 3716

Fear (see also Emotion, Motivation, Phobia, Anxiety)
acquired, & postconditioning delay & stimulus similarity, rat, 6436
acquired, stimulus control & instrumental behavior, rat, 12067
adolescence, India, & attitude, 2709
anguished dream interpretation, children, 10145
anxiety & loss, of death & impoverishment & abandonment, book, 6793
arousal & task performance & verbal behavior, 6199
arousing communications & attitude change & behavior, 8780
& attachment to imprinted object in open field, duck, 3941
& autonomic arousal & GSR, 10748
avoidance, electroconvulsive shock inhibition & facilitation, rat, 7515

cognitive manipulation of pain, 12847
communication & affect arousal & positioning of recommendations, 11117
conditioned, & startle response to noise, rat, 9791
conditioning & CS duration, rat, 5175
conditioning & desensitization, rat, 3978
conditioning & EKG, dog, 9836
conditioning in rat & water intake, 1285
conditioning, onset vs offset cue pairing, rat, 5159
conformity, & social affiliation, 9998
danger explanation, 1497
desensitization therapy, massed & spaced practice, 12401
distress vocalization reinforcement, duck, 4015
early experience & exogenous androgen, chick, 8567
early, & reinstatement & clinical & developmental theory, rat, 12065
ECS & grid shock & open field behavior, rat, 9793
extinction & counterconditioning procedures, rat, 12026
generalization & delayed testing, rat, 13034
genotype & hoarding, mice, 1281
GSR, psychopathic crime, 3144
higher-order conditioning, rat, 3971
lung cancer film, smokers, behavior & attitude change, 12256
mass communication, threat appeals & contradiction, 7676
neurotic behavior & failure in autonomic homeostatic recovery, 4428
persuasion & irrelevant, 7630
persuasion, driving safety attitudes, 10528
predictability & pairings in Pavlovian, conditioning, dog, 7502
psychotherapy, desensitization, & suggestibility, 3007
public panic, book, 11582
reciprocal inhibition & desensitization, rat, 12069
response suppression & avoidance, rat, 5154
stuttering, psychoanalytic therapy, 7995
Survey Schedule, college student, sex differences, 4235
UCS duration & Pavlovian, conditioning, 8634
& vengeance & ego & oral frustration, 8993
Wolpe-Lang Fear Survey & Taylor MA Scale, correlation, 2134
Feeblemindedness (see Mental Retardation)
Feedback (see also Knowledge of Results, Reinforcement)
& amplitude of eyelid response & instruction & payoffs, 4908
audio, as stress, & performance with alcohol & caffeine, 2534
auditory discrimination learning, vs prompting, 12861
augmenting, & transfer of training, 7315
binary mechanisms, boundary structures, 4701
communication, & sustained group goal striving & Mount Everest case study, 13152
complex skill training, 3435
concurrent, design descriptions & listener's choice performance, 12283
cross-cultural interaction skills acquisition & training, 3436
decision making efficiency results & information amount, 12925
delay & postfeedback interval in programed learning, 9203
delayed auditory, & human skill, 8345
delayed auditory, autonomic response & verbal performance, 3688
delayed auditory, on IPAT 8-Parallel-Form Anxiety Battery, 8865
delayed reinforcement, children, 11829
delayed, adaptation & different instructions, reading, 12800
differential, multiple-cue probability learning, 2396
educational psychology teaching, 8030
& expectancy & PA learning, schizophrenics, 5740
human lever pressing, social & monetary incentive, 4979
learning, positive vs negative, 12870
learning, vs aspiration level determination, 12864
Maximizing Differences Game & cooperation, 12268
neural & reoccurring spasms, 2461
paired associate learning, correction vs noncorrection, 12878
position preference components in probability learning, 4918
quasi-conservation task performance, children, 9898
reinforcement & team behavior & performance, 12270
remedial, intrinsic program, 7024
sensory, & display gain vs tracking performance, 1002
sensory, & sexual behavior, rat, 6476
signal detection, 201
stimulus & cortical activation, 1167
visual spatial discrimination, 10 & 14 yr old Ss, 3646
Feeding (see Eating)
Feeling (see Emotion)
Femininity (see also Masculinity, Sex Role)
castration complex intensity & social role, 8985
clitorid women, 11074
CPI scale, cross-cultural study, 6649
endogenous depression symptomatology, 10316
M-F scores & implications of changes & role expectations, 7221
practicing & nonpracticing physicians & SVIB scores, 10492
review of literature, & masculinity, 474
semantic differential rating & self descriptions & parent-child relations, 10097
Field Study
dogmatism scale, short form, 2128
experimental social psychology, & general psychology, 4702
factory employee performance in nonexperiment, 6003
old world monkeys & apes, 2584
persisting odor, with mouse, 321
population genetics in clinical research, 6400
Fighting (see Aggression, Hostility)
Figural Aftereffect (see Aftereffect/Figural)
Figure
ambiguous, reversal, scaling of perceptual intensity, 12818
authority, constructs of adolescents, 7704
child perception, equivalence of disparate figures, 4053
concealed in stimulus & imagery, 4775
drawing & psychopathology assessment, 2953
drawing of human & objective body self projection, 10129
drawing overall quality & psychological correlates, 2956
drawing sexually undifferentiated human, female, 556
drawing, & self concept, 6th grade children, 7723
drawing, qualitative changes, 3–10 year olds, 1397
emotional indicators in human, drawings & validation, children, 10630
geometric form preference, rat, 12052
ground perception, reward & punishment, 2167
human, drawing & knee & arm joints & paranoid trends indicators, 5760
human, drawings reliability, children, 11173
inversion, perception by preschool children, 10990
Necker cube parts contributing to reversal, 8304
orientation & visual discrimination, monkey & human, 322
pattern & form & color, visual discrimination learning, Coturnix quail, 12050
perception & sorting, figural goodness & redundancy, 12823
preference & MMPI correlations, 7713
recognition for random shapes, 940
reproduction & Wechsler-Bellevue Performance IQ, retarded, 8850
reversal rate & aftereffects & field dependence, 12807
reversing ability, brain damage & chronic schizophrenia, 11412
Film
audiovisual aids in education, 12598
diagnosis, neurosis, silent, 12491
fear of school & separation anxiety, 10336
Film Strip Articulation Test & defective speech, 13423
instruction method, children, 5909
interview for mental health counselor evaluation, 6064
psychology laboratory courses, 10563
psychotherapy research data collection, book, 4298
sensory deprivation & propaganda effects, psychotics, 5728
teaching, child development, 13060
tension-arousing, & thiordizane & heart rate & skin resistance, schizophrenics, 13389
training, & response-recognition in tennis, 763
violence & experimentally evoked aggression, 7285
Finger (see Hand)
Fish
auditory thresholds, 1214
automatic live food dispensing, 6123
Azovian bullhead, acoustic signals, 324
carp, RNA & actinomycin-D & learning, 10865
classical conditioning of aggressive display, Siamese Fighting, 2615
decoy experiments to elicit intraspecific aggression, 8600
developmental study, African cichlid, 1374
discrimination learning, pretraining effects, 1320
EEG & temporary associative connections, & bird & amphibians, 269
electric, organ discharge frequency, 9767
flat, & starfish, facultative commensalism, 2647
gold, electroretinogram, photopic spectral sensitivity, 5068
goldfish & probability learning with aversive reinforcement, 7528
goldfish, discrimination, dimension shift & reversal, & pigeon, 9830
goldfish, interocular transfer, discrimination vs visuo-motor learning, 9826
goldfish, optic nerve lesion & visual discrimination intraretinal transfer, 10858
gymnotid electric, discharge frequency & diurnal variation, 12024
habit reversal, 1293
hariyo-sticklebacks, social behavior & displacement, 13009
Kamin intersession interval effect on relearning, 7517
LSD-25 vs methysergide, 5097
mormyrids, classical conditioning of electric discharge, 2611
norepinephrine & aggressive display, Siamese fighting fish, 9730
optic lobes & unit responses from commissural fibers, 7430
optomotor reaction & schooling, carangid, 1376
probability learning, 10927
school structure, 3 dimensional measurement, 3933
Siamese fighting, aggressive motivation waning, 5150
Siamese fighting, food deprivation & fighting response, 1286
visual reinforcement by color & operant behavior, 369

visual wavelength discrimination & generalization, 1316
Flavor (see Taste)
Flicker (see also Flicker Fusion)
& critical flicker frequency & anxiety in normal population, 116
critical, frequency series, psychiatric & medical patients, book, 10829
discrimination & brain damage, monkey, 1161
local adaptation to intermittent light & frequency & eccentricity, 10679
sensitivity & response bias & instructions, 8292
& steady light, & matching, 57
Flicker Fusion
apparatus, electronic & usage data, 905
brain damage, & age & intelligence, 4535
critical, & skin conductance, 3607
critical, method & instruction, 4799
determination, & conditioned suppression, pigeon, 12936
fatigue indicator, & stress, 11764
fatigue indicator, railway workers, 6188
foveal, with moving stimulus, 73
& intelligence, critical, threshold, college student, 2219
& performance in increased heat & humidity, soldier, 7122
& stress, 12997
temporal numerosity, counting vs psychological moment, 4827
threshold & time of day, 11692
threshold under various intensities, 76
threshold, thiamylal & methamphetamine, 2552
& visual acuity & UHF radio stimulation, rat, 3921
visual motion aftereffect, threshold, 3635
& visual recognition, 81
2-flash, & anxiety level & skin conductance, 12842
Following Response
acquisition, rat, 10929
eye movements, non-predictable signals, 3657
& social experience, chick, 6420
Food
anorexia nervosa & differential diagnosis, 6798
aversion with age & sex & culture variables, 5357
conditioned reflex & cessation of CS in dog, 1049
& diet effect on phenylketonuric child, 592
imprinting in turtle, 2585
intermember pecking & accessibility, chicken, 3953
motivated behavior & septal & amygdaloid lesions, rat, 9672
motivation, lateral & medial midbrain lesion, rat, 8513
pica prevalence in children, 1–6 yr olds, 13067
preferences in thiamine deficient rat, 3878
pregnancy, & stress, & neonatal development, 5210
procuring, & orienting response chains, EEG, rabbit, 12968
protein, & instrumental activity, rat, 251
protein, & spontaneous activity, rat, 202
reinforcement & extinction-induced aggression, pigeon, 8650
reinforcement response & X-irradiation, rat, 1250
reinforcement vs intracranial stimulation, & extinction, rat, 8653
reinforcement, & water, snake, 3949
satiation & simple & complex operant responding, 5185
self feeding transition & parent role, dove, 12021
size & distance, & choice behavior, orangutan, 8599
& tube dominance, & aggression, & 2 mice strains, 12108
Food Deprivation
activity & exploration & age, rat, 10924
activity, hybernator vs non-hybernator, 1268
adjustment to repeated, rat, 1291
adjustment, & water availability, rat, 3911
anorexia nervosa treatment, 10261
conditioned emotional response retention, rat, 9818
conditioning, motivation, & noxious stimuli, rat, 9794
conflict & approach-avoidance training, rat, 12023
contaminated food acceptance, rat, 9797
& development, infants, 5213
dieting & depression & Durophet-M drug preparation, 10319
& direct observation of activity, rat, 10917
discrimination learning & pretrial information, rat, 9833
& drive & incentive during acquisition & shift & extinction, rat, 7531
early experience, & later hoarding, rat, 5143
EEG, cat, 12998
& energy, water deprivation, rat, 12000
extinction, rat, 1284
& fighting response, Siamese fighting fish, 1286
& FR food reinforcement & collateral water intake, rat, 5192
gastric ulceration & population density, mice, 11990
& gastric ulceration, isolated & aggregated mice, 5152
human performance, 10751
learning, partial reinforcement & competing responses, rat, 6469
maintenance diet & water deprivation & taste preference, rat, 1222
malnutrition & growth of young children, 7552
malnutrition in infancy & early childhood & intellectual development, 9889
nephrectomized rat & water intake, 12957
obese patients, psychiatric hospital program, 12522
object directed activity, rat, 8601
operant discrimination of interoceptive stimulus, monkey, 2621
& perceptual cognitive processes, 3783
radiation mortality, rat, 10892
& reactivity to shock, rat, 6423
response frequency & topography, rat, 9789
satiation & latent learning with food stimulus, rat, 13015
self satisfaction & mental & motor performance, 7472
& swimming to exhaustion, rat, 8572
thirst & displacement pecking, dove, 1287
thirst, Barbary dove, 1288
unreinforced & light reinforced bar pressing, rat, 10969
Food Intake
ACTH & behavior & avoidance & startle, rat, 10884
adult preference & early diet, rat, 9780
amphetamine suppression & hypothalamus lesion, rat, 6323
anorexia nervosa & educative treatment & love deprivation, 12391
anorexia nervosa symposium, 3165
anorexia nervosa, desensitization treatment, adolescent, 3027
anorexia nervosa, psychiatric differential diagnosis, 3103
anorexia nervosa, Rorschach & TAT & association test, 3170
& anxiety, rat, 1290
aversive diet, adaptation & runway performance, rat, 6406
behavior of aging & fat vs carbohydrate vs protein diet, rat, 8576
behavior vs changed dietary pattern, rat, 8582
& blood mixing, hungry & satiated rat, 203
chlordiazepoxide in rat, 1234
diet-induced phenylketonuria & age, rat, 9745
electrical stimulation lateral hypothalamus, rat, 2486
& excessive water drinking, rat, 6427
& failure to thrive in infants, 10987
& glucose, hypothalamic hyperphagic rats, 1262
hippocampal lesion, & water, rat, 3832
hypothalamic hyperphagics quinine water tolerance, rat, 6425
hypothalamic lesions & intravenous glucose, rabbit, 2473
mental anorexia, interpretation, 3094
MMT injection during approach training, pigeon, 11959
pregnancy fat free diet & offspring learning impairment, rat, 11988
& quantity available, chicken, 3952
reinforcement & discriminative properties of 2 types of pellets, 8619
reinforcement vs alimentary excitation level, goat, 8649
taste preference, opossum, 9775
total darkness, & water intake, squirrel monkey, 12990
& water & body weight & cholinesterase level, rat, 6359
& water balance, rat, 3925
water intravenous injection, & water intake, rat, 7460
Food Preference (see Food Intake)
Forced Choice
auditory signal detection & 2 alternative, & operating characteristics, 11890
Likert tests, academic achievement motivation, 10446
response bias changes, detection & alternative models, 10586
scale, acquiescence vs social desirability response set, 12852
social desirability, MMPI, vs individual viewpoint, 10641
test format, & fakability, 890
Foreign (see International, Psychology Abroad)
Foreman (see Supervision)
Forgetting (see also Extinction, Learning, Memory, Retention)
alley brightness & reward magnitude, rat, 10976
associative rules for recall & misrecall, 12904
& diisopropyl flurophosphate, rat, 11926
fading, age differences, 10809
old age, 1444
response availability, 11862
response goal cues, role in retention interval, rat, 9801
retroactive & proactive inhibition, paired associate learning, 10807
shortterm memory, guessing technique, 2403
storage defect & aging, 12194
verbal learning, retroactive interference, 9625
Form Perception (see Perception/Form)
Formula
calculating reliability of composite ratings, 3545
matrix, for part & partial correlation, 2102
readability, prose passage, validity, 3546
revised deterioration, for WAIS, 11293
split-half reliability, for estimating, 3531
table, probability of 1 success in N independent trials, 3547
testing, correction, & subject selection, 12773
Foster Home (see Adoption)
France
adolescence, independence attitudes & relations with parents, 5282
advertising in magazines, 4667
auditory discrimination of vowels & consonants in French, 4845
child psychiatry, 8191
children's affect on projective incomplete story test, vs US, 4049
concrete & abstract psychology, 3515

conference on treatment of juvenile delinquents, 9024
education, extracurricular activities, & Japan & US, 9201
experimental psychology & communication, book, 3604
intelligence, classification, development & physiology & language, book, 12315
mobility of farmers into industry, 5958
modern methods of education, book, 12597
pedagogy & anti-pedagogy, 7009
programed physics teaching, 1929
psychiatric day hospitals for adults, 12424
psychiatric journal reports review symposium, 10552
psychotherapy with retardates, 9153
punishment duration & intensity, rat, 8652
re-education of writing, 6999
reading & teaching methods, 7001
social psychology, 8738
stealing in children, 9020
teaching methods of writing, 6998

Freud, S.
abandonment of hypnotism & his own ambitions, 3
attention cathexis theory & concept formation, 10761
behavior & Pavlovian therapy, 5507
concept of primary process & fantastic daydreaming & Rorschach movement, 8879
Dostoevsky, criticism, 1743
ego strength, & newer viewpoints, 12455
history of psychoanalytic movement, book, 7134
instincts for death & aggression, & Lorenz, 3088
letters, & Karl Abraham, book, 3478
Mahler consultation, 5787
music, psychoanalytic interpretation, neurosis & creativity, book, 4386
narcissism theory & treatment & Federn's theory, 10220
neo-Lamarckism & Darwin, 1741
neurophysiology, 4689
parapraxes, psychopathology, book, 4381
psychoanalysis in US, book, 7136
psychology & religion, book, 1489
psychotherapy & religious experience, 1623
regression & nervous dissolution as stress reactions, 3096
religion & faith as therapy, book, 4288
religion, & Jung, 1721
seduction theory, history, 8160
self-analysis & dreams from childhood, 8984
sexual behavior of preadolescents, 9987
Shakespearean authorship controversy, 1755
sublimated behavior & tentative alternative concepts, 8983
theories & acceptance, 1756
theory, psychotherapy motivation, 4308
thinking, unconscious & insight, Spinoza & Locke & Binet, book, 3518

Friendship
Adlerian mode of existence, 10183
adolescents & preferred significant adult, 8727
choice & friendship & general values, 8791
facilitative conditions in counseling & psychotherapy, 12542
mentally retarded, 2 adult males, 5884
patterns & anxiety & dominance, adolescents, 12173
similarity vs liking in interpersonal attractiveness, 10023
temporal mediation of similarity-attraction hypothesis, 4167

Frog
approach-avoidance responses & visual stimuli, 10923
brightness preference, 2598
calling, central mechanisms, & mating calling in female, 8504
reflex habituation & potentiation, 3972
retina bipolars, functional properties of two types, USSR, 1272
retina receptor field reorganization, 8539
retinal lateral inhibition, 1207

Frontal Lobotomy (see Brain Lesion)

Frustration (see also Aggression, Conflict, Emotion)
aggression & fixation & learning & conflict, book, 988
aggression expression & approval need, 2268
aggression, & catharsis models, 10082
anticipated occupational, follow-up report, 5993
child rearing & later romantic love, oral & dependence needs, 12224
discrimination learning & adaptation, retardates, 13446
double runway type lever reinforcement study, monkey, 2595
feelings in social interaction, 11104
group therapy, 1672
interrupted play, & cognition & age, children, 9887
interval reinforcement schedules, pigeon, 5195
intropunitiveness & negative self reinforcement, 7290

eye movement, paired associate, 10792
& facilitation of mediated transfer by instructions, 6256
familiarization, 1061
foreign language, monolingual vs bilingual glossaries, 12886
forgetting & retroactive interference, 9625
form & amount of internal structure, nonsense words, & recall, 2349
forward & backward chaining, 4955
free recall, & adopted information chunks, 3754
free recall, order & adjacency effect, 3750
free vs classification, 3739
free vs ordered recall & form of internal & external structure, 6287

free vs serial & paired associate, 1059
generalized response & pretraining, retardates, 11433
grammatical agreement & set & paired associate, 2369
grammatical factors in sentence retention, 10791
grammaticalness scale responses, 4944
hypnosis & meaningfulness of material, 8372
implicit verbal chaining reexamination, 4943
incremental vs all-or-none, & response probability, 1086
individual letters word associations, 4935
information theory, nonsense syllable, 3751
& informational set effect or acquisition, 6245
interlingual facilitation of short term memory, 10805
interval between successive numbers & pattern, 2385
& intralist interference & list length & interstimulus similarity, 6258
intralist similarity & experiments on conceptual similarity, 4973
irrelevant information & relevant information retention, 4988
& item repetition, analysis, 166
language development in socially disadvantaged children, 5243
letter pairs & grammar, 2381
letter pairs & grammatical structure, college student, 4969
long sentences, probability & order of recall, 11860
maze & doublet during acquisition & relearning, 2337
meaningfulness & familiarization, 1083
meaningfulness & meaningfulness of mediating term, 8450
meaningfulness & unlearning, 7329
meaningfulness & vividness, 165
meaningfulness in concept formation & transfer, 5005
meaningfulness of CVC on stimulus generalization & eyelid closure, 4933
media, active games vs language workbook, 3rd grade student, 160
mediated associations, paradigms & controls & mechanisms, 2343
mediated concepts & all or none transfer, 11812
mediated transfer & semantic polarization, 12890
mediated transfer, anticipation interval, 9588
mediated transfer, paradigm variation & associative value, 1055
mediating response & acquisition stage emphasis, 8451
& mediational theories in meaning, 9573
mediator presentation in Stage 3, 9587
mental retardation, WISC & motor learning, 4549
mental retardation, meaningfulness & isolated items, 5885
mnemonic technique & memory, 177
& motor learning, & retention & tracking & cybernetic theory, book, 10774
natural language mediation & covert rehearsal & recall, 9611
neutral-impression verbs & conditioning of pronouns, 4949
nonsense syllables, & 4 types of music, 150
nonsense syllables, psychotropic drugs & personality, 5106
number conservation development & experiences in children, 4068
observation & verbal interaction, 7334
one trial, interference, 1064
order of presentation, 1087
PA, stimulus-response duration & inter-item interval, 4937
paired associate, availability of mediator, 9577
paired associate, CVC similarity, 7335
paired associate, formal similarity & cue selection, 7332
paired associate, natural language mediators, 2360
paired associate, noun abstractness & word order, 7340
paired associate, response learning & associative learning stage measurement, 12884
paired associates, serial position & retention interval, short term memory & confidence & latency, 11852
paired-associate transfer, 7327
paired-associate transfer, practice & paradigm shift, 7341
phenothiazine & phenobarbital, in schizophrenic, 1830
phonetic symbols & congruent referents, 5429
pleasantness of word, free recall vs paired associate vs serial learning, 9565
plural nouns & s endings, response class, 4970
practice & set, retention & relearning, 7333
presentation mode & immediate recall, children, 12144
presentation order & PA learning items number, 4964
presentation time & total time, 152
prior to non-REM sleep, retention, 10731
prose with grammatical transformations, 154
reaction time between & within clusters, 4983
recall & hypnotic induction & motivation & suggested regression, 8370
recall & preference for series of letters & words, 9619
recall & priming, color-word vs vowel-crossing task, 8443
& recall as organization & search, 9595
recall improvement, unreinforced recall trials, 2401
recall vs word association test, 8454
& recognition of word list membership, 8458
recognition, & length & changes in retention interval, 11817
rehearsal preventing task & association, 2373
reinforcement delay & retention, 3760
& reinforcement on verbal generalization, 151
relationships between words & class size, 7345
religious & taboo words, 4948
repetition & change in association of synonyms, 2352
research, mentally retarded, 11442
response availability & association by contiguity, 4958
response transfer & verbal association strength, 2341
retention & interpolated practice & response availability, 4985
retention interval & cue complexity & meaningfulness, trigrams, 2365
retroaction & contextual constraint, 11816
reversal & nonreversal shifts & CVC stimuli, 4939
S meaningfulness vs R meaningfulness & R-S learning, 4942
semantic satiation, 10785
& semantics & syntax, 4th grade, 10795
& sensory deprivation, 11991
sentence associations & parts & recall, 9569
sentences, word & phrase associations, 9590
serial position, random numbers & nonsense syllables, 2364
serial-position curve & prolonged practice, 1066

mental image in child, book, 12154
mental retardation, cognitive models & development, 5876
& Merleau-Ponty, perception & thinking, 6058
moral judgment development & age & social behavior & siblings, 5259
object concept, intelligence & affect in early childhood, book, 6500
ontogenesis of motor behavior theory, criticism, 13061
play theory, critique, 2057
& scalogram analysis of classificatory development, 5238
schooling vs intelligence, children, Hong Kong, 12150
tasks & intelligence scales & conceptual development, schizophrenic boy, 13374
teacher education, theory of logical thought, 1968
theory & thinking in young children, book, 6494
views on thought & symbolic functioning & neobehaviorism, 3490

Pigeon
adjusting-ratio reinforcement schedule & step size & minimum value, 12080
antagonism of d-amphetamine behavioral effect by chlorpromazine, 293
auditory discrimination control by visual stimulation, 12048
aversive conditioning & peak shift in stimulus generalization, 9825
avoidance of return to 1st component of chain from terminal component, 10960
backward association, 6430
binocularly trained pecking & mirror image transfer, 13017
brightness threshold & 3 methods compared, pigeon, 3608
chlordiazepoxide & retention, 6379
classical conditioning & partial reinforcement, 5193
color discriminability & generalization & number of stimuli, 10946
color discrimination learning & sodium pentobarbital, 10948
color preference, 8587
& conditioned acceleration & suppression & aversive stimuli, 8606
conditioned fighting persistence, 10939
conditioned punishment, 371
conditioned suppression & variable ratio reinforcement, 8616
conditioned wavelength discrimination & peak shift & preference, 12055
conditioning, light flicker & pecking rates, generalization, 3977
contrast effects analysis in multiple schedules, 10967
delayed reinforcement in concurrent situation, 2632
& discriminated time-out avoidance, 359
discrimination & emission of temporal intervals, 3990
discrimination learning, overtraining & learning, shape & color, 1323
discrimination learning reinforcement schedule, 1357
discrimination learning & space orientation, 3993
discrimination learning & 2 types of behavioral contrast, 6446
discrimination learning & key-pecking vs ingestive technique, 10943
discrimination training & generalization of punishment, 10944
discrimination, dimension shift & reversal, & goldfish, 9830
discriminative properties of fixed ratio performance, 3989
electrical brain stimulation & mating behavior, 8519
electrical stimulation, forebrain, protective & fleeing behavior, 8520
extinction & 2 types compared following fixed-ratio training, 4025
extinction-induced aggression & food reinforcement, 8650
fighting & available space, 6483
fixed ratio change, observing response, 1308
fixed ratio performance & conditioned reinforcing stimuli, 10970
fixed vs variable reward preference, 5196
flicker fusion threshold & conditioned suppression, 12936
food intake after MMT injection during approach training, 11959
homing, internal clock hypothesis & astronavigation, 9787
interval reinforcement schedule & frustration effect, 5195
magnetic field change sensitivity, 10861
matching to sample & environment illumination change, 8627
matching/zero-delay, acquisition & transfer, 1318
mate selection & parental coloration, 5204
mating behavior, 379
mirror-image reversal & monocular discrimination training, 3988
multiple punishment schedule, 10974
multiple S delta periods & fixed interval schedule, 6437
multiple S-delta periods & fixed interval schedule, 2633
& observed responses in mixed FI-FR schedule, 364
observing behavior & discriminative stimulus removal, 1310
observing behavior during interval schedules, 10963
observing response, fixed interval/fixed ratio, 1309
odor discrimination & operant procedure, 12053
operant conditioning & generalization, 1307
positive & negative reinforcing brain stimulation, 7405
post-reinforcement pause, 6465
prefeeding & plain & chained FR reinforcement, 5188
probabilistically reinforced choice behavior, 10968
probability learning, choice & reinforcement, 5157

threshold for conditioned suppression using X-rays, rat, 3973
& traumatic shock & avoidance behavior, rat, 10961
ultra high frequency, & behavior, rat, 1247
X-ray exposure & sucrose conditioned aversion, rat, 9747

Radio (see Communication/Mass)

Randomness
ability to randomize characters, college students, 7299
computer generated random letters, 9410
generation of random digits, number & time, 2420
recall of 2 digit number list & nonrandomness of errors, 11845
& variable time interval production, digital methods, 12799

Ranking
asymptotically distribution-free multiple comparison, 6090
personal & public constructs, 4156
personality measurement, by subject, of famous people, 2952
preferences, multiple comparison, reliability, 6091
sensitive, test for comparing 2 treatments on 1 group, 6093
stanine values & relative class standing, 12751
totals, cumulative probability distribution, 7188
White Test of significance, & large samples, 12766

Rat (see also next headings)
& acceleration effect on food-reinforced DRL & FR, 307
acoustic damage & Preyer reflex, 8583
acquired fear & instrumental behavior & stimulus control, 12067
acquisition training & stimulus alternations & extinction, 1359
ACTH & behavior & avoidance & startle & food consumption, 10884
adaptation & response to water, & cat, 7482
adrenocorticotrophin-releasing hormone in peripheral blood, 7452
albino, cochlear potentials, 6352
alcohol effect on escape task performance, 2537
alcohol preference, 13007
alcohol preference & age, 2580
alternation & unilateral spreading cortical depression, 11928
amnesia by ether & spreading cortical depression, 6434
amygdala lesion, social dominance & aggressiveness, 12948
amygdala lesions & development, & cat & monkey, 7402
amygdaloid lesion effect on milk ejection reflex, 239
androgen & reactivity individual differences, male, 11979
androgen intracranial implantation & female masculinization, 5114
anoxia & central nervous system, 2568
anxiety incubation & instrumental behavior, 6461
audiogenic seizure & memory, 6396
audiogenic seizures & subcortical lesions, 9683
audition development, 5131
auditory thresholds, 12006
aversions induced by radiation, 308
aversive diet adaptation & runway performance, 6406
background noise intensity vs bar-pressing response & lesions, 8515
behavior interactions & septal & amygdaloid lesions, 3836
behavioral thermoregulation in young vs old, 10916
blood volume & tonicity & sodium appetite, 11985
brain lesion & retention of brightness discrimination, rat, 7398
brain lesion, & exploratory behavior & emotionality, 231
brain lesions & sexual behavior, male, 11911
brain lesions & timing behavior, rat, 275
brain protein metabolism & restricted & enriched environment, 11989
brain RNA metabolism, isolated vs enriched early environment, 7435
brain self stimulation & escape behavior, 3851
brain tissue conductivity & saline solution ingested, rat, 11997
brain weight vs environmental complexity & AChE, 1151
brain, enzyme action, 1139
caesarean delivery & maternal behavior, 7474
caesarian vs normal delivery & survival & weaning weight, 3927
carbon dioxide & retrograde amnesia, 11962
castration & hypothalamus oxygen uptake, 6333
caudate nucleus lesion, & perseveration in delayed task, 2477
cellular & extracellular spaces in brain, 1150
cerebral cortex, isolation of synaptic membranes, 7391
cholinesterase level & body weight & food & water intake, 6359
cholinesterase levels & operant extinction, 6360
cholinesterase level & resistance to extinction, 6361
chronic electroshock & brain physiology, 3848
chronic intravenous infusion in freely moving, 10647
classical conditioning & extinction of licking response, 3974
cold adaptation, 7902
cold-induced stress & age, 6395
conditioned fear & reward magnitude & eating, 9820
continuous punishment persistence & intermittent punishment, 5198
convulsive responses & prenatal X-irradiation, 12958
cortical spreading depression & open field behavior, 3842
counterconditioning of avoidance response & alcohol, 2608
CS redundancy & secondary punishment, 13026
curare conditioning & social behavior & human behavior, 9866

cutaneous vibration & weight loss, 5118
daily exercise & life span, 6314
denervation, normal vs dystrophic muscle biochemistry, 12973
device for partial restraint in operant conditioning, 6122
diencephalon, atlas, 11903
diet-induced phenylketonuria & age, 9745
dietary calcium, & cerebral calcium & learning & retention, 7441
digestive transit time & open field behavior, 12015
direct cortical response characteristics, 3857
dominance, 372
drinking & intravenous sodium chloride, 1219
drinking & self stimulation & hypothalamus electrical stimulation, 11935
early diet & adult food preference, 9780
early experience & adult behavior analysis, 12020
early experience & stress, & emotionality, 3936
early experience & tranquilizer, 3944
early experience, handling frequency, & emotionality, 9778
early visual & auditory stimulation & adult stimulation preference, 9779
early weaning & adult exploratory & avoidance behavior, 2590
ECS & capillary permeability & hemodynamical processes, 6342
EEG shifts in desynchronized sleep, 2511
electroconvulsive shock recovery, 1253
electroshock, vocalization, & CS, 3948
& emotional reaction to odor of other rat, 339
emotionality & environmental stress susceptibility, 10896
environmental complexity & cerebral change & behavior, 10918
environmental impoverishment & social isolation & brain chemistry & anatomy, 11992
estral cycle & hypothalamus, 12934
experimental phenylketonuria vs human, 4532
exploration & visual complexity & maintenance illumination & test illumination, 12031
exploratory behavior & habituation, electroshock stress effects, 5124
extinction resistance & noncontingent partial reinforcement, 5197
extinction resistance, response effortfulness & number of reinforced trials, 13018
fear conditioning & desensitization, 3978
fear conditioning & onset vs offset cue pairing, 5159
fear conditioning & startle response to noise, 9791
female variation & male sexual satiation, 1365
food deprivation & conflict & approach-avoidance training, 12023
food intake & blood mixing, hungry & satiated, 203
food intake & glucose, hypothalamic hyperphagic, 1262
food intake & water balance, 3925
forced intake of salt, hypertension & age, 11960
fornicotomy, ACTH secretion & plasma corticosterone, 5051
frontal lobes lesions & conditioned emotional response, 11919
geometric form preference, 12052
handling, growth & behavior, 2586
heart rate & internal & external cues, 6387
heat stress & retention of visual discrimination, 12999
high altitude adaptation, & resistance to cardiac necrosis, 6393
hippocampal ablation, & operant conditioning, 5049
hippocampal lesion, & food & water intake, 3832
hippocampal lesion, food deprivation & conditioning, 7401
hippocampectomy & response perseveration, 1154
hippocampus & neocortex lesion, retention & reinforcement schedule, 9673
hippocampus lesion, & distraction & runway performance, 2479
hormones & brain development & organization, 9739
hunger level, contaminated food acceptance, 9797
hypothalamic hyperphagic, & weight regulation, 6327
hypothalamic hyperphagic & quinine drinking water tolerance, 6425
hypothalamic self stimulation & CNS lesions, 11917
hypothalamus lesion & thermosensitive locomotion, 6336
illuminated rat lever & electroluminescent lamp, 12793
inbred, for experimental study, growth estimation, 1271
inducing stomach ulcers, 10910
inhibitory centers in sexual behavior, 7532
intelligence, cat & rabbit, 9770
interhemispheric synthesis of competing & complementing experiences, 10914
intracranial stimulation & acquisition & discrimination & extinction, 5061
intrastrain maze performance consistency, 13003
intravenous injections & eating, 3931
isolation & darkness, water intake, 3913
laser radiation & cerebral injury, 5123
lesion of inferior colliculi & audiogenic seizure, 10845
lesion, striate cortex, monocular acquisition & interocular transfer, 12950
lighting during rearing, & conditioning, 3940
limbic structure destruction & behavioral effects, 12947
limbic system functional disturbances & memory, 7406
limbic system lesions & mating behavior & courtship, 10847
litter size & brain development, 13010
magnesium pemoline & ECS, memory enhancement, 12980
marking of newborn, 6404
maternal behavior, early experience, 1279
maternal retrieving, 3946
mechanisms of primary cortical response of somatosensory area, 3869
medial & lateral midbrain lesion & food motivation, 8513
memory consolidation, retrograde-amnesia data analysis, 5155
memory trace localization & cortical spreading depression, 11934
metabolic substrate of CNS & lactate & oxygen consumption, 3876
mice reared, & adult behavior, 8658
motivational changes & lesions in mesencephalic reticular formation, 225
mouse killing & punishment & stress, 12099
muscle reinnervation, nerve endings & atypical spindles, 3830
neocortex lesions & visual placing behavior, 9664
neonatal castration & sex reversibility, 12112
neonatal catecholamine injection & later behavior, 6385
nephrectomy, food deprivation & water intake, 12957
norepinephrine brain stimulation & eating, 2483
olfaction & radiation detection, 1199
olfaction threshold determination method, unrestrained, 9450
ontogenesis & spreading cortical depression, 3839
parabiont, humoral mediation of radiation-induced motivation, 2564
pattern preference in visual cliff, & chick, 7509
permanent electrode holders from micro-miniature connectors, 8288
phenobarbital injections & drinking, 7439
pineal & submaxillary glands, noradrenaline content control, 5091
pineal gland, noradrenaline & dopamine content, 5089
preference for signal-shock vs shock-signal, 9816
pregnancy & licking & mammary gland development, 6422
prenatal experience & foster mother strain effect on behavior, 2587
prenatal hypoxia & emotionality, 3942
prenatal stress & offspring behavior, 312
preoptic lesion & sexual behavior, 6481
proactive inhibition in maze habits, 1303
problem solving & experience at different ages, 5144
punishment & vicious circle behavior, 10975
punishment, & response suppression, 1358
pure oxygen inhalation with low pressure, 306
radiation & central nervous system, 6392
radiation detection & olfactory bulbs, 11912
radiation effect on on-going tasks, 309
radiation repeated low dose exposure, 11998
reactivity to adrenalin & anxiety, 3877
reconditionings, deprivation & incentive quality & reinforcements, 1301
recovery from shock punishment, 4022
response perseveration & hippocampal ablation, 10848
restraining device for eyelid response measurements, 12789
retention, alley brightness & reward magnitude, 10976
reticular formation lesions & arousal, 5053
retina, adrenergic neuron, 5069
retinal receptor response, stain density & stimulus magnitude, 3867
retrograde amnesia & ECS & carbon dioxide, 12034
RNA in brain during complex tasks, 291
running speed, dextrose-alcohol shifts, 3959
self brain stimulation & pulse frequency, 3843
self brain stimulation & extinction, 6343
septal & hypothalamic self stimulation & dorsal midbrain stimulation, 11938
septal & perifornical hypothalamic lesions, septal syndrome, 9677
septal lesions & spontaneous alternation, 11913
sexual behavior & sensory feedback, 6476
sexual behavior, reared in isolation, 4027
sexual contact regulation & peripheral factors, 6478
skin resistance & repeated shock, 10912
sleep phases, EEG study, 2506
sociability, display & rearing, 7533
social isolation & eating behavior, 2644
social isolation & timidity, 2643
sodium appetite satiation & taste & stomach loading, 11996
sodium-depleted, & sodium chloride appetite, 1220
somesthesis & electroconvulsive shock, 7434
spreading cortical depression & retrograde amnesia, 8524
spreading cortical depression & habituation transfer, 9684
spreading depression & interhemisphere transfer of avoidance, 9674
stability & control of conditioned noise aversion in tilt cage, 10933
startle depression, 1260
startle response, habituation & heart rate, 10887
stress & tyrosine transaminase induction inhibition, 9756
stress, & adrenocortical changes, 7467
taste detection indices, 10862
taste preference of sweeteners, & monkey & man, 1270
taste preference, & age, 1259
taste preference, distilled & tap water, 6356
taste solutions & olfaction, 11950

temporal conditioning, data collection & feeding time, weight-loss schedule, 12841
thalamus & limbic lesions & self-stimulation, 7396
thirst, & extracellular fluid, 10872
threshold for conditioned suppression using X-rays, 3973
thyroid activity after high spinal section, 302
totally & partially reinforced trials, direct placement vs running, extinction resistance, 12091
UHF radio stimulation & visual acuity & flicker fusion, 3921
ulceration rate, & social environment, 7469
unconditioned response morphology & shock intensity, 11897
unilateral & bilateral spreading depression, water intake, 1148
urinary sodium & potassium & prolonged environmental stress, 9754
vestibular sense, rotation & streptomycin sulfate injection, 5075
visual cues in perseveration behavior, 8607
visual neocortex lesion & visual cliff preference, & rat, 5046
visual-cliff preference & rearing & test conditions, 5138
water intravenous injection & water & food intake, 7460
water regulation, drive intensity & FR responding, 6426
water regulation, osmotic stress, 7468
weaning & memory trace & conditioning, 3938

Rat/Activity
adrenal medulla & sympathetic ganglia, 10836
appetitive thresholds of hypothalamic feeding area, 7418
& avoidance, conditioned suppression & brain lesion, 3837
& brain lesions & behavior in maze, 8512
chlorpromazine, & social behavior, 9736
circadian rhythms & random lighting, 7465
conditioned reflex & body temperature, 3967
cortical spreading depression & scopolamine, 6332
& diet & fat vs carbohydrates vs protein & behavior of aging, 8576
& dietary pattern change & CNS excitability, 8582
differential rearing & later free vs forced exploratory behavior, 11994
diurnal cycle & adiurnal lighting & feeding, 9742
early experience, handling & temperature change, 6417
& exercise, spontaneous, 8578
exploration & food deprivation & age, 10924
exploratory behavior & cortical spreading depression, 8523
exploratory, & latent learning, 342
food & water deprivation & energy, 12000
& food deprivation & direct observation, 10917
genotype & prenatal & premating stress & adult behavior, 2592
hypothalamus chemical stimulation, 7409
instrumental, & protein diet, 251
lever pressing & chlorpromazine & septal lesions, 8564
lever pressing rate & ribonucleic acid, 8546
maternal behavior, primiparous & multiparous, 1282
mescaline analogues, 5112
motor restriction & later activity & intelligence, 5121
muscular, & temperature, 7463
object directed, & food deprivation, 8601
open field & learning & time of day, 9802
preweaning stress & later locomotor behavior, 8592
& protein diet, 202
rhythms & adiurnal light-dark control, 9768
running time & goal box complexity, 10925
social facilitation of exploratory behavior, 8665
& sound vibrations & Skinner box, 10937
spontaneous alternation & middle ear disease, 5167
spontaneous, & maze learning & deprivation, 8570
startle response decrement & secondary reinforcement, 5149
stress during pregnancy & offspring open field activity, 1278
test chamber, 12797
ultra high frequency radiation, 1247
ultrasonic measurement & automatic analysis, 12012
visual acuity, preference technique, 1215
water runway, drive summation, 310

Rat/Avoidance in
acetylcholine concentrations in brain, 5113
acquisition & extinction, & shock schedules, 5176
acquisition & response consequences, 6460
acquisition & retention, & scopolamine, 9728
air blast in shuttle box, 7518
alcohol & conditioned, responses, 10955
amobarbital & response acquisition, 11971
amobarbital dosage level & learning, 5103
amygdaloid lesions, 5040
brain lesions & cold stress, 7400
& chemical stimulation of reticular formation, 4003
classical conditioning, delayed shock UCS termination, 3996
& conditioned emotional response & ECS, 5201
conditioned, & CS intensity & amobarbital sodium, 8635
conditioned, amobarbital sodium & meprobamate effects, 4009
conditioned, response & blood plasma from chronic schizophrenics, 11352
conditioning & limbic system, 6331
conditioning, ethanol intake & acquisition, 2607
conditioning, intertrial interval, 4001
conditioning, shock intensity, 9838
constant current shock intensities, 8632
constant current shock intensities, 8633
& continuous reinforcement with aversive light intensity, 356
continuous vs discontinuous shock, 5177
CS characteristics, 9811
CS duration during fear conditioning, 5175
& cue complexity, 1341
decrement prevention, 12061
discriminated bar press & intertrial intervals, 4007
discriminated, drug modification, 2556
& discrimination procedures, 13027
ECS, 1330
& EEG & tranquilizers, 5093
electroconvulsive shock & place of recovery, 4004
& escape learning, in shuttle box vs maze, 13038
eserine, & age differences, 12977
extinction & counter-conditioning, 9861
extinction & punishment, 5179
extinction & stimulus associated with nonshock confinement, 9839
extinction by shock reduction, 9862
extinction resistance & CS only trials & response, 4024
extinction resistance & reinforcement amount, 5189
extinction, shock & prompt signal offset, 9863
extinguishing shock-avoidance response punishment by time-out, 4023
facilitation, 12068
fear & electroconvulsive shock inhibition & facilitation, 7515
fear generalization & delayed testing, 13034
fear, reciprocal inhibition & desensitization, 12069
& fighting & response to aversive stimulation, 5181
fixed ratio shock, 12073
foot shock intensity & electroconvulsive shock, 6459
free-operant avoidance behavior acquisition, 8637
gastric ulcers & alcohol & approach, conflict, 8636
genetic selection, 1254
hippocampal brain lesions, learning, 11915
hunger & goal box pairing, 10930
hypoxic environment, 1032
incompletely learned response retention, 12060
inhibition of & ECS, 4000
interhemispheric transfer, 7494
learning & retention of, & age, 1339
learning & retroactive ECS facilitation, 3997
learning & shock intensity & type, 6458
learning, CS omission, 8631
learning, CS-US interval, 13032
learning, shock intensity, nondiscriminative, 2626
learning, strychnine sulfate, 1333
& liberal dilemma in assassination of President Kennedy, 4170
medial geniculate lesions & noise aversion retention, 12952
methylphenidate & stimulus control of ratio, behavior, 10959
multiple reinforcement schedules, 370
nicotine, & escape learning, 12974
noise & shock, relative aversiveness, 1329
nortriptyline & behavior changes, 9733
performance & cocaine & pipradrol, 11975
perseveration, extinction, septal lesion, 11916
potassium chloride & brain spreading depression, 11958
pre & posttrial stimulation, retention, 12064
pressurized air vs shock conditioning, shuttle box, 12072
prior sleep deprivation & shock trauma, 3995
prior tumbling-trauma, & learning, 3994
punishment & response decrement, 9834
punishment location in response sequence, 9835
radiation as noxious stimulus, 7514
rapid acquisition technique, 12066
reinforcement & conditioned stimulus termination, 12063
reinforcement schedule, 9852
reinstatement & early fear & clinical & developmental theory, 12065
response perseveration & hippocampectomized rat, 3833
response prevention & extinction, 6457
response rate & session length, rat, 1334
retention & amygdala lesions & overtraining & nonovertraining, 11923
retention & spreading cortical depression, 11930
retention, ECS following avoidance trial, 13036
retention, ECS following avoidance trial, 13037
retrograde amnesia & 1 trial learning, 3998
rotation stimulus & conditioned suppression, 9837
scopolamine, 2555
self-punitive behavior & massed practice, 1328
septal lesions, conditioning, 227
shock & probability learning, 12062
shock avoiders & nonavoiders, 8611
shock intensity, 1327

shock intensity & degree of fear, conditioning, 12059
shock intensity & morphine & deprivation, 4005
& shock presentation schedule, 7513
shock scramblers, 12787
shuttle box performance & amphetamine, 9734
sucrose & X-ray exposure, 9747
suppression of mouse-killing, 7484
time estimation & double avoidance technique, rat, 8630
& transfer & chlordiazepoxide, 7449
transfer to cue, gustatory vs audiovisual vs toxin stimuli, 4002
& traumatic shock & X-irradiation, 10961
UCS intensity & response latency & extinction, 4006
& UCS shock intensity, 2627
1-trial learning & retention, Kamin effect, 4008

Rat/Deprivation in
adjustment to 23 hour water, & 2 conditions of food availability, 7486
antidiuretic & water, 1238
approach-avoidance conflict, & morphine & shock, 4005
auditory, during pregnancy, & offspring mortality, 1248
bar press performance & heart rate, 9809
body sodium, & sodium vs non-sodium salt acceptance, 1221
cyclic & continuous, & wheel running & weight loss, 1266
early social, & maternal behavior, 4033
food & water, & maze performance, 2582
food & water, sucrose reinforcement thresholds, 5182
food preferences in thiamine deficient rat, 3878
food, & acquired hunger drive, 9822
food, & conditioned emotional response retention, 9818
food, & radiation mortality, 10892
food, & reactivity to shock, 6423
food, & swimming to exhaustion, 8572
food, activity & exploration & age, 10924
food, adjustment to repeated, 1291
food, conditioning, & noxious stimuli, 9794
food, early experience, & later hoarding, 5143
food, unreinforced & light reinforced bar pressing, 10969
food, water availability & adjustment, 3911
heart rate during deprivation & consummatory activity, 9741
higher nervous activity & starvation & thirst, 7466
nephrectomy, food, & water intake, 12957
probability learning, & pretraining, 9806
retarded readers, reversals in & spelling, 10468
& saline preference determined by contingent licking, 335
satiation & latent learning with food stimulus, 13015
sensory, & bar pressing, 9746
sensory, & preference for shock, 9743
sleep, & brain acetylcholine, 12995
sleep, & microsleep responses & EEG, 2500
sleep, & recovery sleep, 9750
sleep, paradoxical phase & electroconvulsive shock threshold, 2252
sleep, sleep cycle & micro-sleep, 9751
slow learner needs, 10466
social & motor, at early age & discrimination learning, 8571
social & motor, maze learning & spontaneous activity, 8570
sodium, & desoxycorticosterone-treated & salt intake, 6366
& spelling, beginning teaching methods, 10427
water deprivation schedule adaptation, 11993
water, & EEG, 1182
water, & regulation of hydrogen ion homeostasis, 8597
water, & water associated cues & heart rate, 11983
water, & water intake, 6403

Rat/Discrimination in
acquisition & discriminanda nonrewarded exposure, 12054
auditory intensity, & transference to increased intensity, 350
avoidance learning & discontinuous shock, 2618
avoidance, & tone variation, 13027
bar-press avoidance, short intertrial intervals, 4007
bet avoidable & unavoidable shock, in rat, 351
brain lesion & retention, 7398
brightness, increasing difficulty, & conflict, 13030
deprivation & pretrial information, 9833
deprivation at early age, 8571
differential conditioning & prior experience with discriminanda, 8614
dimensional shift & reversal, & children, 9776
direction & thickness & form, perceptual selectivity, 2620
early isolated vs enriched environment & emotionality, 12017
extradimensional reversal shift problem, 10951
hypothalamic stimulation reinforcement, 11933
incidental cue learning, 3987
interindividual recognition, 13029
interocular conflict, 1324
irrelevant stimuli as subsequent discriminanda, 5172
learned brightness, & occipital cortex lesions, 3835
learning & differential conditioning, 5165
learning set effect, 417
light vs light & noise as stimulus, in maze, 8608
multiple-choice elimination problem with 5 paths, 5168
neodecorticate rats, & cues, brightness, 2475
new operant & extinction, 9821
& noncontingent reversal training, & reversed problem, 5173
operant, & stimulus alternation rate, 6448
pentylenetetrazole & methylphenoxypropane, 7445
& physostigmine & cat, 10952
position, nonrewarded forced responding, 8628
reversal & septal area electrostimulation, 11931
reversal, brightness, & overlearning, 12056
secondary reinforcement, brightness, 4017
sensory interaction & tone on visual acuity threshold, 319
spatial orientation & place vs motor response & choice after reversal, 12046
spatial, reversal & pentobarbital, rat, 11972
split alley for brightness control, 9451
& stimulus distinctiveness, 3628
stimulus intensity & response duration, 10945
& stimulus location along auditory intensity continuum, 8624
successive paradigm, cue schedule, 1321
successive reversals, visual, brightness & orientation cues, 9831
successive, cue position & pretraining effect, 354
sucrose reward pair variation, 1317
transfer & response class, 1325
transfer of discrimination, 5169
uncrossed optic fiber systems, albino & hooded rat, 5077
white noise intensity, 6456

Rat/Drug Effects in
acetylcholine, in brain, during avoidance behavior, 5113
adult dominance behavior & early drug treatment, 3928
amobarbital & avoidance response acquisition, 11971
amobarbital sodium & meprobamate, avoidance conditioning, 4009
amobarbital sodium & CS intensity & conditioned avoidance response, 8635
amobarbital to nondrug state & training transfer, 2541
amobarbital, conditioned emotional & avoidance response, 5102
amphetamine & avoidance conditioning vs age & problem difficulty, 10874
amphetamine & avoidance conditioning, 11966
amphetamine & lever pressing, modification by experience, 2551
amphetamine & multiple reinforcement schedule performance, 9718
amphetamine & shuttle-box avoidance performance, 9734
amphetamine & visual discrimination habit & decortication, 3824
amphetamine suppression of food intake & hypothalamus lesion, 6323
amphetamine tolerance development & behavior, 9735
& antagonistic actions, 3887
anticholinesterase in hippocampus, & amnesia, 3884

time out fixed ratio & pre-ratio pause, pigeon, 2640
total vs partial, reacquisition, rat, 13047
2nd order, pigeon, 13021

Reinforcement/Delayed
& acquisition & extinction, rat, 8656
aversive conditioning, 8639
choice & verbal persuasion & model, 9648
concurrent situation, pigeon, 2632
conditioned stimulus duration & performance speed, children, 9911
consumption time & motivation, rat, 9788
discrimination learning in childhood, 8701
discrimination learning & activity level, retardates, 13460
discrimination task, retardates, 9173
expectancy changes, 8399
experienced early, & deprivation & temporal integration, rat, 8595
& feedback, children, 11829
partially, & cue utilization & frustration, rat, 12086
preference & disturbance severity, psychiatric patients, 10270
preference & observational learning, children, 9888
& response strength, running speed in rat, 6471
retention of verbal learning, 3760
shock termination in escape learning, rat, 2623

Reinforcement/Light
age & light deprivation, rat, 1351
chicken, 7526
& learning development, rat, 1304
stimulus generalization, pigeon, 5184
& unreinforced bar pressing & food deprivation, rat, 10969

Reinforcement/Negative (see also Punishment)
& conditioned punishment in pigeons, 371
learning, isopod, 8644
& reaction time, young chimpanzee, 4018
self, & frustration & intropunitiveness, 7290
shock delay preference & intensity & probability, 11827
shock frequency reduction, 10957
vs positive, verbal, & reference scale formation, depth perception, 12821

Reinforcement/Partial
acquisition & extinction of classical conditioning, planarian, 6439
acquisition & later discrimination learning, rat, 13045
acquisition goal gradient & response chain extinction, rat, 3960
apparent patterning effects in, 1090
classical conditioning, pigeon, 5193
contingent, & choice behavior, rat, 9843
& continuous & resistance to extinction, puppy, 6472
delayed, & cue utilization & frustration, rat, 12086
direct placement vs running, & reinforced trials, extinction resistance, rat, 12091
effect transfer, rat, 10971
extinction resistance, & previous continuous reinforcement, rat, 8643
eyelid conditioning, inhibition by post trial stimulation, 2335
eyelid conditioning, & stimulus intensity, 8426
intracranial self stimulation, rat, 12963
latent learning, satiation & food stimulus, rat, 13015
noncontingent & runway response extinction resistance, rat, 5197
paired associate learning, associative & free recall, 9576
paradigm & programed instruction, 7005
sequential effects hypothesis, 12077

Reinforcement/Secondary
acquisition & verbal behavior, 12897
brain stimulation, & extinction resistance, rat, 12093
brightness discrimination, rat, 4017
frustration, concepts & human instrumental conditioning & extinction, 10799
generalized vs simple, & performance, rat, 10966
informative & noninformative stimuli, 9842
informative & noninformative stimuli, 9854
learning in children, & frustration, motor task, 7350
motor task & frustration in children, criticism, 11826
motor task & frustration in children, reply, 11828
preschool children, conditioning, 12141
& startle response decrement, rat, 5149
& stimulus duration, 6267
stimulus duration, children, 9603
stimulus duration, children, 9606
theories, learning & drive, reinforcement schedule, book, 8462
tome, & brain stimulation as primary, rat, 4016

Reinforcement/Verbal
anxiety & verbal performance, 12301
approval motivation & memory for faces, 11859
& attitude change, & interview situation, 482
attitude change, structured interview, 9996
children, effectiveness, age & social class, 7563
counseling, 3253
discriminability vs reinforcement in verbal conditioning, 12874
evaluative meaning words, & semantic differential, 3759
hypnosis & rote learning, 8378

& anticonvulsant properties of diacetylmonoxime, 10875
DL-amphetamine on runway performance, rat, 2544
postnatal behavior, rat, 3894
& sleep-dream cycle & EEG & eye movement, 10876

Respiration
breath rate & chlorpromazine & speech behavior, 6375
classical conditioning, sheep, 12040
& discriminative heart rate conditioning, 6389
disease & suicide, & cardiac disease, 4402
EEG, visual stimuli, & cardiac cycle, 2495
& EKG & EEG in alcoholism, 7865
& heart rate acceleration, dog, 11982
hyperventilation & awareness & EEG, 11941
ileocecal interoceptors stimulation, & heart rate, cat, 7459
& mental activity in sleep, 4854
& motor responses to midbrain stimulation, cat, 3844
movement types & vigilance in waking man, 122
rate & alcohol odor intensity & psychophysical analysis, 2533
sleep, eye movement, pattern, 965
subthreshold stimulation conditioning, dog, 7501

Response (see also Response Latency, Delayed Response, Set/Response)
alerting, 2 choice situation, fixed vs variable S-R mapping, 12858
alternation, millipede, 8584
amplitude & reinforcement, children, 9890
automatic monitoring by computer program for emergency procedures, 12669
availability & association by contiguity, 4958
availability & forgetting, 11862
availability & list length & serial paired associate learning, 11791
bias & flicker sensitivity & instructions, 8292
bias & Murdock's D scale, criticism, 12801
bias in Shannon Guessing game, 194
bias, & perceptual defense, 2168
bias, authoritarianism scales, 2916
catatonic schizophrenia, vegetative & motor, 6866
chain rate & pattern, & acquisition & extinction, 1048
complexity & reaction time, 10771
complexity & signal effects on 18 hours of visual monitoring, 6209
conditional & unconditional autonomic, sleep, 8369
contingencies in teaching machine programs, 7021
continuous, task & nondeterminate contingent reinforcement, 4729
continuum, correlated urn-scheme model, 861
differential & supplementary knowledge of results, 2391
differential, & intertrial interval & alternating reinforcement schedule, rat, 13046
differentiation of verbal behavior, & reinforcement, 8459
dissimulation & control, MMPI & Mooney Problem Check List, 8859
dominance & associative strength in concept attainment, 5001
duration & stimulus intensity & generalization, rat, 10945
efficiency & auditory & visual stimuli, psychotics & normals, 11774
effort & avoidance conditioning & extinction resistance, 10956
effort & learning & extinction, rat, 10973
effort & postasymptotic performance decrement, rat, 10931
effortfulness, & number of nonreinforced trials, extinction resistance, rat, 13018
evoked, & visual cortex response dependence, 9704
extinction induced rate & aggression, rat, 10977
extreme, & Rorschach & age & sex & intelligence, 2911
factors, patient behavior, 1333
familiarization & meaningfulness & PA learning, 11811
force & fixed-interval reinforcement, rat, 4013
force & reinforcement & operant response extinction, 10782
force, escape learning, aversive heat, monkey, 10958
free response-speed & individual differences, 8851
frequency, & avoidance conditioning, in goat, 357
Freud's, & 2 dreams from his childhood, 8984
goal cues, forgetting during retention interval, rat, 9801
guidance vs trial & error learning, 1015
hierarchies, formation & maintenance & generalization, 3701
hierarchy maintenance & alternative response occurrence & instruction, 11846
instrumental performance & reward schedule & age, children, 13075
instrumental, postextinction revival & acquisition stimulus vs reintroduction, rat, 12097
intensity in stimulus generalization, 56
intent to respond & reaction time speed, 8410
& interresponse time & variable ratio & interval schedules, 365

interresponse times & differential punishment, rat, 6475
item, characteristics in attitude & personality measurement, style, 12335
length, & score, Holtzman Inkblot Technique, 13208
light & experimental procedures, planaria, 12029
light or buzzer & visual or auditory deprivation, 8363
meaningfulness vs S meaningfulness & R-S learning, 4942
motor, short-term memory, 3762
object responsiveness in free-ranging monkeys, 5135
operant rates & Metrazol, rat, 11970
original, on intelligence tests, 7696
paired-associates learning & stimulus exposure time, 4950
pattern, & punishment & reward, 2 choice game, 12860
patterns, & concept attainment behavior, 185
patterns, probability learning, 5007
perceptual discrimination contingencies & stimulus conditions, 9552
period & interference in P-A learning, 2380
perseveration & hippocampectomy, rat, 1154
positive evaluative, preference in concept learning, 2324
positive reinforcement disruption, matching, 12898
power law, validity, 3527
prediction & multidimensional response from unidimensional stimuli, 2286
printing counter, 12788
probabilities & latencies of finite Markov chain & stochastic model, 10584
psychometric styles & personality correlates, 12338
questionnaires completed in or out of classroom, 31
rate & conditioned suppression & variable ratio reinforcement, pigeon, 8616
rate & FI reinforcement & time relationships, pigeon, 13042
rate & fixed ratio reinforcement, turtle, 12079
rate & session length, rat, 1334
rate change vs rate constant & reinforcement probability, pigeon, 13041
rate during x-irradiation & recovery, rat, 9749
rate recovery during mild punishment, pigeon, 8654
rate, acquisition with reinforcement & extinction, rat, 3960
reaction time to new vs repeated signals in serial task, 7303
& recognition training film in tennis, 763
reinforcement probability & rate constant vs change, pigeon, 13041
& reinforcement spatial separation & DRL performance, rat, 12078
relevance & fluency & uncommonness & training & instructions, 12323
repetition & stimulus alternation, children, 3718
repetition following verbal outcomes & procedure variations, 6241
repetition, & serial-choice task, of limb movement, 126
restrictive & stimulus complexity, 2318
rewarded, suppression & punishment & reinforcement schedule, 11831
scale, judging-process of stimuli, 3537
shift in discrimination learning set, monkey, 3982
similarity & repetition of alternatives in paired associate learning, 8444
social desirability value & choice, Rosenzweig P-F Study, 9444
social reinforcement & rate as response measure, 12900
speed & goal blocking & effortfulness, children, 6198
speed & incentive value & nonreinforcement, kindergarten, 4076
speed & reward magnitude, differential conditioning, rat, 9812
speed function of age & incentive value & reinforcement schedule, 5245
speed, mental retardation, instrumental conditioning, 12580
spontaneous & orienting, sleep, 8367
stability & word association chains, 5432
stereotype & anxiety & experimental critique, 5477
stimulus temporal changes & frustration, rat, 10935
strategies & transfer in pattern vs component discrimination, 4909
strength measure, running speed in rat, 6471
strength measures & stimulus generalization, pigeon, 8610
structure, to sequence of binary events, 11632
style & hypnotic suggestibility & Guilford-Martin personality scales, 2261
style & item difficulty, report writing tests, 3382
subject, & experimenter expectancy & influence, 9454
subject, to TAT & stimulus values & examiner, 10139
suppression & punishment schedule, 7488
time & information input with key-pressing, 6220
time & superseding signal effect, 11881
time & visual search & noise & persistence & acuity, 7248
time, successive signals & intersignal interval, 139
to sensory stimuli of hippocampal neurons, rabbit, 221
transfer & verbal association strength, 2341
uncertainty & perceptual difficulty of auditory temporal patterns, 11746
uncertainty & stimulus uncertainty, perceptual recognition, 12802
unconditioned, & electric shock, cat, 1338
unconditioned, morphology & shock intensity, rat, 11897
vicarious & direct threat, 8383
visual & pronouncing, orienting task & incidental learning, 4916
visual & tactile discrimination of same object, differing, monkey, 9829
visual placing, & neocortex lesions, rat, 9664

Response Latency
aversive conditioning acquisition speed, 10780
choice transitivity & stochastic dominance & laterality, 11885
electrical brain stimulation & coagulation, monkey, 8517
extinction tests & chronic exposure to fast neutron radiation, monkey, 9864
eyeblink conditioning, & response slope analysis, voluntary & nonvoluntary responses, 12872
& familiarization in verbal learning, 1061
generalization gradients to light stimulus, rat, 4011
inductive reasoning & impulsivity, children, 12152
memory-dependent decision task, 12929
model, paired associate learning, 4728
& perceptual & conceptual task difficulty, retardates, 713
projective techniques, & caution, & school achievement, 4th grade, 12352
reduction by differential reinforcement, monkey, 9850
self administered shock & intensity & probability, 12926
stochastically & temporally dominant choices, 11886

Retardate (see Mental Retardation)

Retention (see also Forgetting, Memory, Recall, Recognition, Reminiscence)
& acquisition, short term memory, presentation & response modes & stimulus type, 11854
affective material, frame of reference vs intensity theory, 9614
alternation learning &, cingulate cortex ablations, rat, 1152
associative rules for recall & misrecall, 12904
avoidance reflex & prefrontal lobectomy, cat, 8516
avoidance response & amygdala lesions & training, rat, 11923
avoidance response, & spreading cortical depression, rat, 11930
avoidance, pre & posttrial stimulation, rat, 12064
brain lesion, of brightness discrimination, rat, 7398
cerebral ischemia, & learning, dog, 9714
& chlordiazepoxide, pigeon, 6379
delayed auditory feedback & exposure time, 2406
distributed vs massed practice, 11814
ECS following avoidance learning trial, rat, 13036
ECS following avoidance learning trial, rat, 13037
ECS, response-shock vs trial-test trial interval, rat, 2599
error forewarning effect & learning, 3354
ethyl alcohol & delayed response test, monkey, 2622
& feedback from college exams, & transfer, 175
heat stress, of visual discrimination, rat, 12999
higher order & generalized retention curves, 7356
incompletely learned avoidance response, rat, 12060
& instruction method, retardates, 6990
interval & meaningfulness & cue complexity in trigram recall, 2365
& learning of word pairs & varying degrees of association, 11813
& learning theory & transfer & review of organization efforts, 10777
logical & symbolic material, cultural & educational influence, 4568
meaningful material & prequestioning conditions, 8464
meaningfulness & measurement method effect, 164
overt vs covert responding to programed text, 5914
paired associate learning, acoustic similarity, 12883
programed text & narrative version instruction, 11472
recognition learning, & length & changes, interval, 11817
response hierarchies, 3701
sensory deprivation, verbal material
sentence, & grammatical factors, 10791
short term, & incentive & incentive-cue position, 10812
short term, presentation rate effect of paired associates, 158
stimulus, auditory, 11743
time & method of recall, spontaneous recovery, 7354
verbal learning & acquired word value, 8455
verbal learning prior to non-REM sleep, 10731
visual, Benton test, 1549
word association & English approximation in verbal learning, 9616

Reticular Formation
chemical stimulation & avoidance responses, rat, 4003
cortical & subcortical unit activity changes & behavior conditioning, cat, 10932
lesions in mesencephalic, & motivational changes, rat, 225
mesencephalic, electrical responses to peripheral stimuli, cat, 11948
metabolism control, electrical stimulation, 5033
midbrain, atropine blocking, & appetitive response, 7410
papaverine & thiphene & dibazol, rabbit, 3902
schizophrenia, hyperarousal & responsiveness to drugs, 5743
stimulation & generalized drive in rat, 256
tegmental lesions, arousal, saccharin & novel stimuli & light, 5053
thalamus stimulation & recruiting response, 5062

Retina (see also Electroretinography, Eye)
abnormal displacement, image during eye movement, 11740

adrenergic neuron, various animals, 5069
anatomy & physiology, 212
angiospastic retinitis & psychosomatics, 6893

Sociometry
alienation, measures intercorrelations, 5323
county seat & small town growth, 2740
data processing by computer, 8237
identification & multivariate discriminant analysis, 12767
interaction process analysis & scoring & reliability, 6542
matrix representation of communication nets, 8208
method, & sociograms, & social perception, 6536
multilingual groups & interpersonal relations, 10055
& participation in autonomous & trainer-led patient groups, 5573
questionnaire & heterosexual interest, adolescents, 4147
replication technique, chance reproducibility & scalogram analysis, 9390
selection, institutionalized children, 1708
sociogram, classroom, 13483
structural analysis & generation of sociograms, 10611
techniques for study of twins, 10993

Sociopathy
acting out in psychiatric ward, & hysterical patients, 1712
actional procedures in group psychotherapy, women, 8975
& anxiety, Lykken reply to criticism, 8891
character disorders & psychiatric treatment, 11296
crime & delinquency, prevention & penal treatment, book, 10255
electrodermal systems, 5662
GSR responses, 4391
instrumental learning, 9008
mentally ill murderers, perception of leaders in photographs, 10251
& paranoia, resistance to psychotherapy, 4435
psychotherapy, 5521
sociological & psychiatric development, book, 13320
& verbal behavior analysis & psychological defense mechanisms, 7862

Sodium Chloride
appetite & sodium-depletion, rat, 1220
appetite satiation & taste & stomach loading, rat, 11996
appetite, formalin effect, rat, 2547
forced intake, hypertension & age, rat, 11960
induced locomotor depression & time, mouse, 8551
intake of desoxycorticosterone-treated & sodium-deficient rats, 6366
intravenous, & drinking, rat, 1219
licking saline solutions & reinforcement schedule, rat, 9855
preference, & sweetness, scales, 3666
qualitative identification of taste, sucrose stimuli, 11750
saline solution ingested & brain tissue conductivity, rat, 11997
sodium deprivation in rat, 1221
& water intake analysis & schedule-induced polydipsia, 6407

Somesthesis (see also Kinesthesis, Skin)
cerebral cortex & evoked activity in cerebellum, cat, 3845
conditioned vestibular sway & CS-UCS interval, 11762
cortico-rubral connections of brain somesthetic areas, cat, 8521
electrical stimulus pattern & temporal acuity, 7272
electroconvulsive shock effect, rat, 7434
nervous system & senses & emotion & learning & brain lesions & motivations, book, 12939
perception of verticality, leg amputation & position, 11758
& reaction time, depressed patients, 11323
senses, annual review, 4850
sensory response distribution through transcortical derivation, 247
system activity during waking & sleep in cat, 258
vibration perception thresholds, normals & patients, 3672

Sorting (see Categorical Behavior)

Sound (see also Audition, Loudness, Noise)
auditory fusion frequency of intermittent sounds, 4842
complex, identification learning & prompting vs confirmation, 2393
complex, rating & composite instructional set, 3709
discrimination test, & cerebral palsied & mentally retarded, 702
discrimination test, & cerebral palsied & mentally retarded, 703
discrimination test, Form A, for mentally retarded, 725
heartbeat & imprinting, neonate, 9883
immobility response, guinea pig, 6409
intensity generalization & light & 2-stimulus discrimination, 6226
loudness, & matching vocal response, 90
memory for pitch of tone, 11832
perception of continuity & alternating tone & noise, 10700
pitch recognition, 6171
pre-set environmental tones & human whistling behavior, 8346
reaction time & light variables, 2311
sonar doppler discrimination & visual alertness indicator, 6169
stimulation & methionine sulfoximine, cat & rat, 9737
stimulation & single unit activity suppression in cochlea nucleus, 1213
time estimation, intermittent, child development, 13094
tone complex, auditory spectrum analysis, 10712
tone sameness & difference judgments, decision time, 2438
tone-color pairs in paired associate learning, 9551
tone/brief, simultaneous masked threshold changes, 2240
UHF radiation & behavior, rat, 1247
vibrations & behavior in Skinner box, rat, 10937
vibrations & tactile threshold & deafness, 692
& visual acuity threshold & sensory interaction, rat, 319

Sound Localization
cutaneous vs auditory, 2166
inferior colliculus neural mechanisms, cat, 7431

lateralization of weak signal with noise, 10710
Space Flight
computer systems for human factors, data, 7193
dial reading & vibration & head restraint system, 11575
handwriting, weightlessness, USSR, 2250
human spatial orientation, book, 11614
perception & weightlessness, 4781
sleep & circadian cycles, 9314
training, projection screen surface, 7123
vision, environment, book, 925
weightlessness & performance, 2016
weightlessness, sensory & cognitive capabilities, 9309
Space Orientation (see Orientation)
Space Perception (see Perception/Space)
Special Education (see Education/Special)
Species (see Animals)
Speech (see also next headings, Voice, Verbal Behavior)
acoustic & electrophysiological correlates of stress & stress perception, 10747
acoustic phonetic theory, 9126
apparatus for objective listening to own speech, 9452
apparatus, transistorized voice operated relay, 6121
child, 1 yr old, situational factor, 13073
& chlorpromazine & breath rate, 6375
deaf & hard of hearing, book, 4525
defensive patterns, 13177
delayed & distorted auditory feedback, 2303
delayed auditory feedback, schizophrenic, 1828
development, psychoanalytic interpretation, 3089
direct assessment of student speaker effectiveness, 11126
disruption as anxiety measure, 1574
disruption, uncertainty & test anxiety, 2264
emotion, expressed by larynx movement, 2269
emotional stress in interview, parents of problem children, 10354
English, sound frequency in verbalization, schizoid children, 5730
experimental phonetics, mechanisms & intelligibility, book, 11123
free-speech characteristics prediction, aphasics, 7998
fundamental frequency characteristics of mongoloid girls, 7994
interviewee, & preinterview set, 785
intonation interpretation ability, schizophrenics, 6861
LSD-25, alcoholics, predictability & volubility, 3110
mothers of schizophrenics, 9041
& motor vulnerability, infants, 6490
pathologists & audiologists, physically handicapped, 11524
patterns & fantasized achievement, 4263
pausing time, speech-silence ratio, spontaneous, & problem solving, 3713
personal characteristics, 2 vowel analysis, 2302
& physical auditory stimuli & rejected channel decisions, 11883
physiological theory of phonetics, 9127
schizophrenia, 5744
schizophrenic, quantified measures, 10290
schizophrenic, quantitative analysis, 12509
sex differences, empirical vs creative, style & knowledge of effectiveness, 11119
speaker dynamism & audience recall, 11115
spontaneous, generation & irrelevant, blocking, 12291
training by operant conditioning, autistic child, 766
training in phoneme discrimination & articulation, 10457
variations, speed & pauses, vs oral reading, 4197
vibrato, pitch & frequency & amplitude, 6177
when alone, stutterers, 3284
Speech Articulation (see Articulation)
Speech Intelligibility (see also Speech Perception)
& hearing-aid performance, 10706
modulated noise masking & interference, 9517
performance-intensity characteristics of synthetic sentences, 10708
pronunciation dialect change & self-administered procedures, 10705
recordings from forehead & other positions bone conduction, 1135
release from masking, 2238
& time altered speech stimuli & age differences, 10702
Speech Perception (see also Speech Intelligibility)
& active use of grammar, 11744
age differences, children to aged, verbal transformations, 9877
age differences, recognition from voice, 10707
central masking, 6173
content & sex of judge effect on personality judgment, 2789
context & word intelligibility, 7666
defective, & articulation disorders, 7996
intensity & discrimination in sensori-neural hearing loss, 10704
loudness, with & without scale standard, 4844
noise location in continuous sentences, 10701
preference test, reference systems with levels of distortion, 9518
schizophrenics, premorbid adjustment & meaning, 3194
& self-esteem & cognitive balance, 1475
tone audiometry, retardates, 11439
Speech Therapy
aphonia, phonation on inhalation, 9118
defects diagnosis, public schools, 11495
dyslexia, & symptoms, survey of research, 5852
for cerebral palsied children, 1878
functional misarticulations & improvement prediction, children, 6949
improvement program & articulation, institutionalized retardates, 13458
instrument for detection of nasal air escape during speech, 9132
stuttering & MMPI & prognosis, 11395
& stuttering syndrome, book, 694
teacher referral accuracy, 13424
Speech/Defective (see also Speech Therapy, Stuttering)
aphasia & apraxia & agnosia, book, 4527
aphonia, phonation on inhalation & therapy, 9118
articulation errors & detection from nonspeech motor movements, children, 12559
articulation, & defective auditory discrimination, & motor ability, 7996
auditory measurement by operant conditioning, speechless & difficult children, 11747
cerebral palsy, & manipulated auditory feedback, 10375
childhood, perceived social schema, 10376
chronic hoarseness, children, 11389
chronic schizophrenia, active neologism, 4473
cleft palate, development of mouth & pharynx, 9122
defective articulation & oral language skills, children, 7999
diagnosis & therapy, public schools, 11495
diagnostic test, 9125
dyslexia, emotional disturbance in children, 1879
dyslexia, survey of research, symptoms, remedial methods, 5852
dysphonia & aphonia & MMPI, 11388
expressive, in mentally defective child, 6912
Film Strip Articulation Test, 13423
Gilles de la Tourette's syndrome, 9136
& group vs individual therapy, 11219
hysteric & phobic & obsessive-compulsive patients, 12492
international current research & therapy trends, book, 12558
juvenile delinquents, & hearing disorders, 10256
language abilities of emotionally disturbed children, 3185
lisping & thumb-sucking & open-bite malocclusions, children, 11398
logoneurosis, muscle tension & speech & EEG, 3160
logopathy diagnosis, 9121
mental retardation, & neurological disorders & learning, book, 12573
mentally retarded children, & motor disorder, 5897
oral reading & early correction, 11462
Peabody Picture Vocabulary Test & Leiter Performance Scale, 5851
projective techniques, validity & utility, 12460
& psychopathology in children, 7670
review of handicaps, 9120
schizophrenia, cortical signalling systems, 6888
schizophrenia, verbal learning & generalization, 7923
& social status, children, 11396
soft palate defects & tongue-palate contact, 9119
& speech avoidance in children, 695
stuttering & experimental analysis of rhythm, 3282
stuttering adaptation & theoretical approximations, 3283
& stuttering syndrome & therapy, book, 694
stuttering vs stammering children, intelligence, 12557
stuttering, spontaneous recovery, 9130
Speed
caffeine, & power tests, 9709
driving, subjective scale, 10526
identification of televised symbols & symbol resolution, 67
practice & performance speed in paired associate task, 2382
running coordination, & load, dog, 8579
Speed Perception (see Perception/Speed)
Spiral Aftereffect (see Aftereffect/Spiral)
Sports (see also Play, Recreation)
athlete performance & spectator effect, 4612
athletic participation & pain tolerance, 8359
boxing, neuropsychiatric case history, 3237
climate & humidity & performance, 4665
collegiate football teams, personality factor profiles, 4610
collegiate football teams, value orientations, 4611
medicine & physiological performance & socioeconomic status & health, 10904
persistent non-swimmer, personality, 2949
personality development & participation in college athletics, 6658
& risk taking behavior, & suicide & sports, book, 191
ski therapy for mentally retarded children, 4554
underwater swimming & thrust forces, 12853
Stammering (see Stuttering)
Stanford-Binet Intelligence Scale
Cieutat's examiner differences, criticism, 8270
& Coloured Progressive Matrices as criterion in discrimination learning, 9420
evaluation of 2 short forms, retardates, 9174
familial retardates, & WAIS & Kahn Intelligence Test, 3310
Form L-M, research 1960–1965, 4764

Hindi version of vocabulary test, 2129
IQ change, white Southern rural adolescents, 12316
item classification schemes & special abilities, 4219
memory subtests & serial position, 12319
& Progressive Matrices Test & predictive relationships, 12784
Revised, & Columbia Mental Maturity Scale & Draw-A-Man Test, neurologically impaired children, 12564
& WAIS, L-M form, subnormality cut-off, adults, 10101
& WISC & WAIS comparison, US & Puerto Rican retarded, 2138

Startle
depression in rat, 1260
fear conditioning & response to noise, rat, 9791
reflex & auditory evoked cortical response, 11954
response decrement & secondary reinforcement, rat, 5149
response, habituation & heart rate, rat, 10887
thyroid hormone vs antithyroid drug, response, rat, 10870

Statistics (see also next headings, Mathematics, Measurement, Variance)
ACB regression equations vs aptitude area scores in allocation, 8107
alternative power laws for ratio scaling, 9456
analysis of impulse activity of cerebral & visual cortex, rabbit, 8216
approximation to English, American & English approach, 12294
asymptotically distribution-free multiple comparison, 6090
aviator study & follow up, 8099
best-fitting factor structure, 7186
bimodel assessment difficulty in certain distributions, 10598
biserial correlation, 8211
canonical correlation analysis, learning data, 9406
chi-square analysis & contingency tables, 865
chi-square contingency tables, exact partitioning technique, 12755
& clinical prediction & mechanical vs clinical measurement, 11647
cluster analysis, point relationships method, 868
coefficient as measure of experimental method precision, 11622
communality estimation method, 8221
computer program for f-tests by permutation, 8227
computers in life sciences, book, 3549
covariance structures & hypotheses testing, 9396
criterion clusters comparison & regression equations set homogeneity & intercorrelation matrix, 12757
decision making model & subjective significance levels, 7184
decision model for sensory discrimination & computer simulation, 11630
decision theory & signal detection system task analysis, 13600
descriptive & inferential in psychological research, 2092
diagnostic use of interaction profile, 4745
dictionary, book, 12752
discriminating 2 stochastic processes, information theory approach, 12748
double centering of dichotomized score matrices, 10605
double-split cross-validation design for multiple criterion, 44
driving accident liability, statistical model, 11581
educational research, 7185
educational research, & problem analysis & theory, book, 11468
educational testing & prediction, regression weights, 11486
elastic multidimensional scaling procedure, 28
factor analysis & rotation, 12762
factor analysis, orthogonal rotation to congruence, 8218
finite sequence theorems for Markov chain, 10596
generalization of median test, 3544
generalized method for principal components of scale analysis, 7191
geometric vector orthogonal rotation in factor analysis, 6098
Guttman quasi-simplex covariance structure, 874
hierarchical cluster analysis, 9398
information theoretic entropy as total expected participation index, 9395
introductory textbook, 8219
item analysis & item characteristic curves, 4736
item analysis, equal means & response proportions, 6088
item-test regression & empirical study, 2104
K coefficient vs contingency coefficient, categorical variables, 875
large-sample multiple comparisons, 7190
learning process, for Markov model, 9381
matched samples vs covariance analysis, 2099
& mathematics in behavioral sciences, book, 26
maximizing 2 factor structures & iterative procedure, 12760
multidimensional scaling & some technical considerations, 4737
multidimensional scaling, 8224
multivariate analysis, psychological & personality scales, 7189
multivariate discriminant analysis & sociometric identification & characterization of groups, 12767
neuronal spike data, functional interpretation, 6319
non-rejection of null hypothesis & suicide research, 5690
normal ogive or logistic curve in item analysis, 2105
order hypothesis L test vs omnibus F test, 9401
paired comparison models with test for interaction, 2106
permissible, & set theory, 8213
predictive efficiency of 2 multivariate, techniques & clinical predictions, 12756
predictive validity coefficients interpretation, 12765
probability, textbook, 11634
psychological analysis of style, 12297
psychology & education, textbook, 9388
psychology, introductory textbook, 10590
psychometric methods, personality & perception, 2124
rank difference correlation, scattergram, 9402
rank order cluster analysis, 10599
Rank Order Typal Analysis, 8223
Rorscach analysis, adolescent girls, 11178
rotation for simple loadings, 10607
rotation of higher order factors, 10603
rules for admissible communalities in factor analysis, 6099
scaling, Guttman simplex structure, 8243
sequence of limiting distributions of response probabilities, 6094
sign test short table & estimation of median, 3540
significance of differences, color perception, indirect scaling method, 9397
simplified partial rank correlation coefficient, 9403
special Latin Square for use of each subject, 6085
symmetry about regression line, 11637
table of d prime for model of unforced choice experiment, 4730
teaching method evaluation, 5th grade arithmetic, 11460
test selection methods in cross-validation, 9407
& tests of hypotheses with small samples, 30
text book, in social sciences & business, 3539
theory, annual review, 4733
trends in current measurement research, 27
truncation error avoidance, 8212
validity coefficient vs expectancy tables, 2101
varisim machine method for orthogonal rotation, 9414
word association data, 4738

Statistics/Estimation
calculation subroutine for z & t & F value probabilities, 2098
collinearity in EPPS, 4767
correlation coefficient from uncertainty measure, 10609
factor analysis by minimizing residuals, 10602
factoring to fit off diagonals, 7187
& human estimates of event relatedness, 11880
optimum cutting scores for unequal size & variance groups, 4735
probability of 1-choice structure, 9394
robustness of maximum-likelihood in factor analysis, 9400
simple structure hypothesis & factor matrix & factor correlation matrix estimation, 9404
tetrachoric correlation, 8217

Statistics/Nonparametric
analysis of variance & independent groups & nonnormal & normally transformed data, 12761
Fisher's Exact Test, computerized, 8225
individual differences model for multiple regression, 9383
multiple range test vs t test, 8215
ordered hypothesis L test vs omnibus F test, 9401
pairwise agreement analysis into components, 867

Status (see also Social Class, Social Structure, Socioeconomic Status)
company, & color in advertising, 11569
congruency, attitudinal correlate, married women, 2798
discrepancy & social motives & expectations of acceptance, 5305
group structure distribution of rewards, 10046
incongruence reduction & group success, 2807
& interpersonal values & life history, 8855
job, & occupation choices of children, & socioeconomic status, 1481
prestige of college teaching, 5935
professors, local & professional, & values & psychophysics methods, 13132
research center organization, & communication, 9306
role & shared task performance, nurse & aide, 7813
social, & psychological, discrepancy vs personality factors, 12233
special education teaching, 7061
symbol legibility & comparison of displays, 9483

Stereotype
& cognitive style in interpersonal perception, 3611
conformity & sex composition of 3 person groups, 12265
deviancy, public labeling, 2799
employees over 40, & industrial personnel, 5962
& factors retained, rules, 25
national, & prejudice, 11085
nationality, medical students, 4165
occupational, high school students' opinions, 10476
perception of masculinity-femininity, 5473
personality, US & foreign medical students, 7717
preference, Christian vs non-Christian groups in India, 4129
response, & anxiety & experimental critique, 5477
schizophrenic, & anxiety, 1814
self description scale & social approval & knowledge of humanities, 12228
sociometric identification & characterization, & multivariate discriminant analysis, 12767

Stimulant
caffeine & alcohol on performance under audiofeedback stress, 2534
caffeine & chlorpromazine & brain stimulation, 1227
caffeine & mental performance, 6358
caffeine, power & speed tests, 9709
dexedrine vs seconal, paired-associate learning, 3900
dinitrophenol & cochlear potentials, cat, 11945
dinitrophenol & cochlear potential & ear injury, cat, 11949
potassium chloride & pentylenetetrazol & strychnine topical application & learning, rat, 9682
Stimulation (see also Brain, Electrode)
anxiety, onset, neurotic & psychopath, 1799
arousal level & stimulus-seeking behavior, college students, 10752
auditory & cutaneous, resolving of successive clicks, 4777
auditory & somatic, & optic nerve responses, 285
blindness & ambulatory restriction, self, 5836
chemical, of hypothalamus in rat, 7409
& development, infancy, 13063
EEG, anterior brain, association of stimuli, 3862
electrical, self, duration preference, monkey, 1137
electrophysiological stimulator with digital logic, 10648
extraneous, effect on vigilance performance, 6211
intermodal, & figural aftereffects, 10669
learning, general external, & strychnine effects, mouse, 9800
light onset position variability, learning, rat, 5187
need & crying, infants, 6489
nerve, & guanethidine discharge as false transmitter, 8554
oral nipple response & arousal level, neonate, 6491
& perception & temporal order, 7233
photic, unopened eye single ganglion cells, cat, 5074
physical & social, 6133
pre & posttrial, avoidance retention, rat, 12064
preference for variability, child & adult, 7292
seeking, & arousal level, 10111
self, & deprivation & priming, pigeon, 7408
sense modality & stimuli association, anterior cortex EEG, 3853
sinusoidal light, & retinal ganglion cell response, 9699
subliminal message effects measured by semantic differential, 481
subliminal, & physiognomy, 8324
successive reversal phenomenon, 3668
tone intensity, & sucking response, neonate, 9879
UHF radio, visual acuity & critical flicker fusion, rat, 3921
& variation seeking behavior measurement, 544
visceral nerve & EEG change in cat, 263
visual & auditory in infancy & adult stimulation preference, rat, 9779
Stimulation/Central
acquisition & discrimination & extinction, rat, 5061
chemical, of reticular formation & avoidance responses, rat, 4003
contralateral median nerve, & evoked potentials in aphasics, 11942
electrical, & sleeplike & arousal behavior, rabbit, 2490
electrical, of cortex, & alternation performance, monkey, 2487
hydrocortisone & diencephalon & midbrain activity, cat, 7453
hypothalamus & aggression & flight reaction representation, cat, 2489
intracerebral electrode therapy & emotional manifestations, organic hyperkinesis patients, 12402
lateral hypothalamus & food seeking response, rat, 2486
& light flicker, discrimination & transfer, monkey, 5171
medial geniculate response to click, cat, 5058
motor & respiratory responses, stimulus parameters, cat, 3844
noncontingent septal stimulation, rat, 4012
nonspecific thalamic nuclei, & conditioning, cat, 12960
sensory fields control, of hypothalamus, cat, 8522
visual cortex EEG during sleep & arousal in cat, 268
Stimulus
absolute & differential cuing of successive reversals, children, 149
acquisition stimuli change & extinction rate, rat, 12098
acquisition, reintroduction & post-extinction instrumental response revival, rat, 12097
alphabetic characters, in discrimination learning, 8414
alternation rate & operant discrimination, rat, 6448
ambiguity causing concept difficulty, 2435
ambiguous & structured, in projective techniques, 8870
auditory & visual, & differential response efficiency, psychotics & normals, 11774
auditory & visual, & ovulation, dove, 12109
change & emergent albedo preference, turtle, 348
change, light contingent bar pressing, rat, 9813
change, reinforcement, deprivation & exploratory behavior, rat, 9856
characteristics & color & form perception in nursery school, 5226
classification & stimulus characteristics & numerical properties, 9644
complexity & food as reward in rat, 1300
complexity & restrictive responses, 2318
component scale acceptance by visual art students, 2901
compound verbal, & word association, 1079
concept attainment, color & form preference & cue function, children, 9916
conditioned, & motivational properties, 7530
conditioned, redundancy, & secondary punishment, rat, 13026
configuration & incidence of completion phenomenon, 3652
configuration identification rate in visual field, 8338
context & development on discrimination conflict, 8420
context & tonal memory, 9515
context stimuli pretraining & verbal PA learning, 4961
control of patterning behavior & reward & nonreward, rat, 3968
control, & instrumental behavior & acquired fear, rat, 12067
correlates of visual discrimination & pattern complexity, monkey, 353
CS characteristics, & avoidance response, rat, 9811
cutaneous nerve activity & noxious, 236
dimensional preferences, brightness & height, discrimination learning, children, 12143
display time & short term memory, retardates, 13456
dissonance-associated, prominence & reduction, children, 6502
domains & visual stimuli quantification & discrimination, 8317
duration & presentation speed & memory, 4982
duration & secondary reinforcement, 6267
duration, mental retardation, visual pattern recognition, 10399
exposure time & paired-associates learning, 4950
extensity & generalization, 56
familiarization, nonverbal selective learning, 11796
foveal flicker fusion with moving, 73
identity & distinctness & new type of concept learning situation, 5003
intermediate size problem & learning, 7319
internal, intertrial interval & partial reinforcement, discrimination learning, rat, 9840
interstimulus interval & rest period duration, classical conditioning, 12871
intertrial, & generalization of conditioned eyelid response, 4929
irrelevant, as subsequent discriminanda, rat, 5172
law of initial value, contradictions & methodology, 4703
light intermittency & autokinetic effect, 8306
looking time & stimulus familiarity & complexity, 11776
meaningfulness vs R meaningfulness & R-S learning, 4942
modification mechanisms & partial reinforcement & sequential effects hypothesis, 12077
multidimensional, discrimination & parallel vs serial processes, 11787
near threshold differences & pitch memory, 8354
Necker cube reversibility & presentation rate, 8305
nonreinforced CS pre-exposure & latent inhibition, goats & sheep, 1347
observation responses to novel & complex & asymmetrical complex, preschool children, 12145
observation time & personality differences, 8320
optimal, & presentation strategy, learning sampling model, 4723
ordered, dimensions & serial position & paired associate, 2344
ordinal, conditioning, dog, 5160
overtraining & intradimensional & extradimensional shifts, 8436
paired associate learning, words & syllables & geometric forms, 8422
perceptual discrimination conditions, & response contingencies, 9552
periodic presentation & closed-loop magnetic tape averaging system, 1134
presentation & equality judgment dependency & interval between, 2445
presentation & evoked potential vs subsequent alpha frequency, 8531
presentation mode & avoidance learning rate, 1336
range & duration & contrast on size absolute judgments, 8325

existentialism of Aquinas & Heidegger, 7142
flexibility & philosophic-mindedness scale construction, 4992
flexibility, Association IV & Object Naming reliability, 3575
glutamic acid & cognitive behavior, 8566
intelligence & creative, correlation between measures, 2876
& intelligence vs creativity in children, book, 429
interview test of critical, high school students, 6293
intuition concept review, 5011
intuitive, measurement, & problem solving, 2412
intuitive, stability, college students, 11869
language & child development, & conciousness & behavior, US & USSR, 10054
& language, motor theory & conditioning & physiology, book, 11866
learning & operational convergence, children, 2673
logical, in Dutch medical men over vs under 35 yrs, 7365
mechanization, & language processes, 7364
& memory, & intellectual performance, 183
mental development & problem solving, 5–15 yr olds, 13093
mental multiplication & resting & EEG, 8529
& mood, accuracy, categorical syllogisms, 11865
nonconscious stimulus words & associative thought process, 5422
operational scheme & habit & habituation, 8478
operative, of operators & controllers, 9349
operative, problem solving at control panel, 8481
original, & good elaborators & life experiences, adolescents, 6632
overinclusion, & anxiety, in schizophrenia, 5745
paranoid, in daily life, 4108
parent-child relationships & divergent, female college students, 8723
Piaget's development theory & teacher education, 1968
precausal thought forms of Piaget, 7551
probabilistic situation, schizophrenic, 10280
problem solving, information processing model, digital & analogue, 11872
processes & native language development, children, 1395
processes, Helen Keller's development of language, 1723
processing time & multidimensional stimulus information, 9632
programed instruction, creative, 5911
psychoanalytic theory, dream process, 7765
pupil dilation during imagery task, abstract vs concrete words, 8477
reading process & reasoning, 8041
redundancy patterns & information theory, book, 7384
Relativistic Relation Research Method, 3784
resolving process & adaptation, tests, 8474
rule transfer, instructions & awareness, 10815
schizophrenia, ability to perceive probability, 12508
secondary process, & verbalization, 598
sensory motor processes & temperament, 12336
serial ordering, 4th vs 5th graders, 6504
simulate, & General Solver Program, 7025
social class & cognitive functioning, 1112
stimulus variability & cognitive change, child & adult, 4994
syllogistic reasoning, atmosphere & conversion error, 9631
symbolic vs asymbolic reasoning & personality, 12910
technical vs practical & theoretical, & work process, 8475
temporal conceptual behavior, schizophrenics, 10293
tests of convergent & divergent, intercorrelation, 1947
thinking, problem solving by human vs computer, 3796
thought disorder & grid test, schizophrenics, 10277
thought reform, experimental simulation, 180
totemism & prelogical consciousness, 2788
transitivity of length, 5 & 7 yr olds, 10994
unconscious & language, & Freud & Locke & Spinoza & Binet, book, 3518
verbal arithmetic problems, 1st grade elementary school, 1016
vocabulary concepts enrichment in classroom, 9241
young children, & Piaget's theory, book, 6494

Thirst (see also Water Deprivation)
& extracellular fluid, rat, 10872
food deprivation, Barbary dove, 1288
higher nervous activity, & starvation, rat, 7466
hunger & displacement pecking, dove, 1287
& hunger & drug application to hypothalamus, rat, 3886
& hunger manifested in dreams, cross-cultural study, 6186
operant conditioning, age differences, rat, 13025
posterior thalamic lesion, & retention, rat, 9667
properties of schedule-induced polydipsia, rat, 3951
schedule-induced polydipsia & fixed interval length, rat, 3950
visual CR, motivation, & cortical & subcortical structures, rat, 3825

Threat
anticipatory, & stress secondary determiners, 10745
bargaining game, & incentive, 10001
belief manipulation to alter cognitive processes of appraisal, 4160
conformity, fear & social affiliation, 9998
contractual norms & conflict, 1516
& coordination development & Deutsch & Krauss trucking game, 10826
denial, & emotional response to painful stimulation, 10760
discrimination task, low vs high, physical, 2283
& EEG in cat, & escape, 261
interpersonal bargaining & aggression, 1503
interpersonal bargaining, 7643
mass communication, fear appeals & contradiction, 7676
opinion conformity & dependence, 1498
paired-associate learning, ego & anxiety, 2358
physical harm, conceptual model of behavior, combat training, 12001
prediction, world, & strategic position of US, 7141
& retention, paired associate learning, 7355
status loss & conformity in groups, 5413
suicide, case histories & diagnosis, children, 10250
sustained, sequential response, college women, 4881
vicarious & direct, responses to stress, 8383

Threshold
acoustic intensity & duration, 12835
appetitive, of hypothalamic feeding area, rat, 7418
arousal, vs EEG patterns & sleep, 10730
audiometric study of patients with acute alcoholic hallucinations, 12464
auditory, & frequency range, monkey, 13008
auditory, shifts & masking & low intensity levels, 10709
bilateral cutaneous system interaction, 11755
binaural beats & amplitude modulated tones & loudness fluctuations, 10714
brightness, & 3 methods compared, pigeon, 3608
complete anosmia & primary & accessory olfaction areas, 11947
conditioned suppression using X-rays, rat, 3973
critical flicker frequency & time of day, 11692
depth discrimination, for stationary & moving targets, 7253
detection, & human eyelid conditioning, 6237
detection, interval between successive targets, 2294
ECS, rate & occurence & convulsive process, cat, 7414
electrocutaneous pain, low frequency square-wave pulses, 7270
electrocutaneous stimulation & experimental variables, 8360
electroretinogram & incremental threshold, colored & white light, 3606
flash fusion, thiamylal & methamphetamine, 2552
flicker, & conditioned suppression, pigeon, 12936
frequency discrimination of simultaneous flash signals, 6138
light, & CFF & figure measurement, 4823
luminance, induced luminance & test area size, 3649
olfaction, determination method, unrestrained rat, 9450
pain & anxiety in clinical vs laboratory pain, 2247
pain, determination & limiting method, 11690
qualitative identification of taste of sucrose-sodium chloride stimuli, 11753
recognition, & nonsense syllable meaningfulness, 12850
saccadic suppression & visual, elevation & eye movement, 12831
sedation, & Archimedes spiral aftereffect, psychotics, 6848
sedation, & spiral aftereffect & overinclusion, psychotic, 6845
sensation level in measurements of loudness & temporary, shifts, 8356
sensory, & menstrual cycle phase, 5071
& signal detection measurement of perception & personality, 9462
skin conductance, & sensory discrimination, 3607
specificity of cutaneous receptor in tongue & hand, 11691
subliminal perception & signal detection, 12803
tactile, & sound vibrations & deafness, 692
tactile, amputee stumps, 5076
tactual, for short pulses, repetition rate & contactor size, 7273
tactual, 2 point, forearm, 9526
temporary auditory, shift, males vs females, 11693
vibration perception, normals & medical patients, 3672
vibrotactile, & spatial parameters, 5079
vibrotactile, hairy skin of volar forearm, 8361
visual acuity, & tone & sensory interaction, rat, 319
visual brightness, sequential dependencies, 8314
visual separation, & simultaneous cortical alpha rhythm voltage, 10856
visual slant, stimulus size & retinal perspective, 3629
visual, increment, high intensity side of border, 10672
word recognition & visual field position, 3660
word recognition, & questionnaire pretest sensitization, 12848
word recognition, with masking, 11722

Time (see also next headings)
adaptation & fatigue, & jet travel from US to Japan & back, 101
anagram solution & multiple solution anagrams, 2425
auditory amplitude discrimination & temporal interference, 11751
& capacity, factors in learning & perseveration-consolidation hypothesis, 8469
concepts & perspective, aging, 13108
conditioned avoidance of shock, cat & rabbit, 12013

contiguity & dominance & autonomic conditioning, 11806
cross cultural concepts, evolution, perception, book, 4118
day, & open field activity & learning, rat, 9802
& death meaning, aging, 12192
discrimination & attention, 128
discrimination & emission of temporal intervals, pigeon, 3990
discrimination acquisition & differential reinforcement, 10797
elapsed, & inexpensive pulse source, 10656
epistemology, Piaget, book, 11701
& event uncertainty in unisensory reaction time, 3727
extrasensory perception, & probability, 3486
free looking, vs rate of presentation, 11684
intensity relation for absolute limen in visual perception, 2215
internal clock hypothesis & astronavigation, homing pigeon, 9787
intertest, as proactive interference in trigram retention, 1076
intertrial interval & partial reinforcement, discrimination learning, rat, 9840
intertrial, & reactive inhibition in eyelid conditioning, 1047
isolation tolerance, 11770
learning recovery & brain lesions, rat, 9678
mediation of similarity-attraction hypothesis & friendship, 4167
memory processes, immediate & short & long time, 12906
orientation & perceptual-cognitive organization & reading achievement, children, 9926
orientation & reading achievement, 162
Parkinson's law, excess, & subsequent performance, 4996
perspective & death concern, college student, 4230
perspective & moteric & ideational activity, schizophrenics, 654
random & variable, interval production, digital methods, 12799
relationships & responding rate & FI reinforcement, pigeon, 13042
separation pitch & uncorrelated noise pulses, 12833
sharing & transfer of learning & control loading, 9320
simple, regulation, mental patients, 3624
speech intelligibility, altered speech stimuli, 10702
square root, vs continuing perceptual tasks, 11730
temporal conceptual behavior, schizophrenics, 10293
temporal conditioning of GSR, 4926
time description variations & n achievement, 5465
trial spacing in instrumental running, rat, 8605
uncertainty & signal frequency in choice reaction time, 1006
uncertainty & tachistoscope recognition, 3632
varying temporal placement of added stimulus in FI schedule, pigeon, 10962
viewing, & 3 instructional sets & physical determinants, 11706
visual perception, temporal order, foveal & peripheral stimulation, 10687
word association chains stability, 12296

Time Estimation
& adaptation to simultaneous stimuli, interval, 11702
after alcohol consumption, 7243
associational processes rate, 2174
attention, by occupied vs unoccupied S, 2175
auditory, & sound frequency, Oppel-Kundt illusion, 3625
brain damage, auditory stimuli, & practice, 10385
child development, intermittent sound frequency, 13094
degree of unity in verbal auditory stimulus, 923
double avoidance technique, rat, 8630
estimates of time of day, 3626
estimation of temporal interval, 4796
incentive class & motivational level, 4869
& intelligence & auditory stimulation, juvenile delinquents, 11317
introversion-extraversion & boredom, 5470
paranoid vs nonparanoid schizophrenic, 5749
personal tempo & personality, 922
personality & pulse rate & age & sex & intelligence, 10671
presentation & reproduction modes, 3623
psychoanaleptic drug effects, 3889
retentive personality traits, 12327
sensory deprivation, & introspective experience, 4797
sex differences, 8310
speed of movement vs space traversed, 8311
test return, knowledge of grade, college student, 924

Time Perception (see Perception/Time)

Tone (see Sound)

Touch (see Skin, Tactual)

Tracking (see also Rotary Pursuit)
acquisition, number of alternatives & sequence length, 2325
behavior & information theory, reply, 908
behavior & information theory, criticism, 909
compensatory, & digital display, 13607
control limb feel, complex, 12836
cues & electromyographic & heart rate gradients, 11779
divided set & EEG & muscle potential & heart rate, 3705
driving, straight line, 11576
dual-axis compensatory, display quickening & transfer, 6030
error scoring, 2300
learning & performance & pursuit component, 3728
learning, & task predictability, 8421
performance & controller output transformation, 3714
performance under random gust acceleration, 2305
performance with random & sinusoidal vibration, 7302
pursuit rotor skill, selective reinforcement, 12899
pursuit, & open-loop transfer, 12855
scoring method, analog computer, 3550
step-input, & probability learning, 123
& system for observing eye movement, USSR, 949
terrain-following by pilot & work load, 7096
transfer of training, task & time sharing & control loading, 9320
unidimensional compensatory, vibrotactile display, 3712
verbal & motor learning, book, 10774
visual vs manual, of moving target, 1000

Traffic (see also Accident, Safety)
pedestrian crossing street & speed & distance of approaching car, 3466
road sign standardization in Czechoslovakia, 7130

Training (see also next headings)
achievement motivation, high school boys, 3333
apprentice, Australian military, 12670
Army scientific & technical information system manpower needs, 11519
& attitude change, teacher, 13556
auditory discrimination, prompting vs feedback, 12861
automated rhythm training, 11534
classroom success & nonintellectual predictors, 11493
complex skill, self-confrontation, 3435
computer program, automatic monitoring of responses, emergency procedures, 12669
counseling by practicum, supervision, 3257
cross-cultural communication skills training, US military advisors, 12667
culturally deprived children, 4051
developmental, in cerebral palsied, 704
disjunctive concept attainment & practice, 3800
Doppler discrimination & sonar echo dimension, Navy, 13581
echolocation & generated perception, 6142
educational, 5 yr follow-up, 3413
electronics, performance oriented, Navy course, 13576
& employment as speech pathologists & audiologists, physically handicapped, 11524
evaluation, methods & characteristics, 8116
extended, & intertrial reinforcement & extinction resistance, rat, 2629
field, in human relations for Peace Corps & cultural shock, 4704
gerontological, & role of university, 10559
group discussion, psychiatric nursing, 10558
group-work for social workers, 4706
human relations training program, hospital personnel, 13298
human relations, overseas military personnel, 13574
Human Resources Research Office, 1967 program, book, 11602
initial fitness & personality, 6402
& intradimensional & extradimensional shifts & similarity & shift stimuli, 8436
job training courses design manual, Navy, 9286
laboratory, personality change, vs job training, 3439
laterality as pedagogical problems, 13544
management, conference & self identity & self perception changes, 12689
mentally retarded child, & education, book, 767
metalwork, & success in drawing, 1985
methods & problem type & apparatus & acquisition & extinction, rat, 12037
military, cross-cultural interaction skill, feedback, 3436
& occupational satisfaction of female college graduate, 8122
& overtraining & avoidance response retention & amygdala lesions, rat, 11923
& physical exhaustion & concentration-performance test, 4899
physical, in temperate vs hot climate & heat stress, 2569
& physiological differences & age & youth, 10890
pretraining & trainfire marksmanship, 9287
pretraining stimulus similarity & trials & concept learning, 5006
programed instruction & time, 4638
programed instruction in government training programs, 8117
programed instruction, military, NATO, 13507
psychiatric consultation program, inservice teachers, 12630
psychiatric, & treatment in mental day hospital, 3073
psychoanalytic, unsuccessful candidates, 2061
relative motion understanding, current research, 1981
relative motion understanding, conceptual model vs traditional, 1982
religious, experience, juvenile delinquents, 12483
response-recognition, film in tennis, 763
schema discrimination, & learning statistical concepts, 10776
sensitivity, trainer orientation & group composition, 5404
simulated critical incident technique as evaluative & teaching device, 8973
situation analysis guidelines, 792
teacher program & attitude change, 11510

teacher, emotionally disturbed students, 13549
teacher, model for analysis, 8207
team, combat intelligence center environment, 3433
& test for effect of numerical magnitude of knowledge of results, 4890
toilet, signal package, infants, 9884
transfer, on tracking task & time sharing & control loading, 9320
trials & reinforcement & extinction resistance, 4976
troubleshooting task, simulated performance validity, 12674
vigilance, & technique comparison, 12845
vocational, & counseling & personal adjustment, 4621

Training/Industrial
application of academic principles, 7118
computer & programed instruction, data processing principles, 13577
construction, 11536
& creativity in organizations, 12665
cuing vs knowledge of results, for auditory tasks, 8109
data processing personnel selection, 1979
& discrimination of rate of movement of drilling machine lever, 10498
human relations, management, evaluation, 10500
information retrieval graduate training programs, 9345
interpersonal relations, perception & analysis, 12672
management training, 7117
management, & worker productivity & turnover, US vs USSR, 10514
management, factories in Wales, 7091
management, managerial reactions, 2008
management, tuition payment & involvement & success, 13575
management, VERT system, 9288
mechanic, & task analysis, 12677
Naval aviation, success & college major, 10499
personality change, vs laboratory training, 3439
& placement, adolescent, 784
prison staff, small group, 11535
procedure manuals, 8144
programed instruction interpolated in conventional instruction, 5984
programed, sales assistants, 1987
psychology, 4639
radar, discrimination of ambiguous pips & later performance, 3438
rehabilitation program success, physically handicapped, 10347
sequence action procedure on Nike & performance, 793
& skill vs attitude, work group productivity, 1994
T group, & organizational problem diagnosis changes, 12671
team & individual, & transfer of training, 5983
team vs individual & task organization, 3434
team, stimulus & response fidelity & transfer, 5980
test for air traffic controllers, 5982
trade skills, classroom vs apprentice methods, industry, review, 12668
& vocational guidance, adolescents, Britain, book, 12647
vocations & college study fields classification, 12651

Training/Psychology
American Board of Examiners & professional competence, 11610
child psychiatrist, in nursery schools & development studies, 12725
child psychiatry consultation, general hospital emergency room, 11609
child psychiatry research & services & prevention, criticism, 13223
child psychiatry research & services & prevention, criticism, 13239
child psychiatry research & services & prevention, 13243

social casework, in Britain, 8180
state institutions, in psychoanalysis, 2064
textbooks, Dale-Chall Readability Formula, 9438
therapist, vs group therapeutic outcome, 10561
therapists & behavior therapy, 8947
therapists & changing concepts, 10562
trainee therapy & psychiatric training program, 12727
use of untrained therapists, 11218
ward staff, parent iatrogenic symptoms & child patient, 11252
women as mental health counselors & psychotherapists, 8173

Trait (see Personality Trait)

Tranquilizer (see also Drug Effects)
amizyl & andaxin & trioxazin & stuttering therapy, 12556
& barbiturates & motor activity, mice, 5098
chlorpromazine & primary process thought manifestations, schizophrenics, 11345
conscious & unconscious aspects, 3058
diazepam & psychotherapy, anxious neurotics, 11208
& early experience, & later performance, rat, 3944
EEG & defense reflexes, 1228
eye level test, & antidepressant, 6378
fluphenazine enanthate, 5602
& neurosis, psychological test performance & fatigue, 5101
neurotic outpatient, vs placebo, & anxiety, 10202
psychiatric use, research methodology, 11968
reserpine & sleep-dream cycle & EEG & eye movement, 10876
schizophrenia, review of studies, & antidepressants, 3048
seconal vs dexedrine, paired associate learning, 3900
thioridazine at high doses, chronic schizophrenics, 9720

Transfer (see also Generalization/Stimulus, Set/Learning)
all or none, & verbally mediated concepts, 11812
asymmetrical, knowledge of results performance, 4893
avoidance learning, gustatory vs audiovisual vs toxin stimuli, 4002
bet displays, quickened & unquickened, 142
color discrimination learning, bird, 3981
& concept formation, meaningfulness & verbal learning, 5005
concept identification & categorization, 9638
concept identification, irrelefant dimensions, 12917
concept learning in childhood, & variety, 9908
conceptual learning & task complexity, imbecile, 11423
cortical spreading depression & interhemisphere, rat, 1164
cross-modal, & strategies, monkey, 6455
cross-modal, form discrimination, children, 9910
cross-modal, of discrimination learning, monkey, 5164
deafness & linguistic development, & double alternation, children, 12554
discrimination & operant conditioning, rat, 5169
discrimination learning in mentally retarded children, 717
discrimination learning, response class, rat, 1325
discrimination learning, spatial & temporal proximity of cues, 9553

discrimination learning, monkey, 9832
display quickening, dual-axis compensatory tracking, 6030
failure, amobarbital to nondrug state, rat, 2541
far transposition of intermediate size, preverbal children, 9900
habituation & spreading cortical depression, rat, 9684
implicit verbal chaining reexamination, 4943
interhemisphere, of motor CR, dog, 5047
interhemispheric, of avoidance response in rat, 7494
interitem associations from serial to PA learning, 6253
intermodal, in paired associate learning, 3746
interocular, discrimination vs visuo-motor learning, goldfish, 9826
interocular, striate cortex lesion & monocular acquisition, rat, 12950
intracranial stimulation conditioning, monkey, 8525
learning & information provided & task difficulty, 11802
learning by nucleic acid, mouse & rat, 5086
learning in childhood, set & verbalization, 11005
& learning of light flicker & intracranial stimulation, monkey, 5171
learning set & concept formation, monkey, 7490
& learning theory & retention & review of organization efforts, 10777
learning to learn & conditions of improvement in successive, tasks, 10778
meaning, cognitive factors, 1035
mediated, in paired-associate learning, 159
mediated, response availability, 1017
mediated, vs position learning, grammatical intrusions of paired recall, 12891
memory & brain RNA, rat, 10867
memory, planaria, 10911
mental abilities, & concept problem solving practice, 10775
mice strains, based on brain extract after training, 7496
mirror image, binocularly trained pecking, pigeon, 13017
mixed vs unmixed lists in paired associate learning, 10789
mixed vs unmixed, designs as function of paradigm in PA learning, 10794
negative, & 2nd-list learning in paired associate paradigms, 3748
open-loop, & pursuit tracking, 12855
paired associate learning with context cues, 3740
paired associate learning, mediation, 6242
paired associate learning converging stimuli, 6246
paired associate learning instructional set, 7347
paired associate learning, negative, types of stimulus, 8422
paired associate learning, & time to mediate, 8425
paired associate learning & meaningfulness & retroaction, 8446
paired associate learning, free association & pseudomediation, 9594
paired associate List II training & partial List I learning, 11822
paired associate, & pseudomediation, 8440

& EPPS & birth order, near-sighted vs far-sighted, college student, 7743
mentally retarded children, testing, 9147
myopia & leveling-sharpening, sex differences, 2182
reading disability, 8075
Rorschach presentation, 6663
strabismus & speed of monocular alternation, 10697

Vision/Eye Movements (see Eye Movements)

Visual Accommodation (see Accommodation/Optical)

Visual Acuity
age & input rate, 9498
body orientation & G vector, 9313
& critical flicker fusion & UHR radio stimulation, rat, 3921
fovea, monkey, 8545
increment threshold & brightness & luminance, 926
increment thresholds, high intensity side of border, 10672
informational feedback & spatial visual discrimination, 3646
least separable lines technique, squirrel monkey, 1217
measurement & colored test objects, 8341
peripheral, & search performance, 13612
preference technique with rat, 1215
search experiment & noise & persistence & acuity & response time, 7248
separation thresholds for colored bars & luminance, 4833
separation threshold & cortical alpha rhythm voltage, 10856
sequential dependencies, brightness threshold, 8314
temperature & wind speed effects, 9311
threshold & tone & sensory interaction, 319
& time-intensity reciprocity & adaptation & backward masking, 4811
vigilance task performance, 2295
visual search, critical number & basal time, 79
visual slant threshold, stimulus size & retinal perspective, 3629
weightlessness, 9312

Visual Adaptation (see Dark Adaptation, Adaptation/Sensory)

Visual Aftereffect (see Aftereffect)

Visual Cortex
auditory, & interaction in thalamus in cat, 210
& central visual system EEG in squirrel monkey, 262
continuous vs intermittent excitation from retina, cat, 1201
dependence between temporally separated responses, 9704
EEG driving response, secondary potentials, rabbit, 8534
EEG to thalamic stimulation during sleep & arousal in cat, 268
evoked potential amplitude & age, 5064
evoked responses to visual stimulation during childhood, 7428
excitability cycle, wakefulness & sleep, 1188
lesions & discrimination, cat, 9680
lesions & learned brightness discrimination, rat, 3835
lesions, cat, 1162
neuron spontaneous activity, cat, 5037
noxious visual & acoustic stimuli, neural convergence, cat, 2470
preoptic lesions & sexual behavior, male rat, 6481
projections in thalamectomized cat with lateral geniculate body, 279
responses to stimulated single retinal ganglion cells, cat, 5074
responsiveness & EEG during sleep & waking, in cat, 270
& retina, cell chain models, 9657
rhythmic photic stimulation, rabbit, 8544
sensory evoked DC response localization & habituation, cat, 10849
statistical analysis of impulse activity, rabbit, 8216
& temporal lobe connections, in monkey, 214
unilateral vs bilateral vision, 2528
visually guided behavior & superior colliculus, cat, 12956

Visual Discrimination
automated apparatus for assessment & training, 8285
& avoidance & amygdaloid lesion, cat, 241
backward masking & detection & choice times, 6308
brightness, increasing difficulty & conflict, rat, 13030
color & brightness contrast & legibility, 13618
color & pattern & form, learning, Coturnix quail, 12050
color, sex differences, 6163
color, squirrel, 2617
complex spatial arrangements, monkey, 2616
cued, & differently colored incidental stimuli, 4834
decision making, task, children, 8496
deermouse, 3986
depth & pattern, & visual cortical lesions, cat, 9680
depth, body-object angle, 2208
detection in metacontrast & reaction time & forced choice, 2213
dimensional redundancy, line lengths & positions, 8333
discrete changes, simple visual stimuli, 938
discrimination, infant, 13062
early isolated vs enriched environment & emotionality, rat, 12017
figural orientation, monkey & human, 322
fixed ratio performance properties, pigeon, 3989
flash signals, bright vs dim, 927
flash signals, bright vs dim, 930
form, simultaneous repetition on different portions of retina, 939
frequency thresholds of flash signals with bright & dim phases, 6138
frontal lesion, & behavior stability, monkey, 9671
heat stress & retention, rat, 12999
hypnosis, 3684
imperception in psychotic children, 4438
information measurement, 7298
interocular conflict, rat, 1324
interocular transfer, vs visuo-motor learning, goldfish, 9826
intraretinal transfer & optic nerve lesion, goldfish, 10858
ipsilateral eye-hand use, split-brain monkey, 276
knowledge of results & sex & task difficulty, 11720
line length & Weber's law, 9490
matching/zero-delay, acquisition & transfer, pigeon, 1318
mirror-image reversal & monocular discrimination, pigeon, 3988
neonate, 1390
pattern, cross-modal discrimination, & audition, 10661
pattern, fill & distortion & noise, 11732
pattern, monkey, 12047
patterned light deprivation, development, newborn monkey, 3992
prereading & 1st grade reading achievement, 13078
search time & information theory, 11703
& seat position in gymnasiums, 936
serial bilateral neocortical ablations, cat, 2472
signal & response complexity & 18 hours of visual monitoring, 6209
simultaneous vs successive presentation, pattern, 7318
social censure & social class & premorbid adjustment, schizophrenic, 11342
social scenes & test anxiety, boys, 3690
spatial, informational feedback, 10 & 14 yr olds, 3646
stimulus correlates of pattern, & pattern complexity, monkey, 353
stimulus distinctiveness, rat, 3628
& stimulus generalization & measures of response strength, pigeon, 8610
& tactual discrimination transfer & perceptual equivalence, 11797
& tactual, of form, 71
training & brain protein metabolism, rat, 11987
& uncrossed optic fiber systems, albino & hooded rat, 5077
verbal vs motor pattern, 1027
visual stimuli exploration by children, 8397
& visual system, mole, 2619
wavelength, goldfish, 1316

Visual Field
adaptation, vertical displacement, 9485
& auditory field simultaneous displacement & adaptation, 9476
blind spot & optic disc, 6146
complexity, & exploration & maintenance & test illumination, rat, 12031
complexity, degree preference, 6159
dependence & problem solving & socioeconomic status, 12918
dependence, & aging & sex, 12817
directional selectivity for moving stimuli, squirrel, 8541
English & Hebrew words, monocular, 2188
foveal & peripheral stimulation & temporal order perception, 10687
inducing & test field separation & color contrast hue shift, 4836
perception & spatial orientation, 2192
perception of reversible figures, 11910
peripheral recognition & moving background & anxiety, 4807
periphery, motion aftereffect & adaptation, 3633
point scheme observation apparatus, 8282
position & word recognition threshold, 3660
primacy, north & left hemifields, 7246
range change, & fatigue, binocular, 6027

reaction time, location of flash stimuli, 2310
receptive fields for color, squirrel, 8542
retina, mapping, cat, 9702
retinal ganglion cells in cat, 1209
rotation, adaptation, optical tilt & exposure time, 12814
scuba diver, 12826
search performance & peripheral acuity, 13612
shape, rectangle preference & golden section, 11723
& smoking, 2180
stability & lateral asymmetry, 9561
stabilized retinal image & pattern perception, 10678
stimuli position & reaction time, 8315
target detection, homogeneous, infinite depth of focus, 3460
telescope, requirements & star recognition, 13597
transformations, & visual sensitivity, 12812
TV camera, target size & air-to-ground target recognition, 13620
Visual Illusion (see Illusion)
Visual Lesions (see also Brain Lesion)
neocortex, & visual cliff preference, rat & cat, 5046
optic nerve, & visual discrimination intraretinal transfer, goldfish, 10858
uncrossed optic fiber systems, albino & hooded rat, 5077
visual fixation reflex & pretrigeminal & intact, cat, 2530
Visual Movement (see Perception/Motion)
Visual Perception (see also Illusion, Perception, Subception)
acuity of direction in dark & eye position, 8335
adaptation & motor efference, 9475
adaptation to inverted & reversed & displaced vision, 2200
adaptation to prismatic displacement pointing task, 7228
adaptation, focalization & pooling process, 10683
aerial imagery interpretation, reference, 6023
age differences, speed, & illumination, 3642
aging, & visual retention, Benton Test, 4112
anomia, visual aphasia, naming & information, 6951
apparent median plane shift & asymmetrical distractor stimuli, 4841
apparent movement, interstimulus interval, figure-ground & contour, 7256
apparent movement, point light on different planes, 6162
attention to patterns, human & monkey, 10913
& attention, infants, 13066
& audition, functions, brain-injured, 5039
& auditory information & reading achievement, children, 11004
& auditory rhythm perception & reading, 4th grade, 11017
backward masking & disinhibition, 12822
backward masking & luminance summation-contrast reduction, 4826
Berkeley's theory, criticism, 941
binary patterns, configuration determinants, 3639
binocular rivalry & contrast at contours & foveae area, 931
brain damaged children, geometric figures, 4537
brightness discrimination & coexistent stimuli, 4815
brightness enhancement, simultaneous vs successive stimuli, 9500
brightness exponent, duration & luminance, 11729
brightness, intermittent phenomena & observer criteria, 9491
complementary functioning of eyes & binocular brightness, 11718
compound motion, 7245
conflict solution of stereoscopically presented facial photographs, 11705
conflict, arousal potential & light intensity, 6148
conflicting tactual information, & adaptation, 2181
constancies of image location & Lie algebra, 4809
& constructional praxis tasks in children, 420
contingent discrimination, 168
continuing, tasks vs square root of time, 11730
contradiction explanation for figure measurement effects, 4823
creativity & visualization in science, 533
depth-discrimination thresholds for stationary & moving targets, 7253
depth, perspective reversal in movement illusion, 10668
dermal vision of Roza Kuleshova, USSR, 932
dermal, USSR, 2193
detection vs display size & critical elements redundancy, 11712
development & eye movement, preschool, 944
development, search & scanning, children & college students, 11713
development, test, variance components, 11726
disappearances caused by form similarity, 6150
discrimination learning & cues, of slant, 3637
displaced vision & intermanual transfer of compensation, 4812
distortions in response to failure information, retardates, 9181
dot figures, figural goodness & redundancy, sorting, 12823
driving vehicles, observer motion & space perception, 13621
dynamic vision & alphanumeric symbol legibility, 13617
electrocutaneous digital stimulation & flash detection, 2207
encoding in visual serial position effect, 6152
English & Hebrew words, monocular, right vs left field, 2188
entoptic afterimage & apparent size judgment, 8339
estimation of perpendicularity & laying of right angles, 4824

monocular depth cues & relative height & size of trapezoid, 4805
motion aftereffect & flicker-fusion threshold, 3635
myopia & leveling-sharpening, 2182
numeral & letters legibility, 11574
observation responses to novel & complex & asymmetrical complex stimuli, preschool, 12145
otolith & nonotolith information, rotation, 12996
overlapping capital letters identification, age differences, 12811
paired-associate learning of inverted face & name, 2317
parallel line distortion in geometric field & size, 7240
parallel vs serial perceptual processing, backward masking, 9501
passively generated adaptation to prismatic distortion, 4900
pattern & visual noise, temporal factors, 3636
pattern complexity & semantic differential, 10674
pattern complexity & uncertainty, & preference, 10677
pattern discrimination, vs organizing for memory, 10682
pattern discrimination, fill & distortion & noise, 11732
pattern perception & stabilized retinal image, 10678
pattern preference in visual cliff, rat & chick, 7509
pattern recognition & body-object tilt, 6154
pattern solution & eye aiming behavior, 6164
pattern, information processing, 3634
patterns, coding system & judged complexity, 12820
percepts & color mosaics & exposure hypothesis, 12829
peripheral & moving background & anxiety, 4807
perspective, texture gradients, mathematical analysis, 9480
pictorial cognition using dot-image sequence, 7251
prism illusion & dislocated equivalence classes, 4795

prismatic transformation & aftereffect, 9469
prismatic, adaptation, hand position & target location, 9492
& proprioceptive adaptation & optical displacement of stimulus, 2179
psychiatric patient vs normal, 566
radial patterning, monocular, depth cues, 4802
reading speed vs restricted span of letters, 10685
relative height & background, 11710
& representation of taste mixture cross-modal matching, 4734
reticular & curved figures, & brightness, 4831
& reversibility of 3 dimensional objects, 8300
right-side-up vision, 2216
ring-disk sequence, brightness & stimulus duration, 4828
Rod & Frame Test, K-type, reliability & validity, 4814
scanning & defense mechanism of isolation, psychoanalytic view, 10673
scanning & filtering models, detection, 2189
scanning for target letters in random list & rate, 124
scanning task & visual & auditory interference & age, 9482
schizophrenia, electric shock treatment, 7907
schizophrenia, goodness of pattern, 3192
& school achievement & reading ability, 3rd grade, 8073
search & meaningful words in nonsense syllable list, 9497
search task, payoff & probability, 9477
search task, visual & acoustic confusability, 11716
search, differential value & exposure time, 7260
search, nonsense syllable, association value, 6156
sensory vs tonic factors, of vertical, pigeon, 7511
sequential part presentation & form perception, 3643
series effect in monocular perception of slant, 4821
shape-slant relations under reduction conditions, 11700
shape, drawing & matching methods, 11727
shape, intensity & exposure duration, 8332
sharp image hypotheses & moving objects, 4801
& short term memory, 8467
signal detectability & vigilance & background flash rate, 2204
signal detection, & auditory, & auxiliary stimuli, 6026
simultaneity & masking, successively presented letters, 12815
size constancy & familiarity, 11721
& size constancy, monocular vs binocular, 70
slant, monocular, 2195
slant, monocular, texture & linear perspective, 2194
sonar doppler discrimination & visual alertness indicator, 6169
space, psychophysics, 3641
spatial illusion, & tactual, 919
specialized receptive fields of retina, cat, 8586
speed & brain lesion locus, 1155
steeple effect & sex differences in marginal, & fantasy, 10692
stereoscopy, monocular, 2214
stimuli with ramp-like contours & brightness, 4825
stimulus configuration & incidence of completion phenomenon, 3652
stimulus configuration identification rate, 8338
structure of visual pattern associates & pattern goodness, 11714
subception & simple laboratory demonstration, 3612
subjective intensity & cross over effect, 3609
subjective intensity & cross over effect, reply, 3610
subjective judgments of vertical & tactile phenomena, 4783
subjective probability, of figures, 3648
subliminal, & generalization phenomena & UCS, 7263
subliminal, & instructional set, 7254
subliminal, & partial cue & pictorial stimuli, 7249
symbolized meaningful representations & real stimulation, 10676
tachistoscopic, & symmetry & stimulus variability, children, 9488
& tactile structure of forms & blind, 3614
& tactual perception relationship, 9457
target conspicuity & search performance prediction, 13606
target search & smoking, 8330
& taste, stimulation with histograms of taste mixtures, 11752
temporal order, latency & foveal & peripheral stimulation, 10687
texture patterns, & surround size, 8316
time intensity relation for absolute limen, 2215
time-intensity reciprocity & adaptation & backward masking, 4811
& touch & discrimination learning transfer, monkey, 5164
training & reading achievement, 1st grade, 11008
underwater size & distance estimation, 10684
verbal search task, development & decay of satiation, 9481
vertical line, & body tilt, pigeon, 12014
verticality, leg amputation & position, 11758
verticality, rod & frame, adaptation, 6153
verticals, models, & adaptation, 69
viewing time & physical determinants & 3 instructional sets, 11706
visual backward masking susceptibility & individual differences, 12813
visual cliff & electrified center board, chicks, 5170
& visual field & spatial orientation, 2192
visual field primacy, 7246
visual, of stabilized retinal images, & EEG pattern change, 1186

REFERENCE WORKS from G. K. HALL & CO.

CUMULATED SUBJECT INDEX to *PSYCHOLOGICAL ABSTRACTS*, 1927-1960

All entries and references in the detailed subject indexes of *Psychological Abstracts* for 1927-1960 have been cumulated in one alphabetical sequence, eliminating the need to consult 34 separate volumes to find all the listings on any given subject. Material on the same topic scattered under different headings through the years has been realigned, whenever possible, and brought together under the most accurate heading. Numerous cross-references have been added.

Estimated 350,000 entries, 2 volumes ***Price: $650.00***

First Supplement, 1961-1965

Supplements to the main *Cumulated Subject Index* will be cumulated by the staff of G. K. Hall & Co. Each supplement will span a five-year period.

CUMULATIVE AUTHOR INDEX to *PSYCHOLOGICAL INDEX*, 1894-1935 and *PSYCHOLOGICAL ABSTRACTS*, 1927-1958

Compiled by the staff of the Psychology Library at Columbia University, this index represents the bibliography of nearly every psychologist between 1894 and 1958. The actual author entries appearing in 42 volumes of *Psychological Index* and in 32 volumes of *Psychological Abstracts* have been cut out, pasted on cards, and filed into a single alphabetical sequence.

320,000 entries, 5 volumes ***Price: $295.00***

First Supplement, 1959-1963 43,100 cards, 1 volume ***Price: $90.00***

Second Supplement, 1964-1968 ***Price to be Announced***

Each supplement to the main *Cumulative Author Index* spans a five-year period, eliminating the need to consult five separate alphabets. The First Supplement was compiled by the staff of the Columbia Psychology Library. The second and subsequent supplements will be compiled by G. K. Hall & Co.

10% additional charge on orders outside the U. S.

Descriptive material on these titles and a complete catalog of publications are available on request.
